

DEPARTMENT OF JUSTICE**Notice of Lodging of Proposed Consent Decree Under the Safe Drinking Water Act**

On Wednesday, October 23, 2013, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the District of Utah (Central Division) in the lawsuit entitled *United States v. Newfield Production Company*, Civil Action No. 2:13-cv-00968-DN. To settle the claims against it under the Safe Drinking Water Act ("SDWA"), Newfield Production Company ("Newfield") will pay a civil penalty of \$600,000, and demonstrate adequate financial assurance through the use of a surety bond through the end of 2013, and thereafter by either the continued use of a surety bond or the use of financial statement with specified restrictions and reporting requirements. In return, the United States will grant Newfield a covenant not to sue or take administrative action pursuant to the SDWA for the civil violations alleged in the Complaint, filed simultaneously with the Consent Decree.

The case was brought under Section 1423 of the SDWA, 42 U.S.C. 300h-2, against Newfield for failure to demonstrate adequate financial responsibility for its Class II oil-related injection wells located in the Monument Butte Well Field, substantially on the Uintah & Ouray Indian Reservation in the State of Utah. Newfield failed to meet all of the five financial ratio tests required for the use of financial statement for fiscal years 2009 and 2010. This was a violation of Section 1423 of the SDWA, 42 U.S.C. 300h-2; the requirements of the Underground Injection Control ("UIC") program found at 40 CFR 144.52(a)(7); and Section F of Newfield's UIC permits. Newfield obtained alternate financial assurance on September 27, 2010, through a Surety Bond with a Standby Trust Agreement, which remains in place at this time.

The publication of this notice opens a period for public comment on the Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States v. Newfield Production Company*, D.J. Ref. SUPPLEMENTARY INFORMATION: Consistent with Occupational Safety and Health Act (OSH Act) section 21 authority, the OSHA created two educational programs—the OSHA Training Institute (OTI) Education Centers Program and the OSHA Outreach Training Program. To be a participant in the OTI Education Centers Program or the Outreach Training Program, an individual/organization must provide the OSHA with certain information. The requested information is necessary to evaluate the applicant organization and to implement, oversee, and monitor the OTI Education Centers and Outreach Training Programs, courses, and trainers. The information collection requirements include the following: Application to become an OSHA Training Institute Education Center (OTI Education Center); OTI Education Centers Monthly Summary Report for the OTI Education Centers and the Outreach Training Program Monthly Summary Report; Statement of Compliance with Outreach Training Program Requirements; Outreach Training Program Report Forms (includes Construction, General Industry, Maritime, and Disaster Site);

Online Outreach Training Program Report; Active Trainer List; OSHA Training Institute Student Survey (OSHA Form 49 11–05 Edition) (OMB 1225–0059); Attendance Documentation for OTI Education Centers; Outreach Online Training Certification Statement; Instructor and Staff Resumes (this includes anyone who may be assigned to conduct OSHA classes, contractor, subcontractor, employee, adjunct professor, etc.; and Course Material, upon Request by the OSHA from OTI Education Centers. The ICR has been classified as a revision, because the OSHA seeks to add two forms recording (1) outreach trainer audits and (2) activities outside of an OSHA region where the education center is located.

These information collections are subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1218–0262.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on October 31, 2013; however, it should be noted that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on August 5, 2013 (78 FR 47419).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section by November 30, 2013. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1218–0262. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.
