III. Summary of Public Comments Received and Agency Response to Comments

During the public comment period provided, EPA received no comments in response to the June 8, 2011 **Federal Register** notice (76 FR 33281) (FRL–8874–5) announcing the Agency’s receipt of the requests for voluntary amendments to terminate uses of products listed in Table 1.

IV. Cancellation Order

Pursuant to FIFRA section 6(f), EPA hereby approves the requested amendments to terminate uses of Tris Nitro registrations identified in Table 1 of Unit II. Accordingly, the Agency orders that the product registrations identified in Table 1 of Unit II. are hereby amended to terminate the affected uses. Any distribution, sale, or use of existing stocks of the products identified in Table 1 of Unit II. in a manner inconsistent with any of the Provisions for Disposition of Existing Stocks set forth in Unit VI. will be considered a violation of FIFRA.

V. What is the agency’s authority for taking this action?

Section 6(f)(1) of FIFRA provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, following the public comment period, the Administrator may approve such a request.

VI. Provisions for Disposition of Existing Stocks

EPA’s existing stocks policy that published in the **Federal Register** June 26, 1991 (56 FR 29362) (FRL–3845–4) provides that: “If a registrant requests to voluntarily cancel a registration where the Agency has identified no particular risk concerns, the registrant has complied with all applicable conditions of reregistration, conditional registration, and data call ins, and the registration is not subject to a Registration Standard, Label Improvement Program, or reregistration decision, the Agency will generally permit a registrant to sell or distribute existing stocks for 1 year after the cancellation request was received. Persons other than registrants will generally be allowed to sell, distribute, or use existing stocks until such stocks are exhausted.”

Existing stocks are those stocks of registered pesticide products which are currently in the United States and which were packaged, labeled, and released for shipment prior to the effective date of the cancellation action. The effective date of this cancellation is

August 26, 2011. The cancellation order that is the subject of this notice includes the following existing stock provisions:

The registrant may sell and distribute existing stocks of products listed in Table 1 until August 27, 2012. Persons other than the registrant may sell and distribute existing stocks of products listed in Table 1 until exhausted. Use of the products listed in Table 1 may continue until existing stocks are exhausted, provided that such use is consistent with the terms of the previously approved labeling on, or that accompanied, the amended products.

Clean Air Act Operating Permit Program; Response to Petition To Reopen the 2001 Title V Permit for Reliant Portland Generating Station, Upper Mount Bethel Township, Northampton County, PA

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of action denying petition to reopen Title V permit.

SUMMARY: Pursuant to the Clean Air Act (CAA), the Director of the EPA Region III Air Protection Division issued a letter, dated July 8, 2011, denying a petition, filed by New Jersey, asking that EPA reopen the 2001 Title V permit issued by the Pennsylvania Department of Environmental Protection (PADEP) to Reliant Energy Mid-Atlantic Power Holdings, LLC, for its Portland Generating Station in Northampton County, Pennsylvania.

FOR FURTHER INFORMATION CONTACT: Kathleen Cox, Associate Director, Office of Permits and Air Toxics, Air Protection Division, EPA Region III (3AP10), telephone (215) 814-2173; e-mail: cox.kathleen@epa.gov.

SUPPLEMENTARY INFORMATION:

I. How can I get copies of this document and other related information?

Copies of the letter responding to the Petition to Reopen, the Petition to Reopen and attachments to the Petition, and other relevant documents relating thereto are on file at the following location: Environmental Protection Agency, Region III, Air Protection Division (APD), 1650 Arch Street, Philadelphia, Pennsylvania 19103.

II. Background

On or about July 23, 2009, the New Jersey Attorney General's Office filed a petition to reopen the 2001 Title V permit issued to the Reliant Portland Generating Station in Northampton County, Pennsylvania. The petition to reopen followed a 2006 petition by New Jersey under Section 505(b)(2) of the Clean Air Act asking EPA to object to the issuance of a new Title V permit to Reliant Portland, and a subsequent 2008 petition from New Jersey asking EPA to reconsider its 2007 denial of the Petition to Object. EPA denied the petition for reconsideration. New Jersey also filed an appeal of EPA's initial denial of the petition to object, and an appeal of EPA's denial of the petition to reconsider, in the U.S. Court of Appeals for Third Circuit. Under the terms of a settlement agreement between EPA and New Jersey, New Jersey dismissed with prejudice its appeals and the United States agreed to respond to the petition to reopen within one year. This letter is EPA's response to the petition to reopen.

III. Judicial Review

Section 307(b)(1) of the Clean Air Act indicates which Federal Courts of Appeals have venue for petitions for review of final actions by EPA. For final actions which are not nationally applicable, Section 307(b)(1) provides that appeals shall be filed in the United

States Court of Appeals for the appropriate circuit. The denial of New Jersey's petition to reopen the 2001 Title V permit for the Reliant Portland Generating Station is a final action which is not nationally applicable. The Third Circuit Court of Appeals is the appropriate court of appeals. Section 307(b)(1) also requires that any petition for review must be filed within sixty (60) days from the date that this Notice is published in the **Federal Register**.

Dated: August 9, 2011.

Environmental Impacts Statements; Notice of Availability

Responsible Agency: Office of Federal Activities, General Information (202) 564-1399 or <http://www.epa.gov/compliance/nepa/>.

Weekly receipt of Environmental Impact Statements.

Filed 08/15/2011 through 08/19/2011. Pursuant to 40 CFR 1506.9.

Notice

In accordance with Section 309(a) of the Clean Air Act, EPA is required to make its comments on EISs issued by other Federal agencies public. Historically, EPA met this mandate by publishing weekly notices of availability of EPA comments, which includes a brief summary of EPA's comment letters, in the **Federal Register**. Since February 2008, EPA has included its comment letters on EISs on its Web site at: <http://www.epa.gov/compliance/nepa/eisdata.html>. Including the entire EIS comment letters on the Web site satisfies the Section 309(a) requirement to make EPA's comments on EISs available to the public. Accordingly, on March 31, 2010, EPA discontinued the publication of the notice of availability of EPA comments in the **Federal Register**.
