**SUPPLEMENTARY INFORMATION:** Title 49 of the U.S. Code 47134 authorizes the Secretary of Transportation, and through delegation, the FAA Administrator, to exempt a sponsor of a public use airport that has received Federal assistance, from certain Federal requirements in connection with the privatization of the airport by sale or lease to a private party. Specifically, the Administrator may exempt the sponsor from all or part of the requirements to use airport revenues for airport-related purposes, to pay back a portion of Federal grants upon the sale of an airport, and to return airport property deeded by the Federal Government upon transfer of the airport. The Administrator is also authorized to exempt the private purchaser or lessee from the requirements to use all airport revenues for airport-related purposes, to the extent necessary to permit the purchaser or lessee to earn compensation from the operations of the airport.

On September 16, 1997, the Federal Aviation Administration issued a notice of procedures to be used in applications for exemption under Airport Privatization Pilot Program (Notice of final application procedures for the Airport Privatization Pilot program: *Application Procedures*, 62 **Federal Register** 48693-48708 (September 16, 1997) (Notice) (as modified, 62 FR 63211, Nov. 26, 1997). A request for participation in the Pilot Program must be initiated by the filing of either a preliminary or final application for exemption with the Federal Aviation Administration.

The Puerto Rico Ports Authority and Puerto Rico Public-Private Partnerships Authority submitted a preliminary application to the Airport Privatization Pilot Program for Luis Muñoz Marín International Airport on December 1,

2009, the filing date of the preliminary application. On December 22, 2009, the Federal Aviation Administration advised the Puerto Rico Ports Authority and Puerto Rico Public-Private Partnerships Authority that the agency accepted the application for review and that they may select a private operator, negotiate an agreement and submit a final application. The preliminary application is posted on <http://www.regulations.gov> in Docket Number FAA 2009-1144 and is available for public review.

On September 10, 2012, the Puerto Rico Ports Authority and Puerto Rico Public-Private Partnerships Authority filed its final application. The Puerto Rico Ports Authority and Puerto Rico Public-Private Partnerships Authority selected Aerostar Airport Holdings, LLC, (AEROSTAR) to operate the Airport under a 40-year lease. The Puerto Rico Ports Authority will receive \$615 million upon signing the lease and annual revenue payments over the life of the lease. In the final application, the Puerto Rico Ports Authority requested an exemption under 49 U.S.C. 47134(b)(1) to permit the Puerto Rico Ports Authority to use revenue from the lease of airport property for non-airport purposes and under 49 U.S.C. 47134(b)(2) to forego the repayment of Federal grants; and AEROSTAR asked for an exemption under 49 U.S.C. 47134(b)(3) to permit them to earn compensation from the operation of the airport.

The purpose of the public meeting scheduled for September 28, 2012, is to accept oral comments on the Luis Muñoz Marín International Airport final application, for inclusion in Docket Number FAA 2009-1144. The meeting will be recorded by a court reporter. A transcript of the meeting and any material accepted by the panel during the meeting will be included in the public docket posted on <http://www.regulations.gov>. The Federal panel will not be able to discuss the application or the pending agency decision because the final application is presently before the agency for a decision. Spanish/English translation will be made available at the meeting. Sign and oral interpretation can be made available at the meeting, if requested 10 calendar days before the meeting.

As part of its review of the final application, the FAA will consider all comments, written and oral, that are submitted by interested parties during the 60-day comment period for this notice.

Issued in Washington, DC, on September 11, 2012.
