SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-69029; File No. SR-NSX-2013-08]

Self-Regulatory Organizations; National Stock Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Its Fee and Rebate Schedule

March 4, 2013.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act" or "Exchange Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on February 26, 2013, National Stock Exchange, Inc. ("NSX" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change, as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comment on the proposed rule change from interested persons.

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is proposing to amend its Fee and Rebate Schedule (the "Fee Schedule") issued pursuant to Exchange Rule 16.1(a) to charge Equity Trading Permit ("ETP") Holders³ \$0.0020 per share when using a Midpoint-Seeker Order⁴ in the Exchange's automatic execution mode of interaction ("Auto-Ex Mode")⁵ to remove liquidity in a security that is priced at or above \$1.00.

The text of the proposed rule change is available on the Exchange's Web site at www.nsx.com, at the Exchange's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Section I of its Fee Schedule to charge ETP Holders \$0.0020 per share when using a Midpoint-Seeker Order in the Exchange's Auto-Ex Mode to remove liquidity in a security that is priced at or above \$1.00. The Midpoint Seeker Order is an Immediate-or-Cancel ("IOC")⁶ order that ETP Holders may use to execute against orders that are posted on the NSX Book⁷ at a price equal to or better than the midpoint of

³ Exchange Rule 1.5 defines the term "ETP" as an Equity Trading Permit issued by the Exchange for effecting approved securities transactions on the Exchange's Trading Facilities.

⁴ NSX Rule 11.11(c)(13). See also SR-NSX-2013-07.

⁵ Under Auto-Ex mode the Exchange matches and executes like-priced orders in accordance with the process described in Exchange Rule 11.13(b)(1).

⁶ Under Exchange Rule 11.11(b)(1), an "Immediate-or-Cancel Order" is a "limit order that is to be executed in whole or in part as soon as such order is received, and the portion not so executed" is to be cancelled.

⁷ Exchange Rule 1.5. "NSX Book" is defined as "System's electronic file of orders."

the Protected National Best Bid or Offer (“NBBO”).⁸

Under Section I of the Fee Schedule, the Exchange currently charges ETP Holders that do not execute at least 50,000 shares of added liquidity in a month using the Exchange’s Auto-Ex Mode a per share fee of \$0.0030 for any marketable order that removes liquidity. ETP Holders that execute more than 50,000 shares of added liquidity per month in Auto-Ex Mode are eligible for fees and rebates under either the Variable or Fixed Fee Schedules under Section I. Instead of paying the above described fees when removing liquidity in Auto-Ex Mode, ETP Holders will now pay the proposed lower fixed fee of \$0.0020 per share when using the Midpoint-Seeker Order to remove liquidity in securities priced at or above \$1.00.⁹ The Exchange believes the proposed fee will encourage (i) ETP Holders that want to interact with Midpoint-Seeker Orders to post additional liquidity on the NSX Book, and (ii) ETP Holders that are seeking executions at prices better than the Protected NBBO to use the Midpoint-Seeker Order. The Exchange does not propose to amend the fee for securities priced below \$1.00.

Operative Date and Notice

The Exchange intends to make the proposed modifications, which are effective upon filing, operative as of the commencement of trading on March 1, 2013. Pursuant to Exchange Rule 16.1(c), the Exchange will “provide ETP Holders with notice of all relevant dues, fees, assessments and charges of the Exchange” through the issuance of an Information Circular and will post a copy of the rule filing on the Exchange’s Web site (www.nsx.com).

2. Statutory Basis

The Exchange believes that the proposed fixed fee for Midpoint-Seeker Orders that remove liquidity is consistent with the provisions of Section 6(b) of the Act,¹⁰ in general, and Section 6(b)(4) of the Act,¹¹ in particular, in that it is reasonable and equitably allocated amongst ETP Holders because all ETP Holders are eligible to submit (or not submit) these types of orders, and may do so at their discretion during the course of the

month. The lower per share fee for the Midpoint-Seeker Order is a reasonable method to encourage (i) ETP Holders that want to interact with Midpoint-Seeker Orders to post additional liquidity on the NSX Book, and (ii) ETP Holders that are seeking executions at prices better than the Protected NBBO to use the Midpoint-Seeker Order. The increased liquidity provided by additional order flow to the Exchange benefits all investors by offering additional potential for execution and cost savings. Furthermore, the Exchange believes that the proposed lower fee for Midpoint-Seeker Orders is consistent with the provisions of Section 6(b)(5) of the Act,¹² because it is not unfairly discriminatory amongst ETP Holders. As stated above, ETP Holders are eligible to submit (or not submit) these types of orders, and may do so at their discretion during the course of the month.

Finally, the Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues. In such an environment, the Exchange must continually review, and consider adjusting, its fees and rebates to remain competitive with other exchanges. For the reasons described above, the Exchange believes that the proposed rule change reflects this competitive environment.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. ETP Holders using the Midpoint-Seeker Order will be charged a lower per share fee for removing liquidity rather than being charged the Exchange’s standard fees under Section I of the Fee Schedule. The lower per share fee is designed to increase liquidity by encouraging ETP Holders to use Midpoint-Seeker Orders. As stated above, the Exchange operates in a highly competitive market in which market participants can readily favor competing venues. In such an environment, the Exchange must continually review, and consider adjusting, its fees and rebates to remain competitive with other exchanges.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The proposed rule change has taken effect upon filing pursuant to Section 19(b)(3)(A)(ii) of the Exchange Act¹³ and subparagraph (f)(2) of Rule 19b-4.¹⁴ At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

March 4, 2013.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the "Act")² and Rule 19b-4 thereunder,³ notice is hereby given that, on February 26, 2013, NYSE MKT LLC (the "Exchange" or "NYSE MKT") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory

organization. On March 1, 2013, the Exchange submitted Amendment No. 1 to the proposed rule change.⁴ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to adopt (i) Exchange Rule 953.1NY to provide for how the Exchange proposes to treat orders, market-making quoting obligations, and errors in response to the Regulation NMS Plan to Address Extraordinary Market Volatility; and (ii) to amend Exchange Rule 953NY to codify that the Exchange shall halt trading in all options overlying NMS stocks when the equities markets initiate a market-wide trading halt due to extraordinary market volatility. II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes (i) to adopt Exchange Rule 953.1NY to provide for how the Exchange proposes to treat orders, market-making quoting obligations, and errors in response to the Regulation NMS Plan to Address Extraordinary Market Volatility (the "Plan"), which is applicable to all NMS stocks, as defined in Regulation NMS Rule 600(b)(47); and (ii) to amend Exchange Rule 953NY to codify that the Exchange shall halt trading in all

options when the equities markets initiate a market-wide trading halt due to extraordinary market volatility. The Exchange proposes to adopt new Rule 953.1NY for a pilot period that coincides with the pilot period for the Plan, which is currently scheduled as a one-year pilot to begin on February 4, 2013 [sic].

Background

Since May 6, 2010, when the markets experienced excessive volatility in an abbreviated time period, *i.e.*, the "flash crash," the equities exchanges and FINRA have implemented market-wide measures designed to restore investor confidence by reducing the potential for excessive market volatility. The measures adopted include pilot plans for stock-by-stock trading pauses,⁵ related changes to the equities market clearly erroneous execution rules,⁶ and more stringent equities market maker quoting requirements.⁷ On May 31, 2012, the Commission approved the Plan, as amended, on a one-year pilot basis.⁸ In addition, the Commission approved changes to the equities market-wide circuit breaker rules on a pilot basis to coincide with the pilot period for the Plan.⁹

The Plan is designed to prevent trades in individual NMS stocks from occurring outside of specified Price Bands.¹⁰ As described more fully below, the requirements of the Plan are coupled with Trading Pauses to accommodate more fundamental price moves (as opposed to erroneous trades or momentary gaps in liquidity). All trading centers in NMS stocks, including both those operated by Participants and those operated by members of Participants, are required to establish, maintain, and enforce written policies and procedures that are
