Records Governing Off-the-Record Communications

Public Notice

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt of prohibited and exempt off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive a prohibited or exempt off-the-record communication relevant to the merits of a contested proceeding, to deliver to the Secretary of the Commission, a copy of the communication, if written, or a summary of the substance of any oral communication.

Prohibited communications are included in a public, non-decisional file associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication shall serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications are included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).

The following is a list of off-the-record communications recently received by the Secretary of the Commission. The communications listed are grouped by docket numbers in ascending order. These filings are available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at *http://www.ferc.gov* using the eLibrary link. AGENCY: Environmental Protection Agency.

ACTION: Notice; request for public comment.

SUMMARY: In accordance with Section 122(i) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended (''CERCLA''), notice is hereby given by the U.S. Environmental Protection Agency (''EPA''), Region 2, of a proposed de minimis administrative settlement agreement and order on consent pursuant to Section 122(g)(4) of CERCLA, between EPA and American Axle & Manufacturing, Inc., Amersham Health, Inc., Bishop & Associates, City of San Diego, County Board of Arlington, Virginia, Energy Solutions Services, Inc., Scientific Ecology Group, Inc., Genesys Regional Medical Center, Ingot Metal Company, Ltd., Purina Mills, LLC, Shred-A-Can Recyclers, Ltd., Triumvirate Environmental, Inc., and Waste Management of Michigan, Inc. (hereafter ''Settling Parties'') pertaining to the Mercury Refining Superfund Site (''Site'') located in the Towns of Guilderland and Colonie, Albany County, New York. The settlement requires specified individual payments by each Settling Party to the EPA Hazardous Substance Superfund Mercury Refining Superfund Site Special Account, which combined total $79,028.49. Each Settling Party's individual settlement amount is considered to be that party's fair share of cleanup costs incurred and anticipated to be incurred in the future, plus a ''premium'' that accounts for, among other things, uncertainties associated with the costs of that future work at the Site. The settlement includes a covenant not to sue pursuant to Sections 106 and 107 of CERCLA, relating to the Site, subject to limited reservations, and protection from contribution actions or claims as provided by Sections 113(f)(2) and 122(g)(5) of CERCLA. For thirty (30) days following the date of publication of this notice, EPA will receive written comments relating to the settlement. EPA will consider all comments received and may modify or withdraw its consent to the settlement if comments received disclose facts or considerations that indicate that the proposed settlement is inappropriate, improper, or inadequate.

EPA's response to any comments received will be available for public inspection at EPA Region II, 290 Broadway, New York, New York 10007–1866.

DATES: Comments must be submitted on or before September 27, 2012.

ADDRESSES: The proposed settlement is available for public inspection at EPA Region 2 offices at 290 Broadway, New York, New York 10007–1866.
