BILLING CODE 4910-06-P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket Number FRA-2000-7094]

Petition for Waiver of Compliance

In accordance with Part 211 of Title 49 of the Code of Federal Regulations (CFR), this document provides the public notice that by a document dated April 19, 2012, Pioneer Valley Railroad (PVR) has petitioned the Federal Railroad Administration (FRA) for an extension of its waiver of compliance from a provision of the Federal hours of service laws contained at 49 U.S.C. 21103(a), as authorized by 49 U.S.C. 21102(b). FRA assigned the petition docket number FRA-2000-7094.

In its petition, PVR seeks relief from 49 U.S.C. 21103(a)(2), which prohibits a train employee from remaining or going on duty for a period in excess of 12 consecutive hours. Title 49 U.S.C. 21102(b) allows railroads with 15 or fewer employees to petition for exemption from the restriction outlined at 49 U.S.C. 21103(a)(2), but the exemption may not authorize a carrier to require or allow its employees to be on duty more than a total of 16 hours in a 24-hour period. In support of the request, PVR explained that its safety record is excellent and that an allowance for a train employee to exceed 12 hours of time on duty would only be used during emergencies and not as part of normal operations.

A copy of the petition, as well as any written communications concerning the

petition, is available for review online at www.regulations.gov and in person at the U.S. Department of Transportation's (DOT) Docket Operations Facility, 1200 New Jersey Ave. SE., W12-140, Washington, DC 20590. The Docket Operations Facility is open from 9 a.m. to 5 p.m., Monday through Friday, except Federal holidays.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number and may be submitted by any of the following methods:

BILLING CODE P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket Number FRA-2012-0049]

Petition for Waiver of Compliance

In accordance with Part 211 of Title 49 Code of Federal Regulations (CFR), this document provides the public notice that by a document dated May 4, 2012, Union Pacific Railroad (UP) has petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR part 235. FRA assigned the petition Docket Number FRA-2012-0049.

UP seeks relief from the requirements of 49 CFR 235.5 to expedite successful installation of Positive Train Control (PTC), mandated by the Rail Safety Improvement Act of 2008. UP will be updating first-generation, nonmicroprocessor-based coded track circuitry; eliminating certain searchlight signal mechanisms; and relocating some signals or making other changes that may require submission of an application and that have not been previously addressed. In requesting this waiver, UP proposes to perform minimal modifications to existing signal systems, while maintaining compliance with 49 CFR part 236, in the same manner and process as provided for under 49 CFR 235.7(c)(24)(vi). This relief will allow for expedited beneficial modification of existing signal systems in preparation for the installation of PTC, and it would reduce the administrative workload for both FRA and UP. Additionally, this relief would reduce the approval delay, while still providing FRA review and oversight of the proposed changes in the same manner as pole line elimination projects.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov and in person at the U.S. Department of Transportation's (DOT) Docket Operations Facility, 1200 New Jersey Avenue SE., W12-140, Washington, DC 20590. The Docket Operations Facility is open from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments.
