FEDERAL COMMUNICATIONS COMMISSION

[CC Docket No. 92-237; DA 13-2227]

GSA Approves Renewal of North American Numbering Council Charter Through September 20, 2015

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: On November 20, 2013, the Commission released a public notice announcing GSA's approval of the renewal of the North American Numbering Council charter through September 20, 2015. The intended effect of this action is to make the public aware of the renewal of the North American Numbering Council charter.

DATES: Renewed through September 20, 2015.

ADDRESSES: Competition Policy Division, Wireline Competition Bureau, Federal Communications Commission, The Portals II, 445 12th Street SW., Suite 5-C162, Washington, DC 20554.

FOR FURTHER INFORMATION CONTACT: Carmell Weathers, Special Assistant to the Designated Federal Officer (DFO) at (202) 418-2325 or carmell.weathers@fcc.gov. The fax number is: (202) 418-1413. The TTY number is: 1-888-835-5322.

SUPPLEMENTARY INFORMATION: The General Services Administration (GSA) has renewed the charter of the North American Numbering Council (NANC or Council) through September 20, 2015. The Council will continue to advise the Federal Communications Commission (Commission) on rapidly evolving and significant number administration issues facing the telecommunications industry.

In October 1995, the Commission established the NANC, a federal advisory committee created pursuant to the Federal Advisory Committee Act, 5 U.S.C., App. 2 (1988), to advise the Commission on issues related to North American Numbering Plan (NANP) administration. The NANP is the telephone numbering plan for the United States and its territories, Canada, Bermuda, and 17 Caribbean nations. The Commission filed the original charter of the Council on October 5, 1995, and established an initial two-year term. The Wireline Competition Bureau has renewed this charter every two years since that date. Since the last charter renewal, the Council has made recommendations to the Commission on important number administration matters, such as technical requirements related to a new Local Number Portability Administrator contract. The NANC also submitted recommendations on ways to improve local number porting, such as standardizing customer information and revising carrier procedures. In addition, the Council provided detailed annual evaluations of the current North American Numbering Plan Administrator, the Pooling Administrator, and the Billing and Collection Agent. It will continue to evaluate the performances of these

entities annually. The Council is presently considering recommendations on other important number administration-related issues that will require work beyond the term of the present charter.

The value of this federal advisory committee to the telecommunications industry and to the American public cannot be overstated. Telephone numbers are the means by which consumers gain access to, and reap the benefits of, the public switched telephone network. The Council's recommendations to the Commission will ensure that telephone numbers are available to all telecommunications service providers on a fair and equitable basis, consistent with the requirements of the Telecommunications Act of 1996.

Federal Communications Commission.

Sanford S. Williams,

Attorney, Wireline Competition Bureau.

FEDERAL HOUSING FINANCE AGENCY

[No. 2013-N-18]

Fannie Mae and Freddie Mac Loan Purchase Limits: Request for Public Input on Implementation Issues

AGENCY: Federal Housing Finance Agency.

ACTION: Notice; input accepted.

The Federal Housing Finance Agency (FHFA) is requesting public input on implementation issues associated with a contemplated reduction in loan purchase limits by the Federal National Mortgage Association (Fannie Mae) and the Federal Home Loan Mortgage Corporation (Freddie Mac) (together, the Enterprises). Each Enterprise must set its loan purchase limits at or below the maximum limits, which are determined by statutory formulas. The maximum limits for 2014 were published by FHFA on November 26, 2013. A decrease in the Enterprises' loan limits below the statutory maximums is one means of reducing the Enterprises' financial

market footprint pursuant to FHFA's Strategic Plan for Enterprise Conservatorships. Other means of reducing the Enterprises' footprint relate to their single-family mortgage guarantee business and include increasing guarantee fees and engaging in risk-sharing transactions.

The basic premise of these measures is as follows: with an uncertain future and a desire for private capital to re-enter the market, the Enterprises' market presence should be reduced gradually over time. In addition, at the end of 2012, the amount of taxpayer capital available to support the Enterprises' outstanding debt and mortgage-backed securities obligations became fixed. Limiting their risk exposure is vital to maintaining the adequacy of the remaining capital support through the financial support agreements between the Enterprises and the U.S. Department of the Treasury. Finally, a taxpayer-backed conservatorship provides a significant subsidy to the mortgage market that limits private capital participation and underprices risk in the market.

The contemplated action described below is a plan and not a final decision. The requested public input will be carefully reviewed before FHFA decides whether and how to proceed with the planned reductions in Freddie Mac's and Fannie Mae's loan purchase limits. In short, no final decision on loan purchase limits will be made until all input is reviewed. The changes contemplated in this Request for Public Input will not affect loans originated before October 1, 2014.

The remainder of this Request for Public Input sets forth: FHFA's legal authority for directing the Enterprises to set loan purchase limits below the maximum loan limits; the planned approach to reduce the Enterprises' loan limits; and a request for public input regarding implementation of the plan. An appendix to this Request for Public Input includes analysis describing the potential impact of the plan.

Background

FHFA's Legal Authority for Setting the Enterprises' Loan Purchase Limits

In their chartering acts, the Enterprises are authorized to purchase mortgages up to specified limits, as adjusted annually; 12 U.S.C. 1717(b) and 12 U.S.C. 1454(a). The statutes provide that each Enterprise ". . . shall establish limitations governing the maximum original principal obligation of conventional mortgages that are purchased by it. . . . Such limitations shall not exceed [the loan limits] . . ."
