RAILROAD RETIREMENT BOARD

Proposed Collection; Comment Request

Summary: In accordance with the requirement of section 3506(c)(2)(A) of

the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board (RRB) will publish periodic summaries of proposed data collections.

Comments are invited on: (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

1. Title and purpose of information collection: Medical Reports; OMB 3220-0038

Under sections 2(a)(1)(iv) and 2(a)(1)(v) of the Railroad Retirement Act (RRA), annuities are payable to qualified railroad employees whose physical or mental condition makes them unable to (1) work in their regular occupation (occupational disability) or (2) work at all (permanent total disability). The requirements for establishing disability and proof of continuing disability under the RRA are prescribed in 20 CFR part 220.

Under Sections 2(c)(1)(ii)(C) and 2(d)(1)(ii) of the RRA, annuities are also payable to qualified spouses and widow(er)s, respectively, who have a qualifying child who became disabled before age 22. Annuities are also payable to surviving children on the basis of disability under section 2(d)(1)(iii)(C) if the child's disability began before age 22 as well as to widow(er)s on the basis of disability under section 2(d)(1)(i)(B). To meet the disability standard, the RRA provides that individuals must have a permanent

physical or mental condition such that they are unable to engage in any regular employment.

Under section 2(d)(1)(v) of the RRA, annuities are also payable to remarried widow(er)s and surviving divorced spouses on the basis of, among other things, disability or having a qualifying disabled child in care. However, the disability standard in these cases is that found in the Social Security Act. That is, individuals must be unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment. The RRB also determines entitlement to a Period of Disability and entitlement to early Medicare based on disability for qualified claimants in accordance with section 216 of the Social Security Act.

When making disability determinations, the RRB needs evidence from acceptable medical sources. The RRB currently utilizes Forms G-3EMP, Report of Medical Condition by Employer; G-197, Authorization to Release Medical Information to the Railroad Retirement Board; G-250, Medical Assessment; G-250A, Medical Assessment of Residual Functional Capacity; G-260, Report of Seizure Disorder; RL-11B, Disclosure of Hospital Medical Records; RL-11D, Disclosure of Medical Records from a State Agency; and RL-250, Request for Medical Assessment, to obtain the necessary medical evidence.

One response is requested of each respondent. Completion is voluntary. The RRB proposes minor editorial changes to Form G-197.

Estimate of Annual Respondent Burden

The estimated annual respondent burden is as follows:

Form Number	Annual Responses	Time (Minutes)	Burden (Hours)
G-3EMP	600	10	100
G-197	6,000	10	1,000
G-250	11,950	30	5,975
G-250A	50	20	17
G-260	100	25	42
RL-11B	5,000	10	833
RL-11D	250	10	42
RL-250	11,950	10	1,992
Total	35,900		10,001

2. Title and purpose of information collection: Student Beneficiary Monitoring; OMB 3220-0123

Under provisions of the Railroad Retirement Act (RRA), there are two types of benefit payments that are based on the status of a child being in full-

time elementary or secondary school attendance at age 18-19: a survivor child's annuity benefit under Section 2(d)(2)(iii) and an increase in the

employee retirement annuity under the Special Guaranty computation as prescribed in section 3(f)(3) and 20 CFR part 229.

The survivor student annuity is usually paid by direct deposit to a financial institution either into the student's checking or savings account or into a joint bank account with a parent. The requirements for eligibility as a student are prescribed in 20 CFR 216.74, and include students in independent study and home schooling.

To help determine if a child is entitled to student benefits, the RRB

requires evidence of full-time school attendance. This evidence is acquired through the RRB's student monitoring program, which utilizes the following forms. Form G-315, Student Questionnaire, obtains certification of a student's full-time school attendance as well as information on the student's marital status, Social Security benefits, and employment, which are needed to determine entitlement or continued entitlement to benefits under the RRA. Form G-315A, Statement of School Official, is used to obtain, from a school,

verification of a student's full-time attendance when the student fails to return a monitoring Form G-315. Form G-315A.1, School Official's Notice of Cessation of Full-Time School Attendance, is used by a school to notify the RRB that a student has ceased full-time school attendance. The RRB proposes no changes to the forms.

Estimate of Annual Respondent Burden

The estimated annual respondent burden is as follows:

Form Number	Annual Responses	Time (Minutes)	Burden (Hours)
G-315	860	15	215
G-315a	20	3	1
G-315a.1	20	2	1
Total	900		217

RAILROAD RETIREMENT BOARD

Agency Forms Submitted for OMB Review, Request for Comments

Summary: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Railroad Retirement Board (RRB) is forwarding three Information Collection Requests (ICR) to the Office of Information and Regulatory Affairs (OIRA), Office of Management and Budget (OMB). Our ICR describes the information we seek to collect from the public. Review and approval by OIRA ensures that we impose appropriate paperwork burdens.

The RRB invites comments on the proposed collections of information to determine (1) the practical utility of the collections; (2) the accuracy of the estimated burden of the collections; (3)

ways to enhance the quality, utility, and clarity of the information that is the subject of collection; and (4) ways to minimize the burden of collections on respondents, including the use of automated collection techniques or other forms of information technology. Comments to the RRB or OIRA must contain the OMB control number of the ICR. For proper consideration of your comments, it is best if the RRB and OIRA receive them within 30 days of the publication date.

1. *Title and Purpose of information collection:* Application for Reimbursement for Hospital Insurance Services in Canada; OMB 3220-0086.

Under section 7(d) of the Railroad Retirement Act (RRA), the RRB administers the Medicare program for persons covered by the railroad retirement system. Payments are provided under section 7(d)(4) of the RRA for medical services furnished in Canada to the same extent as for those furnished in the United States. However, payments for the services furnished in Canada are made from the Railroad Retirement Account rather than from the Federal Hospital Insurance Trust Fund, with the payments limited to the amount by which insurance benefits under Medicare exceed the amount payable under Canadian Provincial plans.

Form AA-104, Application for Canadian Hospital Benefits Under Medicare—Part A, is provided by the RRB to a claimant seeking reimbursement for covered hospital services received in Canada. The form obtains information needed to determine the eligibility of the applicant and the amount of any reimbursement

due. One response is requested of each respondent. Completion is required to obtain a benefit.

Previous Requests for Comments: The RRB has already published the initial 60-day notice (76 FR 29282 on May 20, 2011) required by 44 U.S.C. 3506(c)(2). That request elicited no comments.

Information Collection Request (ICR)

Title: Application for Reimbursement for Hospital Insurance Services in Canada

OMB Control Number: 3220-0086
Form(s) submitted: AA-104

Type of request: Revision of a currently approved collection

Affected public: Individuals or Households

Abstract: The Railroad Retirement Board administers the Medicare program for persons covered by the railroad retirement system. The collection obtains the information needed to determine eligibility and for the amount due for covered hospital services received in Canada.

Changes proposed: The RRB proposes non-burden impacting formatting and editorial changes to Form AA-104.

The burden estimate for the ICR is as follows:

Estimated Completion Time for Form AA-104: 10 minutes

Estimated annual number of respondents: 35

Total annual responses: 35

Total annual reporting hours: 6

2. *Title and Purpose of information collection:* Employee Non-Covered Service Pension Questionnaire; OMB 3220-0154.
