Full Text of Announcement**I. Funding Opportunity Description**

Purpose of Program: The Territories and Freely Associated States Education Grant (T&FASEG) program supports projects to raise student achievement through direct educational services. Grants are awarded competitively to local educational agencies (LEAs) in the U.S. Territories (American Samoa, the Commonwealth of the Northern Mariana Islands, Guam, and the Virgin Islands) and the Republic of Palau. The LEA may use grant funds to carry out activities authorized by the Elementary and Secondary Education Act of 1965, as amended (ESEA), including teacher training, curriculum development, the development or acquisition of instructional materials, and general school improvement and reform.

Under the T&FASEG program the Secretary awards grants for projects to—

(a) Conduct activities consistent with the programs described in the ESEA, including the types of activities authorized under—

(1) Title I of the ESEA—Improving the Academic Achievement of the Disadvantaged.

(2) Title II of the ESEA—Preparing, Training, and Recruiting High-Quality Teachers and Principals.

(3) Title III of the ESEA—Language Instruction for Limited English Proficient and Immigrant Students.

(4) Title IV of the ESEA—21st Century Schools.

(5) Title V of the ESEA—Promoting Informed Parental Choice and Innovative Programs; and

(b) Provide direct educational services that assist all students with meeting

challenging State academic achievement standards.

Note: The Secretary interprets the term “direct educational services” to mean—

(1) Activities that are designed to improve student achievement or the quality of education; and

(2) Instructional services for students and teacher training.

Priorities: Under this competition we are particularly interested in applications that address the following priorities.

Invitational Priorities: For FY 2012, these priorities are invitational priorities. Under 34 CFR 75.105(c)(1), we do not give an application that meets these invitational priorities a competitive or absolute preference over other applications.

These priorities are:

Priority 1—Standards and Assessments.

The Secretary is particularly interested in receiving applications that focus on developing standards in reading and language arts and mathematics that build toward college- and career-readiness by the time students graduate from high school. The Secretary encourages the development or use, or both, of a new generation of assessments that align with the college- and career-ready standards and that will better determine whether students have acquired the skills needed for success.

Priority 2—Effective Teachers and Leaders.

The Secretary is particularly interested in receiving applications that focus on recruiting and improving the effectiveness of teachers, principals, and administrative leaders through professional development and training in order to better meet the needs of students, especially students in high-need schools. Further, the Secretary is interested in receiving applications that focus on developing pathways and practices for preparing, placing, and supporting beginning teachers and principals in high-need schools.

Priority 3—Technology.

The Secretary is particularly interested in LEA projects that are designed to improve student achievement or teacher effectiveness through the use of high-quality digital tools or materials, which may include preparing teachers to use the technology to improve instruction, as well as developing, implementing, or evaluating digital tools or materials.

Program Authority: 20 U.S.C. 6331.

Applicable Regulations: The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 75, 77, 79, 80, 81, 82, 84, 85, 97, 98, and 99.

- Provide your DUNS number and TIN on your application; and
- Maintain an active CCR registration with current information while your application is under review by the Department and, if you are awarded a grant, during the project period.

However, please make certain that the TIN associated with your DUNS number is correct. Also note that you will need to update your CCR registration on an annual basis. This may take three or more business days to complete.

In addition, if you are submitting your application via Grants.gov, you must (1) be designated by your organization as an Authorized Organization Representative (AOR); and (2) register yourself with Grants.gov as an AOR. 7. *Other Submission Requirements:*

Applications for grants under this competition must be submitted electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.

a. *Electronic Submission of Applications.*

Applications for grants under the Territories and Freely Associated States

Education Grant Program competition, CFDA number 84.256A, must be submitted electronically using the Governmentwide Grants.gov Apply site at www.Grants.gov. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not email an electronic copy of a grant application to us.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under *Exception to Electronic Submission Requirement*.

You may access the electronic grant application for the Territories and Freely Associated States Education Grant competition at www.Grants.gov. You must search for the downloadable application package for this competition by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.256, not 84.256A).

Please note the following:

- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.
- Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30:00 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not accept your application if it is received—that is, date and time stamped by the Grants.gov system—after 4:30:00 p.m., Washington, DC time, on the application deadline date. We do not consider an application that does not comply with the deadline requirements. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30:00 p.m., Washington, DC time, on the application deadline date.
- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection.

Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this competition to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov under News and Events on the Department's G5 system home page at <http://www.G5.gov>.

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit your application in paper format.

- You must submit all documents electronically, including all information you typically provide on the following forms: The Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications.

- You must upload any narrative sections and all other attachments to your application as files in a PDF (Portable Document) read-only, non-modifiable format. Do not upload an interactive or fillable PDF file. If you upload a file type other than a read-only, non-modifiable PDF or submit a password-protected file, we will not review that material.

- Your electronic application must comply with any page-limit requirements described in this notice.

- After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipt by Grants.gov only, not receipt by the Department.) The Department then will retrieve your application from Grants.gov and send a second notification to you by email. This second notification indicates that the Department has received your application and has assigned your application a PR/Award number (an ED-specified identifying number unique to your application).

- We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System: If you are experiencing problems submitting your

application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30:00 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30:00 p.m., Washington, DC time, on the application deadline date, please contact the person listed under **FOR FURTHER INFORMATION CONTACT** in section VII of this notice and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the Grants.gov system and that that problem affected your ability to submit your application by 4:30:00 p.m., Washington, DC time, on the application deadline date. The Department will contact you after a determination is made on whether your application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

Exception to Electronic Submission Requirement: You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are unable to submit an application through the Grants.gov system because—

- You do not have access to the Internet; or
- You do not have the capacity to upload large documents to the Grants.gov system; and
- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an

exception prevent you from using the Internet to submit your application.

If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.

Address and mail or fax your statement to: Collette Fisher, U.S. Department of Education, 400 Maryland Avenue SW., Room 3W227, LBJ, Washington, DC 20202-6400. Fax: (202) 205-5870.

If you mail your application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:

- A private metered postmark.
- A mail receipt that is not dated by the U.S. Postal Service.

If your application is postmarked after the application deadline date, we will not consider your application.

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office.

c. Submission of Paper Applications by Hand Delivery.

If you qualify for an exception to the electronic submission requirement, you (or a courier service) may deliver your paper application to the Department by

hand. You must deliver the original and two copies of your application by hand, on or before the application deadline date, to the Department at the following address: U.S. Department of Education, Application Control Center, Attention: (CFDA Number 84.256A), 550 12th Street SW., Room 7041, Potomac Center Plaza, Washington, DC 20202-4260.

VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Reporting: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/

[fund/grant/apply/appforms/appforms.html](#).

4. Performance Measures: The Department has developed the following three performance measures for evaluating the effectiveness of the T&FASEG program:

(1) The percentage of teachers participating in professional development activities under the T&FASEG program who demonstrate progress toward State teacher certification;

(2) The percentage of students participating in reading programs under the T&FASEG program who score proficient or above in reading on State assessments; and

(3) The percentage of students participating in mathematics programs under the T&FASEG program who score proficient or above in mathematics on State assessments.

These measurements constitute the Department's indicators of success for this program. Consequently, we advise an applicant for a grant under this program to give careful consideration to these measures in conceptualizing the approach and evaluation for its proposed project. Each grantee will be required to provide, in its annual performance and final reports, data about its progress in meeting these measures.

5. Continuation Awards: In making a continuation award, the Secretary may consider, under 34 CFR 75.253, the extent to which a grantee has made "substantial progress toward meeting the objectives in its approved application." This consideration includes the review of a grantee's progress in meeting the targets and projected outcomes in its approved application, and whether the grantee has expended funds in a manner that is consistent with its approved application and budget. In making a continuation grant, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

Full Text of Announcement**I. Funding Opportunity Description**

Purpose of Program: The purpose of the Enhanced Assessment Instruments Grant program, also called the Enhanced Assessment Grants (EAG) program, is to enhance the quality of assessment instruments and systems used by States for measuring the academic achievement of elementary and secondary school students.

In 2012, the Department is holding two separate competitions for FY 2011 EAG funds. The competition announced in this notice (EAG ELP Competition) (CFDA No. 84.368A-1) will support the development of a system of English language proficiency assessments aligned with a common set of English language proficiency standards that correspond to a common set of college- and career-ready standards in English language arts and mathematics, and, in so doing, will give priority to collaborative efforts among States in developing these assessments. Elsewhere in this issue of the **Federal Register**, we are publishing a notice inviting applications for a separate competition for FY 2011 EAG funds to be awarded in 2012 (EAG Accessibility Competition) (CFDA No. 84.368A-2). The Department may use any unused funds from the competition announced in this notice to make awards in the EAG Accessibility Competition. Conversely, the Department may use any unused funds from the EAG Accessibility Competition to make awards in the competition announced in this notice.

Priorities: This competition includes five absolute priorities and one competitive preference priority. In accordance with 34 CFR 75.105(b)(2)(iv), absolute priorities 1 through 4 (Statutory Priorities) are based on section 6112 of the Elementary and Secondary Education Act of 1965, as amended (ESEA) (20 U.S.C. 7301a). Absolute priority 5 (Regulatory Priority) and competitive preference priority 1 are from the notice of final priorities, requirements, definitions, and selection criteria published in the **Federal Register** on April 19, 2011 (76 FR 21986).

Absolute Priorities: For awards made from this competition in 2012 with FY 2011 funds, and any subsequent year in which we make awards from the list of unfunded applicants from this competition, these priorities are

absolute priorities. Under 34 CFR 75.105(c)(3) we consider only applications that meet: (a) one or more of the Statutory Priorities (Absolute Priorities 1 through 4) and (b) the Regulatory Priority (Absolute Priority 5).

These priorities are:

Absolute Priority 1—Collaboration. Collaborate with institutions of higher education, other research institutions, or other organizations to improve the quality, validity, and reliability of State academic assessments beyond the requirements for these assessments described in section 1111(b)(3) of the ESEA.

Absolute Priority 2—Use of Multiple Measures of Student Academic Achievement. Measure student academic achievement using multiple measures of student academic achievement from multiple sources.

Absolute Priority 3—Charting Student Progress Over Time. Chart student progress over time.

Absolute Priority 4—Comprehensive Academic Assessment Instruments. Evaluate student academic achievement through the development of comprehensive academic assessment instruments, such as performance- and technology-based academic assessments.

Absolute Priority 5—English Language Proficiency Assessment System.

To meet this priority, an applicant must propose a comprehensive plan to develop an English language proficiency assessment system that is valid, reliable, and fair for its intended purpose. Such a plan must include the following features:

(a) *Design.* The assessment system must—

(1) Be designed for implementation in multiple States;

(2) Be based on a common definition of *English learner* adopted by the applicant State and, if the applicant applies as part of a consortium, adopted and held in common by all States in the consortium, where common with respect to the definition of “English learner” means identical for purposes of the diagnostic (e.g., screener or placement) assessments and associated achievement standards used to classify students as English learners as well as the summative assessments and associated achievement standards used to exit students from English learner status;

(3) At a minimum, include diagnostic (e.g., screener or placement) and summative assessments;

(4) Measure students’ English proficiency against a set of English language proficiency standards held by
