

costs on tribal governments or preempt tribal law.

*B. Submission to Congress and the Comptroller General*

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

*C. Petitions for Judicial Review*

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by July 7, 2014. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action.

This action to approve Delaware’s regional haze five-year progress report SIP revision may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)

**List of Subjects in 40 CFR Part 52**

Environmental protection, Air pollution control, Incorporation by reference, Intergovernmental relations, Nitrogen oxides, Particulate matter, Reporting and recordkeeping

requirements, Sulfur dioxide, Volatile organic compounds.

Dated: April 21, 2014.

**W.C. Early,**

*Acting Regional Administrator, Region III.*

40 CFR part 52 is amended as follows:

**PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS**

■ 1. The authority citation for part 52 continues to read as follows:

**Authority:** 42 U.S.C. 7401 *et seq.*

**Subpart I—Delaware**

■ 2. In § 52.420, the table in paragraph (e) is amended by adding the entry for Regional Haze Five-Year Progress Report at the end of the table to read as follows:

**§ 52.420 Identification of plan.**

**Technical Amendments to Inadvertent Errors in Air Quality Designations for Fine Particles, Ozone, Lead, Nitrogen Dioxide and Sulfur Dioxide**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Direct final rule.

**SUMMARY:** The Environmental Protection Agency (EPA) is taking direct final action to make technical amendments to address several minor, inadvertent and nonsubstantive errors in the regulatory text establishing the air quality designations for certain areas in fourteen states for the 1997 Fine Particles (PM<sub>2.5</sub>) National Ambient Air Quality Standard (NAAQS), the 2008 Ozone NAAQS, the 2008 Lead NAAQS,

the 2010 Nitrogen Dioxide (NO<sub>2</sub>) NAAQS and the 2010 Sulfur Dioxide (SO<sub>2</sub>) NAAQS. The states are: Alabama, Florida, Georgia, Idaho, Indiana, Iowa, Minnesota, Missouri, North Carolina, Ohio, Oregon, Tennessee, Washington and Wisconsin. This action does not change the designation for any area.

**DATES:** This rule is effective on August 4, 2014 without further notice, unless the EPA receives adverse comment by June 4, 2014. If the EPA receives adverse comment, we will publish a timely withdrawal in the **Federal Register** informing the public that this rule, or the relevant provisions of this rule, will not take effect.

**ADDRESSES:** Submit your comments, identified by Docket ID No. EPA–HQ–OAR–2013–0802, by one of the following methods:

- *www.regulations.gov.* Follow the on-line instructions for submitting comments.
- *Email:* [a-and-r-Docket@epamail.epa.gov](mailto:a-and-r-Docket@epamail.epa.gov), Attention Docket ID No. EPA–HQ–OAR–2013–0802.
- *Fax:* (202) 566–1541, Attention Docket ID No. EPA–HQ–OAR–2013–0802.
- *Mail:* Docket ID No. EPA–HQ–OAR–2013–0802, Environmental

Protection Agency, Mailcode: 6102T, 1200 Pennsylvania Ave. NW., Washington, DC 20460.

• *Hand Delivery:* EPA Docket Center, U.S. Environmental Protection Agency, 1301 Constitution Avenue NW., Room: 3334, Mail Code: 6102T, Washington, DC 20460, Attention Docket ID No. EPA–HQ–OAR–2013–0802. Such deliveries are only accepted during the Docket’s normal hours of operation, and special arrangements should be made for deliveries of boxed information.

*Instructions:* Direct your comments to Docket ID No. EPA–HQ–OAR–2013–0802. The EPA’s policy is that all comments received will be included in the public docket without change and may be made available online at [www.regulations.gov](http://www.regulations.gov), including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through [www.regulations.gov](http://www.regulations.gov), or email. The [www.regulations.gov](http://www.regulations.gov) Web site is an “anonymous access” system, which means the EPA will not know your identity or contact information

unless you provide it in the body of your comment. If you send an email comment directly to the EPA without going through [www.regulations.gov](http://www.regulations.gov), your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, the EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If the EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, the EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption and be free of any defects or viruses. For additional information about commenting on this rule, see section II of this document. For additional information about the EPA's public docket, visit the EPA Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>.

**Docket:** All documents in the docket are listed in the index at <http://www.regulations.gov>. Although listed in the index, some information is not publicly available, i.e., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically through <http://www.regulations.gov> or in hard copy at the EPA's Docket Center, Public Reading Room, William Jefferson Clinton West Building, Room 3334, 1301 Constitution Avenue NW., Washington, DC 20004. This Docket Center is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the Air Docket is (202) 566-1742.

Documents related to the affected designations are available in the following dockets:

- Designations for the 1997 PM<sub>2.5</sub> NAAQS: Docket ID No. EPA-HQ-OAR-2003-0061;
- Designations for the 2008 Ozone NAAQS: Docket ID No. EPA-HQ-OAR-2008-0476;
- Designations for the 2008 Lead NAAQS: Docket ID No. EPA-HQ-OAR-2009-0443;
- Designations for the 2010 NO<sub>2</sub> NAAQS: Docket ID No. EPA-HQ-OAR-2011-0572; and

Designations for the 2010 SO<sub>2</sub> NAAQS: Docket ID No. EPA-HQ-OAR-2012-0233.

In addition, the EPA has established Web sites for the designation rulemakings at: <http://www.epa.gov/pmdesignations/>, <http://www.epa.gov/ozonedesignations/>, <http://www.epa.gov/leaddesignations/>, <http://www.epa.gov/no2designations/> <http://www.epa.gov/so2designations/>.

**FOR FURTHER INFORMATION CONTACT:**

Carla Oldham, Office of Air Quality Planning and Standards, U.S. Environmental Protection Agency, Mail Code C539-04, Research Triangle Park, N.C. 27711, phone number (919) 541-3347 or by email at: [oldham.carla@epa.gov](mailto:oldham.carla@epa.gov).

  - K. Congressional Review Act
  - L. Judicial Review

**I. Why is the EPA using a direct final rule?**

The EPA is publishing this direct final rule without a prior proposed rule because we view this as a noncontroversial action and anticipate no adverse comment. This action makes technical amendments to address several minor, inadvertent and nonsubstantive errors in the regulatory text that established the air quality designations for certain areas for several NAAQS. However, in the "Proposed Rules" section of this **Federal Register**, we are publishing a separate document that will serve as the proposed rule to make the technical amendments if adverse comments are received on this direct final rule. We will not institute a second comment period on this action. Any parties interested in commenting must do so at this time. For further information about commenting on this rule, see the **ADDRESSES** section and section II of this document.

If the EPA receives adverse comment, we will publish a timely withdrawal in the **Federal Register** informing the public that this direct final rule will not take effect. We would address all public comments in any subsequent final rule based on the proposed rule. If we receive adverse comment on a distinct provision of this rulemaking, we will publish a timely withdrawal in the **Federal Register** indicating which provisions we are withdrawing. The provisions that are not withdrawn will become effective on the date set out above, notwithstanding adverse comment on any other provision.

**II. What should I consider as I prepare my comments for EPA?**

**A. Submitting CBI**

Do not submit this information to the EPA through [www.regulations.gov](http://www.regulations.gov) or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to the EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2. Send or deliver information identified as CBI only to the following address: Roberto Morales, OAQPS Document Control Officer (C404-02), U.S. EPA,

Research Triangle Park, NC 27711,  
Attention Docket ID No. EPA-HQ-  
OAR-2013-0802.

#### B. Tips for Preparing Your Comments

When submitting comments, remember to:

- Identify the rulemaking by docket number and other identifying information (subject heading, **Federal Register** date and page number).
- Follow directions—The agency may ask you to respond to specific questions or organize comments by referencing a Code of **Federal Register** (CFR) part or section number.
- Explain why you agree or disagree; suggest alternatives and substitute language for your requested changes.
- Describe any assumptions and provide any technical information and/or data that you used.
- Provide specific examples to illustrate your concerns and suggest alternatives.
- Explain your views as clearly as possible.
- Make sure to submit your comments by the comment period deadline identified.

#### III. What is the purpose of this action?

Whenever the EPA establishes a new NAAQS, section 107(d) of the Clean Air Act (CAA) requires the EPA to designate all areas of the country as meeting or not meeting the new NAAQS, or as unclassifiable where available information does not support a determination whether an area is meeting the NAAQS. The area designations and boundaries for each NAAQS are set forth in tables in the CFR at 40 CFR part 81.

This action makes technical amendments to minor, inadvertent and nonsubstantive errors in the 40 CFR part 81 regulatory text concerning the air quality designations for certain areas in fourteen states for the 1997 PM<sub>2.5</sub> NAAQS, the 2008 Ozone NAAQS, the 2008 Lead NAAQS, the 2010 NO<sub>2</sub> NAAQS and the 2010 SO<sub>2</sub> NAAQS. These states are: Alabama, Florida, Georgia, Idaho, Indiana, Iowa, Minnesota, Missouri, North Carolina, Ohio, Oregon, Tennessee, Washington and Wisconsin. The affected areas and the inadvertent errors to be corrected are discussed in section IV and the revisions to the regulatory text are provided at the end of this preamble. This action does not change the designation for any area.

#### IV. What are the technical amendments to inadvertent errors in prior designations?

##### A. Technical Amendments Concerning Designations for the 1997 PM<sub>2.5</sub> Annual NAAQS

In an action signed on December 17, 2004, the EPA promulgated air quality designations for the 1997 annual PM<sub>2.5</sub> NAAQS (70 FR 944; January 5, 2005). The EPA designated Chattanooga as a multi-state nonattainment area that includes parts of Tennessee, Georgia and Alabama. As the naming convention for identifying multi-state nonattainment areas, the EPA uses the initials for all states that are partially or wholly included in the area. For the Chattanooga nonattainment area, the EPA inadvertently omitted the state initials for Alabama and identified the area as Chattanooga, TN-GA in the 40 CFR part 81 tables designation tables. Therefore, it is not evident when looking at the area name in the 40 CFR part 81 tables for Tennessee and Georgia that the area includes a portion of Alabama. The EPA is correcting the area name to be Chattanooga, TN-GA-AL.

##### B. Technical Amendments Concerning Designations for the 2008 Ozone NAAQS

In an action signed on April 30, 2012, the EPA promulgated air quality designations for the 2008 ozone NAAQS (77 FR 30088; May 21, 2012). By letter dated January 28, 2014, the North Carolina Department of Environment and Natural Resources notified the EPA that there were errors in the 40 CFR part 81 designation table for North Carolina. Specifically, North Carolina pointed out that Concord Township in Cabarrus County and Gold Hill Township in Rowan County were not listed as part of the Charlotte-Rock Hill, NC-SC nonattainment area.

In March 2009, and again in October 2011, North Carolina recommended that the counties of Cabarrus, Gaston, Lincoln, Mecklenburg, Rowan, Union, in their entirety and a portion of Iredell County be designated as “nonattainment.” After evaluating North Carolina’s recommendation, in December 2011, the EPA notified North Carolina that it intended to designate those areas as part of the Charlotte-Rock Hill, NC-SC nonattainment area. On February 29, 2012, North Carolina submitted an updated recommendation requesting that for Cabarrus, Gaston, Lincoln, Rowan and Union Counties, the EPA only include certain townships in the nonattainment area. North Carolina provided a multi-factor technical analysis for each county to

support the partial county boundaries and provided maps identifying the townships the state recommended as nonattainment. The EPA evaluated the new technical information and concluded it was appropriate to include the partial counties, as recommended by North Carolina, as part of the designated nonattainment area. The technical analyses for Cabarrus and Rowan Counties and the nonattainment area maps are clear that Concord Township in Cabarrus County and Gold Hill Township in Rowan County were intended to be included as part of the nonattainment area. However, the two counties were not listed in Table 1 of their recommendation. In preparing the 40 CFR part 81 designation table, the EPA relied on Table 1 for its list of counties included as part of the nonattainment area, and thus inadvertently did not include Concord and Gold Hill Townships. Therefore, the EPA is correcting the errors by listing Concord Township in Cabarrus County and Gold Hill Township in Rowan County as part of that Charlotte-Rock Hill, NC-SC nonattainment area, consistent with the state’s recommendation and the analysis in the record.

In an action signed on May 31, 2012, the EPA promulgated the air quality designation for the 2008 Ozone NAAQS for several counties in Illinois, Indiana and Wisconsin (77 FR 34221; June 11, 2012). The EPA designated all or parts of 11 counties as the Chicago-Naperville, IL-IN-WI nonattainment area, including part of Kenosha County, WI. In the 40 CFR part 81 table for Wisconsin, the EPA described the included part of Kenosha County in terms of townships, based on historical maps that the EPA has since learned are no longer in general use. Therefore, the EPA is replacing the description of the boundary for the included part of the county with an alternative description that is easily recognizable and well defined in existing maps and documents in current use. The alternative partial county description is “The portion of Kenosha County bounded by the Lake Michigan shoreline on the East, the Kenosha County boundary on the North, the Kenosha County boundary on the South and the I-94 corridor (including the entire corridor) on the West.”

##### C. Technical Amendments Concerning Designations for the 2008 Lead NAAQS

The EPA completed the designations for the 2008 Lead NAAQS in two final rules. The EPA promulgated the first rule designating certain areas for the 2008 Lead NAAQS in an action signed on November 16, 2010 (75 FR 71033;

November 22, 2010) and the second rule designating all remaining areas on November 8, 2011 (76 FR 72097; November 22, 2011).

The EPA is correcting inadvertent errors in the entries for two areas in the 40 CFR part 81 tables for the lead designations. In the second rule, the EPA inadvertently omitted the word "County" in the name of the lead nonattainment area in Iowa and identified it as "Pottawattamie, IA" rather than "Pottawattamie County, IA." The EPA is adding "County" to the area name. The area is correctly identified as "Pottawattamie County, IA" in the Technical Support Document (TSD) for the area, which is available in the docket (EPA-HQ-OAR-2009-0443-0491).

In the second rule designating areas for the 2008 Lead NAAQS, the EPA also reformatted the existing lead designation tables in 40 CFR part 81. For the "Iron, Dent, and Reynolds Counties, MO" nonattainment area, which was designated in the first rule, a typographical error occurred when the tables were reformatted, which resulted in the designation effective date for the included portion of Dent County being listed in the 40 CFR part 81 table as 2/31/10 rather than 12/31/10. The effective date was correct in the original table included in the first rule. The EPA is correcting the typographical error. The effective date for the other portions of the nonattainment area is correctly identified as 12/31/10, consistent with the effective date for all other areas designated in the first designation rule.

#### *D. Technical Amendments Concerning Designations for the 2010 NO<sub>2</sub> NAAQS*

In an action signed on January 20, 2012, the EPA promulgated air quality designations for the 2010 NO<sub>2</sub> NAAQS (77 FR 9532; February 17, 2012). The EPA designated all areas as unclassifiable/attainment. In letters sent in June 2011, from the EPA Regional Administrators to the states, the EPA indicated it intended to designate all areas of the country as unclassifiable/attainment using the boundaries each state had recommended to the EPA or using revised boundaries each state might provide in response to the letter. The EPA recommended that the states consider the implications for the prevention of significant deterioration permitting program if the entire state were designated as a single area rather than as several smaller areas.

For the states of Indiana, Minnesota and Washington, the EPA inadvertently designated areas according to the state's original recommendations rather than the revised boundary recommendations

submitted by these states. For Idaho and Oregon, the EPA designated areas according to the EPA's interpretation of each state's original recommendation. Subsequently, the states informed the EPA that the agency had interpreted their recommendations incorrectly. The EPA is correcting the listings of the unclassifiable/attainment areas for each of these five states in accordance with their recommendations as discussed below.

For Indiana, the EPA designated four counties separately and designated the remaining counties in the states collectively as "Rest of State." By letter dated July 29, 2011, from Thomas W. Easterly, Commissioner of the State of Indiana, to Susan Hedman, EPA Regional Administrator, Indiana responded to the EPA's June 2011 letter concerning designations for the NO<sub>2</sub> NAAQS. Indiana said it "wishes to make it clear that each county within the state should be classified under the standard separately." The EPA is correcting the listing of the of unclassifiable/attainment areas in Indiana to list those remaining counties as separate areas.

For Minnesota, the EPA designated all areas in the state unclassifiable/attainment collectively as "State of Minnesota." By letter dated August 9, 2011, from Paul W. Assen, Commissioner of Minnesota, to Susan Hedman, EPA Regional Administrator, Minnesota provided revised recommendations in response to the EPA's June 2011 letter concerning designations for the NO<sub>2</sub> NAAQS. Minnesota recommended that the EPA "make a designation for each county within Minnesota." The EPA is correcting the listing of the unclassifiable/attainment areas in Minnesota to list each county as a separate area.

For Washington, the EPA designated all areas in the state unclassifiable/attainment collectively as "State of Washington." By letter dated August 19, 2011, from Ted Sturdevant, Director of the State of Washington Department of Ecology, to Dennis J. McLerran, EPA Regional Administrator, Washington clarified the state's recommendations in response to the EPA's June 2011 letter concerning designations for the NO<sub>2</sub> NAAQS. Washington recommended that all six of the state's Air Quality Control Regions (AQCRs) be designated unclassifiable/attainment. The EPA is correcting the listing of the unclassifiable/attainment areas in Washington to list the areas by AQCRs.

For Idaho, the EPA designated the unclassifiable/attainment areas by AQCRs, according to the EPA's

interpretation of the state's December 17, 2010, recommendation from Toni Hardesty, Director of the Idaho Department of Environmental Quality to Dennis J. McLerran, EPA Regional Administrator. Subsequently, in conversation with the EPA, Idaho clarified that the state had wanted a statewide area designation for the NO<sub>2</sub> NAAQS rather than listing each AQCR as a separate area. The EPA is correcting the listings of the unclassifiable/attainment areas for Idaho to specify one statewide unclassifiable/attainment area in accordance with the state's original recommendation, as clarified.

For Oregon, the EPA designated each county separately as an unclassifiable/attainment area according to the EPA's interpretation of the state's January 21, 2011, recommendation from Governor John Kitzhaber, MD to Dennis J. McLerran, EPA Regional Administrator. Subsequently, in conversation with the EPA, Oregon clarified that the state had wanted all areas in the state to be designated collectively as one statewide area for the NO<sub>2</sub> NAAQS rather than by separate counties. The EPA is correcting the listings of the unclassifiable/attainment areas for Oregon to specify one statewide unclassifiable/attainment area in accordance with the state's original recommendation, as clarified.

#### *E. Technical Amendments Concerning Designations for the 2010 SO<sub>2</sub> NAAQS*

In an action signed on July 25, 2013, the EPA promulgated the initial designations for certain areas for the 2010 SO<sub>2</sub> NAAQS (78 FR 47191; August 5, 2013). The EPA is correcting inadvertent errors in descriptions for two of the areas.

The EPA designated part of Hillsborough County, Florida as nonattainment. In the 40 CFR part 81 table for Florida, the EPA described the boundary of the nonattainment portion of the county as: "That portion of Hillsborough County encompassed by the polygon with the vertices using Universal Traverse Mercator (UTM) coordinates in UTM zone 17 with datum NAD83 as follows: (1) Vertices—UTM Easting (m) 35881, UTM Northing 3076066; (2) vertices—UTM Easting (m) 355673, UTM Northing 3079275; (3) vertices—UTM Easting (m) 360300, UTM Northing 3086380; (4) vertices—UTM Easting (m) 366850, UTM Northing 3086692; (5) vertices—UTM Easting (m) 368364, UTM Northing 3083760; and (6) vertices—UTM Easting (m) 365708, UTM Northing 3079121." Under (1) of the boundary description, the EPA made a typographical error that omitted a digit in identifying the UTM Easting (m) vertice. The EPA is

correcting the error so that the number reads as “358581” rather than “35881.” This correction is consistent with the TSD for the nonattainment area, which is available in the docket (EPA–HQ–OAR–2012–0233–0307) and on the SO<sub>2</sub> designations Web site.

For the Campbell-Clermont Counties, KY-OH SO<sub>2</sub> nonattainment area, the entry for the area in the 40 CFR part 81 table for Ohio indicates that only part of Clermont County is included in the nonattainment area, but the boundary description for the included part was inadvertently omitted. Therefore, the EPA is adding the partial county description to read “Pierce Township” as provided in the TSD (EPA–HQ–OAR–2012–0233–0313) for the nonattainment area, which is available in the docket and on the SO<sub>2</sub> designations Web site.

## V. Statutory and Executive Order Reviews

### A. Executive Order 12866: Regulatory Planning and Review and Executive Order 13563: Improving Regulation and Regulatory Review

This action makes technical amendments to minor, inadvertent and nonsubstantive errors in prior area designations. This type of action is exempt from review under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011).

### B. Paperwork Reduction Act

This action does not impose an information collection burden under the provisions of the Paperwork Reduction Act, 44 U.S.C. 3501 *et seq.* Burden is defined at 5 CFR 1320.3(b). This action corrects minor, inadvertent and nonsubstantive errors in prior area designations and does not require any party to perform an information collection.

### C. Regulatory Flexibility Act

The Regulatory Flexibility Act (RFA) generally requires an agency to prepare a regulatory flexibility analysis of any rule subject to notice and comment rulemaking requirements under the Administrative Procedure Act or any other statute unless the agency certifies that the rule will not have a significant economic impact on a substantial number of small entities. Small entities include small businesses, small organizations and small governmental jurisdictions. For purposes of assessing the impacts of today’s rule on small entities, small entity is defined as: (1) A small business as defined by the Small Business Administration’s regulations at 13 CFR 121.201; (2) a small

governmental jurisdiction that is a government of a city, county, town, school district or special district with a population of less than 50,000; and (3) a small organization that is any not-for-profit enterprise which is independently owned and operated and is not dominant in its field.

After considering the economic impacts of today’s final rule on small entities, I certify that this action will not have a significant economic impact on a substantial number of small entities. This action makes technical amendments to address several minor, inadvertent and nonsubstantive errors in the regulatory text concerning the air quality designations for certain areas in prior designation actions and does not impose any requirements on small entities.

### D. Unfunded Mandates Reform Act (UMRA)

This action contains no federal mandate under the provisions of Title II of the UMRA of 1995, 2 U.S.C. 1531–1538 for state, local or tribal governments or the private sector. The action does not impose an enforceable duty on any state, local or tribal governments or the private sector. Therefore, this action is not subject to the requirements of sections 202 and 205 of the UMRA.

This action is also not subject to the requirements of section 203 of UMRA because it contains no regulatory requirements that might significantly or uniquely affect small governments. This action corrects minor, inadvertent and nonsubstantive errors in prior area designations.

### E. Executive Order 13132: Federalism

This action does not have federalism implications. It will not have substantial direct effects on the states, on the relationship between the national government and the states, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 13132. This action makes technical amendments to minor, inadvertent and nonsubstantive errors in prior area designations. Thus, Executive Order 13132 does not apply to this action.

### F. Executive Order 13175: Consultation and Coordination With Indian Tribal Governments

This action does not have tribal implications, as specified in Executive Order 13175 (65 FR 67249, November 9, 2000). This action only makes technical amendments to minor, inadvertent and nonsubstantive errors in prior area

designations. Thus, Executive Order 13175 does not apply to this action.

### G. Executive Order 13045: Protection of Children From Environmental Health and Safety Risks

The EPA interprets Executive Order 13045 (62 FR 19885, April 23, 1997) as applying only to those regulatory actions that concern health or safety risks, such that the analysis required under section 5–501 of the Executive Order has the potential to influence the regulation. This action is not subject to Executive Order 13045 because it does not establish an environmental standard intended to mitigate health or safety risks.

### H. Executive Order 13211: Actions That Significantly Affect Energy Supply, Distribution or Use

This action is not subject to Executive Order 13211 (66 FR 28355 (May 22, 2001)), because it is not a significant regulatory action under Executive Order 12866.

### I. National Technology Transfer and Advancement Act (NTTAA)

Section 12(d) of the NTTAA of 1995, Public Law No. 104–113, section 12(d) (15 U.S.C. 272 note) directs the EPA to use voluntary consensus standards (VCS) in its regulatory activities unless to do so would be inconsistent with applicable law or otherwise impracticable. VCS are technical standards (e.g., materials specifications, test methods, sampling procedures and business practices) that are developed or adopted by VCS bodies. The NTTAA directs the EPA to provide Congress, through the Office of Management and Budget, explanations when the agency decides not to use available and applicable VCS. This action does not involve technical standards. Therefore, the EPA did not consider the use of any VCS.

### J. Executive Order 12898: Federal Actions To Address Environmental Justice in Minority Populations and Low-Income Populations

Executive Order 12898 (59 FR 7629 (Feb. 16, 1994)) establishes federal executive policy on environmental justice. Its main provision directs federal agencies, to the greatest extent practicable and permitted by law, to make environmental justice part of their mission by identifying and addressing, as appropriate, disproportionately high and adverse human health or environmental effects of their programs, policies and activities on minority populations and low-income populations in the U.S.

The EPA has determined that this rule will not have disproportionately high and adverse human health or environmental effects on minority or low-income populations because it does not affect the level of protection provided to human health or the environment. This action makes technical amendments to minor, inadvertent, nonsubstantive errors in the designations for certain areas.

*K. Congressional Review Act*

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. The EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C.

804(2). This rule will be effective on August 4, 2014.

*L. Judicial Review*

In the final actions designating areas for the PM<sub>2.5</sub> NAAQS, ozone NAAQS, lead NAAQS, NO<sub>2</sub> NAAQS, and SO<sub>2</sub> NAAQS, the EPA determined that the actions were “nationally applicable” within the meaning of CAA section 307(b)(1). Because this action is making corrections to those nationally applicable rules, we are determining that this action is also nationally applicable within the meaning of section 307(b)(1). Thus, petitions for review of this final action must be filed in the Court of Appeals for the District of Columbia Circuit. Section 307(b)(1) requires such petitions to be filed within 60 days from the date final action is published in the **Federal Register**.

**List of Subjects in 40 CFR Part 81**

Environmental protection, Air pollution control, National parks, Wilderness areas.

Dated: April 15, 2014  
**Gina McCarthy**,  
*Administrator.*

For the reasons set forth in the preamble, 40 CFR Part 81, is amended as follows:

**FLORIDA—2010 SULFUR DIOXIDE NAAQS**  
 [Primary]

**PART 81—DESIGNATION OF AREAS FOR AIR QUALITY PLANNING PURPOSES**

■ 1. The authority citation for part 81 continues to read as follows:

**Authority:** 42 U.S.C. 7401, *et. seq.*

**Subpart C—Section 107 Attainment Status Designations**

**§ 81.301 [Amended]**

■ 2. In § 81.301, the table titled “Alabama—PM<sub>2.5</sub> (Annual NAAQS)” is amended by removing “Chattanooga, TN-GA” in the “Designated area” column and adding in its place “Chattanooga, TN-GA-AL”.

■ 3. In § 81.310, the table titled “Florida—2010 Sulfur Dioxide NAAQS (Primary)” is amended by revising the partial county description under “Hillsborough County (part)” under the “Hillsborough County, FL” nonattainment area to read as follows:

**§ 81.310 Florida.**

\* \* \* \* \*

Designated area	Designation	
	Date	Type
Hillsborough County, FL <sup>1</sup> .....	10-4-13	Nonattainment.
Hillsborough County (part): That portion of Hillsborough County encompassed by the polygon with the vertices using Universal Traverse Mercator (UTM) coordinates in UTM zone 17 with datum NAD83 as follows: (1) Vertices—UTM Easting (m) 358581, UTM Northing 3076066; (2) vertices—UTM Easting (m) 355673, UTM Northing 3079275; (3) UTM Easting (m) 360300, UTM Northing 3086380; (4) vertices—UTM Easting (m) 366850, UTM Northing 3086692; (5) vertices—UTM Easting (m) 368364, UTM Northing 3083760; and (6) vertices—UTM Easting (m) 365708, UTM Northing 3079121.	.....	.....
* * * * *	* * * * *	* * * * *

<sup>1</sup> Excludes Indian country located in each area, if any, unless otherwise specified.

\* \* \* \* \*  
**§ 81.311 [Amended]**

■ 4. In § 81.311, the table titled “Georgia—PM<sub>2.5</sub> (Annual NAAQS)” is amended by removing “Chattanooga,

TN-GA” in the “Designated area” column and adding in its place “Chattanooga, TN-GA-AL”.

■ 5. Section 81.313 is amended by revising the table titled “Idaho—NO<sub>2</sub>

(2010 1-Hour Standard)” to read as follows:

**§ 81.313 Idaho.**

[FR Doc. 2014-09272 Filed 5-2-14; 8:45 am]

BILLING CODE 6560-50-P

**DEPARTMENT OF HOMELAND SECURITY****Federal Emergency Management Agency****44 CFR Part 64****[Docket ID FEMA-2014-0002; Internal Agency Docket No. FEMA-8331]****Suspension of Community Eligibility****AGENCY:** Federal Emergency Management Agency, DHS.**ACTION:** Final rule.

**SUMMARY:** This rule identifies communities where the sale of flood insurance has been authorized under the National Flood Insurance Program (NFIP) that are scheduled for suspension on the effective dates listed within this rule because of noncompliance with the floodplain management requirements of the program. If the Federal Emergency Management Agency (FEMA) receives documentation that the community has adopted the required floodplain management measures prior to the effective suspension date given in this rule, the suspension will not occur and a notice of this will be provided by publication in the **Federal Register** on a subsequent date. Also, information identifying the current participation status of a community can be obtained from FEMA's Community Status Book (CSB). The CSB is available at <http://www.fema.gov/fema/csb.shtm>.

**DATES: Effective Dates:** The effective date of each community's scheduled suspension is the third date ("Susp.") listed in the third column of the following tables.

**FOR FURTHER INFORMATION CONTACT:** If you want to determine whether a particular community was suspended on the suspension date or for further information, contact David Stearrett, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-2953.

**SUPPLEMENTARY INFORMATION:** The NFIP enables property owners to purchase Federal flood insurance that is not otherwise generally available from private insurers. In return, communities agree to adopt and administer local

floodplain management measures aimed at protecting lives and new construction from future flooding. Section 1315 of the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4022, prohibits the sale of NFIP flood insurance unless an appropriate public body adopts adequate floodplain management measures with effective enforcement measures. The communities listed in this document no longer meet that statutory requirement for compliance with program regulations, 44 CFR Part 59.

Accordingly, the communities will be suspended on the effective date in the third column. As of that date, flood insurance will no longer be available in the community. We recognize that some of these communities may adopt and submit the required documentation of legally enforceable floodplain management measures after this rule is published but prior to the actual suspension date. These communities will not be suspended and will continue to be eligible for the sale of NFIP flood insurance. A notice withdrawing the suspension of such communities will be published in the **Federal Register**.

In addition, FEMA publishes a Flood Insurance Rate Map (FIRM) that identifies the Special Flood Hazard Areas (SFHAs) in these communities. The date of the FIRM, if one has been published, is indicated in the fourth column of the table. No direct Federal financial assistance (except assistance pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act not in connection with a flood) may be provided for construction or acquisition of buildings in identified SFHAs for communities not participating in the NFIP and identified for more than a year on FEMA's initial FIRM for the community as having flood-prone areas (section 202(a) of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4106(a), as amended). This prohibition against certain types of Federal assistance becomes effective for the communities listed on the date shown in the last column. The Administrator finds that notice and public comment procedures under 5 U.S.C. 553(b), are impracticable and unnecessary because communities listed in this final rule have been adequately notified.

Each community receives 6-month, 90-day, and 30-day notification letters addressed to the Chief Executive Officer stating that the community will be suspended unless the required

floodplain management measures are met prior to the effective suspension date. Since these notifications were made, this final rule may take effect within less than 30 days.

**National Environmental Policy Act.** This rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Considerations. No environmental impact assessment has been prepared.

**Regulatory Flexibility Act.** The Administrator has determined that this rule is exempt from the requirements of the Regulatory Flexibility Act because the National Flood Insurance Act of 1968, as amended, Section 1315, 42 U.S.C. 4022, prohibits flood insurance coverage unless an appropriate public body adopts adequate floodplain management measures with effective enforcement measures. The communities listed no longer comply with the statutory requirements, and after the effective date, flood insurance will no longer be available in the communities unless remedial action takes place.

**Regulatory Classification.** This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

**Executive Order 13132, Federalism.** This rule involves no policies that have federalism implications under Executive Order 13132.

**Executive Order 12988, Civil Justice Reform.** This rule meets the applicable standards of Executive Order 12988.

**Paperwork Reduction Act.** This rule does not involve any collection of information for purposes of the Paperwork Reduction Act, 44 U.S.C. 3501 *et seq.*

**List of Subjects in 44 CFR Part 64**

Flood insurance, Floodplains.

Accordingly, 44 CFR part 64 is amended as follows:

**PART 64—[AMENDED]**

- 1. The authority citation for part 64 continues to read as follows:

**Authority:** 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp.; p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp.; p. 376.

**§ 64.6 [Amended]**

- 2. The tables published under the authority of § 64.6 are amended as follows:
