Section 11.2 of the Commission's regulations provides a method for

computing reasonable annual charges for recompensing the United States for the use, occupancy, and enjoyment of its lands by hydropower licensees.<sup>1</sup> Annual charges for the use of government lands are payable in advance, and are based on an annual schedule of per-acre rental fees published in Appendix A to Part 11 of the Commission's regulations.<sup>2</sup> This notice updates the fee schedule in Appendix A to Part 11 for fiscal year 2014 (October 1, 2013, through September 30, 2014).

**Effective Date**

This Final Rule is effective January 17, 2014. The provisions of 5 U.S.C. 804, regarding Congressional review of final rules, do not apply to this Final Rule because the rule concerns agency procedure and practice and will not substantially affect the rights or obligations of non-agency parties.
