These systems of records are those systems maintained by the NRC that contain personal information about individuals from which information is retrieved by an individual's name or identifier.

The notice for each system of records states the name and location of the

record system, the authority for and manner of its operation, the categories of individuals that it covers, the types of records that it contains, the sources of information in those records, and the routine uses of each system of records. Each notice also includes the business address of the NRC official who will inform interested persons of the procedures whereby they may gain access to and request amendment of records pertaining to them.

The Privacy Act provides certain safeguards for an individual against an invasion of personal privacy by requiring Federal agencies to protect records contained in an agency system of records from unauthorized disclosure, ensure that information is current and accurate for its intended use, and that adequate safeguards are provided to prevent misuse of such information.

**Prefatory Statement of General Routine Uses**

The following routine uses apply to each system of records notice set forth below which specifically references this Prefatory Statement of General Routine Uses.

1. A record from this system of records which indicates a violation of civil or criminal law, regulation or order may be referred as a routine use to a Federal, State, local or foreign agency that has authority to investigate, enforce, implement or prosecute such laws. Further, a record from this system of records may be disclosed for civil or criminal law or regulatory enforcement purposes to another agency in response to a written request from that agency's head or an official who has been delegated such authority.

2. A record from this system of records may be disclosed as a routine use to a Federal, State, local, or foreign agency to obtain information relevant to an NRC decision concerning hiring or retaining an employee, letting a contract or issuing a security clearance, license, grant or other benefit.

3. A record from this system of records may be disclosed as a routine use to a Federal, State, local, or foreign agency requesting a record that is relevant and necessary to its decision on a matter of hiring or retaining an employee, issuing a security clearance, reporting an investigation of an employee, letting a contract, or issuing a license, grant, or other benefit.

4. A record from this system of records may be disclosed as a routine use in the course of discovery; in presenting evidence to a court, magistrate, administrative tribunal, or grand jury or pursuant to a qualifying

order from any of those; in alternative dispute resolution proceedings, such as arbitration or mediation; or in the course of settlement negotiations.

5. A record from this system of records may be disclosed as a routine use to a Congressional office from the record of an individual in response to an inquiry from the Congressional office made at the request of that individual.

6. A record from this system of records may be disclosed as a routine use to NRC-paid experts or consultants, and those under contract with the NRC on a "need-to-know" basis for a purpose within the scope of the pertinent NRC task. This access will be granted to an NRC contractor or employee of such contractor by a system manager only after satisfactory justification has been provided to the system manager.

7. A record from this system of records may be disclosed as a routine use to appropriate agencies, entities, and persons when: (1) The NRC suspects or has confirmed that the security or confidentiality of information in the system of records has been compromised; (2) the NRC has determined that as a result of the suspected or confirmed compromise there is a risk of harm to economic or property interests, identity theft or fraud, or harm to the security or integrity of this system or other systems or programs (whether maintained by the NRC or another agency or entity) that rely upon the compromised information; and (3) the disclosure to be made to such agencies, entities, and persons is reasonably necessary to assist in connection with the NRC's efforts to respond to the suspected or confirmed compromise and prevent, minimize, or remedy such harm.

**ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:**

In accordance with an interagency agreement, the NRC may disclose records to the DOI/NBC as the service provider for the NRC core financial system. In addition to the disclosures permitted under subsection (b) of the Privacy Act, the NRC may disclose information contained in this system of records without the consent of the subject individual if the disclosure is compatible with the purpose for which the record was collected under the following routine uses or, where determined to be appropriate and necessary, the NRC may authorize DOI/NBC to make the disclosure:

a. To debt collection contractors (31 U.S.C. 3718) or to other Federal agencies such as the Department of the Treasury (Treasury) and DOI for the purpose of collecting and reporting on delinquent debts as authorized by the Debt Collection Act of 1982 or the Debt Collection Improvement Act (DCIA) of 1996;

b. To Treasury; the Defense Manpower Data Center, Department of Defense; the United States Postal Service; government corporations; or any other Federal, State, or local agency to conduct an authorized computer matching program in compliance with the Privacy Act of 1974, as amended, to identify and locate individuals, including Federal employees, who are delinquent in their repayment of certain debts owed to the U.S. Government, including those incurred under certain programs or services administered by the NRC, in order to collect debts under common law or under the provisions of the Debt Collection Act of 1982 or the Debt Collection Improvement Act of 1996 which include by voluntary repayment, administrative or salary offset, and referral to debt collection contractors;

c. To the Department of Justice, United States Attorney, Treasury, DOI, or other Federal agencies for further

collection action on any delinquent account when circumstances warrant;

d. To credit reporting agencies/credit bureaus for the purpose of either adding to a credit history file or obtaining a credit history file or comparable credit information for use in the administration of debt collection. As authorized by the DCIA, NRC may report current (not delinquent) as well as delinquent consumer and commercial debt to these entities in order to aid in the collection of debts, typically by providing an incentive to the person to repay the debt timely;

e. To any Federal agency where the debtor is employed or receiving some form of remuneration for the purpose of enabling that agency to collect a debt owed the Federal Government on NRC's behalf by counseling the debtor for voluntary repayment or by initiating administrative or salary offset procedures, or other authorized debt collection methods under the provisions of the Debt Collection Act of 1982 or the DCIA of 1996. Under the DCIA, NRC may garnish non-Federal wages of certain delinquent debtors so long as required due process procedures are followed. In these instances, NRC's notice to the employer will disclose only the information that may be necessary for the employer to comply with the withholding order;

f. To the Internal Revenue Service (IRS) by computer matching to obtain the mailing address of a taxpayer for the purpose of locating such taxpayer to collect or to compromise a Federal claim by NRC against the taxpayer under 26 U.S.C. 6103(m)(2) and under 31 U.S.C. 3711, 3717, and 3718 or common law. Re-disclosure of a mailing address obtained from the IRS may be made only for debt collection purposes, including to a debt collection agent to facilitate the collection or compromise of a Federal claim under the Debt Collection Act of 1982 or the DCIA of 1996, except that re-disclosure of a mailing address to a reporting agency is for the limited purpose of obtaining a credit report on the particular taxpayer. Any mailing address information obtained from the IRS will not be used or shared for any other NRC purpose or disclosed by NRC to another Federal, State, or local agency which seeks to locate the same taxpayer for its own debt collection purposes;

g. To refer legally enforceable debts to the IRS or to Treasury's Debt Management Services to be offset against the debtor's tax refunds under the Federal Tax Refund Offset Program;

h. To prepare W-2, 1099, or other forms or electronic submittals, to forward to the IRS and applicable State

and local governments for tax reporting purposes. Under the provisions of the DCIA, NRC is permitted to provide Treasury with Form 1099-C information on discharged debts so that Treasury may file the form on NRC's behalf with the IRS. W-2 and 1099 Forms contain information on items to be considered as income to an individual, including certain travel related payments to employees, payments made to persons not treated as employees (e.g., fees to consultants and experts), and amounts written-off as legally or administratively uncollectible, in whole or in part;

i. To banks enrolled in the Treasury Credit Card Network to collect a payment or debt when the individual has given his or her credit card number for this purpose;

j. To another Federal agency that has asked the NRC to effect an administrative offset under common law or under 31 U.S.C. 3716 to help collect a debt owed the United States. Disclosure under this routine use is limited to name, address, SSN, EIN, TIN, ITIN, and other information necessary to identify the individual; information about the money payable to or held for the individual; and other information concerning the administrative offset;

k. To Treasury or other Federal agencies with whom NRC has entered into an agreement establishing the terms and conditions for debt collection cross servicing operations on behalf of the NRC to satisfy, in whole or in part, debts owed to the U.S. Government. Cross servicing includes the possible use of all debt collection tools such as administrative offset, tax refund offset, referral to debt collection contractors, salary offset, administrative wage garnishment, and referral to the Department of Justice. The DCIA requires agencies to transfer to Treasury or Treasury-designated Debt Collection Centers for cross servicing certain nontax debt over 180 days delinquent. Treasury has the authority to act in the Federal Government's best interest to service, collect, compromise, suspend, or terminate collection action under existing laws under which the debts arise;

l. Information on past due, legally enforceable nontax debts more than 180 days delinquent will be referred to Treasury for the purpose of locating the debtor and/or effecting administrative offset against monies payable by the Government to the debtor, or held by the Government for the debtor under the DCIA's mandatory, Government-wide Treasury Offset Program (TOP). Under TOP, Treasury maintains a database of all qualified delinquent nontax debts,

and works with agencies to match by computer their payments against the delinquent debtor database in order to divert payments to pay the delinquent debt. Treasury has the authority to waive the computer matching requirement for NRC and other agencies upon written certification that administrative due process notice requirements have been complied with;

m. For debt collection purposes, NRC may publish or otherwise publicly disseminate information regarding the identity of delinquent nontax debtors and the existence of the nontax debts under the provisions of the DCIA of 1996;

n. To the Department of Labor (DOL) and the Department of Health and Human Services (HHS) to conduct an authorized computer matching program in compliance with the Privacy Act of 1974, as amended, to match NRC's debtor records with records of DOL and HHS to obtain names, name controls, names of employers, addresses, dates of birth, and TINs. The DCIA requires all Federal agencies to obtain taxpayer identification numbers from each individual or entity doing business with the agency, including applicants and recipients of licenses, grants, or benefit payments; contractors; and entities and individuals owing fines, fees, or penalties to the agency. NRC will use TINs in collecting and reporting any delinquent amounts resulting from the activity and in making payments;

o. If NRC decides or is required to sell a delinquent nontax debt under 31 U.S.C. 3711(l), information in this system of records may be disclosed to purchasers, potential purchasers, and contractors engaged to assist in the sale or to obtain information necessary for potential purchasers to formulate bids and information necessary for purchasers to pursue collection remedies;

p. If NRC has current and delinquent collateralized nontax debts under 31 U.S.C. 3711(i)(4)(A), certain information in this system of records on its portfolio of loans, notes and guarantees, and other collateralized debts will be reported to Congress based on standards developed by the Office of Management and Budget, in consultation with Treasury;

q. To Treasury in order to request a payment to individuals owed money by the NRC;

r. To the National Archives and Records Administration or to the General Services Administration for records management inspections conducted under 44 U.S.C. 2904 and 2906; and

s. For any of the routine uses specified in the Prefatory Statement of General Routine Uses.

**DISCLOSURES TO CONSUMER REPORTING AGENCIES:**
