SUPPLEMENTARY INFORMATION:

I. Background

The Southeast Alaska purse seine salmon fishery is a commercial fishery in Alaska state waters and adjacent Federal waters. It encompasses the commercial taking of salmon with purse seine gear, and participation is limited to fishermen designated by the Alaska Commercial Fisheries Entry Commission (CFEC).

NMFS published proposed program regulations on May 23, 2011 (76 FR 29707), and final program regulations on October 6, 2011 (76 FR 61986), to implement the reduction program. Interested persons should review these for further program details. The final

regulations require NMFS to publish this notice before conducting a referendum to determine the industry's willingness to repay a fishing capacity reduction loan to purchase the permits identified in the reduction plan.

Subsequently, the Southeast Revitalization Association submitted a capacity reduction plan to NMFS and NMFS approved the plan.

As of February 24, 2012, there are 379 permits in the fishery designated as S01A by CFEC. These permanent permit holders are eligible to vote in the referendum. Comments may address: (1) Persons who appear on the below list but should not; (2) persons who do not appear on the list but should; (3) persons whose names and/or business mailing addresses are incorrect; and (4) any other pertinent matter. NMFS will update the list, as necessary, immediately before mailing referendum ballots. Mailed ballots will be accompanied by NMFS' detailed voting guidance.

Atlantic Shark Identification Workshops

Since January 1, 2008, Atlantic shark dealers have been prohibited from receiving, purchasing, trading, or bartering for Atlantic sharks unless a valid Atlantic Shark Identification Workshop certificate is on the premises of each business listed under the shark dealer permit which first receives Atlantic sharks (71 FR 58057; October 2, 2006). Dealers who attend and successfully complete a workshop are issued a certificate for each place of business that is permitted to receive sharks. These certificate(s) are valid for three years. Approximately 71 free Atlantic Shark Identification Workshops have been conducted since January 2007.

However, if a dealer opts to send a proxy, the dealer must designate a proxy for each place of business covered by the dealer's permit which first receives Atlantic sharks. Only one certificate will be issued to each proxy. A proxy must be a person who is currently employed by a place of business covered by the dealer's permit; is a primary participant in the identification, weighing, and/or first receipt of fish as they are offloaded from a vessel; and who fills out dealer reports. Atlantic shark dealers are prohibited from renewing a Federal shark dealer permit unless a valid Atlantic Shark Identification Workshop
