

information from the company's files, and presenting it in a format that will meet the requirements of section 413 of the FD&C Act will require a burden of approximately 20 hours of work per submission.

We estimate that 55 respondents will submit one premarket notification each and that it will take a respondent 20 hours to prepare the notification, for a total of 1,100 hours. The estimated number of premarket notifications and hours per response is an average based on our experience with notifications received during the last 3 years and information from firms that have submitted recent premarket notifications.

OMB's "Mandatory Information Requirements for Federal Assistance Program Announcements" (45 FR 39592, June 11, 1980) requires a statement concerning the official government programs contained in the Catalog of Federal Domestic Assistance. Normally NIH lists in its announcements the number and title of affected individual programs for the guidance of the public. Because the guidance in this notice covers virtually every NIH and Federal research program in which DNA recombinant molecule techniques could be used, it has been determined not to be cost effective or in the public interest to attempt to list these programs. Such a list would likely require several additional pages. In addition, NIH could not be certain that every Federal program would be included as many Federal agencies, as well as private organizations, both national and international, have elected to follow the NIH Guidelines. In lieu of the individual program listing, NIH invites readers to direct questions to the information address above about whether individual programs listed in the Catalog of Federal Domestic Assistance are affected.

(Catalogue of Federal Domestic Assistance Program Nos. 93.14, Intramural Research Training Award; 93.22, Clinical Research Loan Repayment Program for Individuals from Disadvantaged Backgrounds; 93.232, Loan Repayment Program for Research Generally; 93.39, Academic Research Enhancement Award; 93.936, NIH Acquired Immunodeficiency Syndrome Research Loan Repayment Program; 93.187, Undergraduate Scholarship Program for Individuals from Disadvantaged Backgrounds, National Institutes of Health, HHS)

SUPPLEMENTARY INFORMATION: FEMA Office of External Affairs, Public Affairs Division, is implementing the Salesforce Customer Relationship Management (CRM) system to improve the response to correspondences from individuals seeking information from a FEMA program office pursuant to Exec. Order No. 13411, which calls for improvements to the delivery of Federal disaster assistance by providing disaster survivors with “prompt and efficient access to Federal disaster assistance, as well as information regarding assistance available from State and local government and private sector sources.” The Salesforce CRM provides a centralized portal to manage frequently asked questions relating to Federal, State, local, and tribal information.

Collection of Information

Title: The Salesforce Customer Relationship Management System Web-form allowing an Individual to Submit Correspondence to FEMA.

OMB Number: 1660-NEW.

Type of Information Collection: New information collection.

FEMA Forms: None.

Abstract: FEMA correspondence teams respond to questions from individuals covering various topics. Depending on the topic searched, the CRM queries the database of pre-approved questions and answers. If the search result does not provide the desired answer, the citizen is provided a link to the web-form to submit their inquiry (i.e. question/comment) to the proper component (i.e. program office) for a response. In general, a citizen’s inquiry may range from publications requests, how to apply for grants, or reimbursement criterion. The minimal collection of Personally Identifiable Information (PII) is necessary for FEMA correspondence teams to carry out their mission of responding to citizens who seek assistance.

Affected Public: Individuals or households; Business or other for-profit; Not-for-profit institutions; Farms; Federal Government; State, Local, Tribal Government.

Number of Respondents: 25,000.

Number of Responses: 25,000.

Estimated Total Annual Burden

Hours: 833 hours.

ESTIMATED ANNUALIZED BURDEN HOURS AND COSTS
