INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-884]

Certain Consumer Electronics with Display and Processing Capabilities; Commission Decision to Review In Part a Final Initial Determination Finding a Violation of Section 337; Request for Written Submissions; Extension of Target Date

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined to review in part the presiding administrative law judge’s (“ALJ”) final initial determination (“final ID”) issued on August 29, 2014, finding a violation of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337 (“section 337”), and to extend the target date in the above-captioned investigation.

FOR FURTHER INFORMATION CONTACT: Megan M. Valentine, Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 708-2301. Copies of non-confidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 205-2000. General information concerning the Commission may also be obtained by accessing its Internet server at <http://www.usitc.gov>.

The public record for this investigation may be viewed on the Commission’s electronic docket (EDIS) at <http://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission’s TDD terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on June 25, 2013, based on a complaint filed by Graphics Properties Holdings, Inc. of New Rochelle, New York (“GPH”). 78 FR 38072-73 (June 25, 2013). The complaint alleged violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain consumer electronics with display and processing capabilities by reason of infringement of certain claims of United States Patent Nos. 6,650,327 (“the ‘327 patent”); 8,144,158 (“the ‘158 patent”); and 5,717,881 (“the ‘881 patent”). The notice of investigation named as respondents Panasonic Corporation of Osaka, Japan and Panasonic Corporation of North America of Secaucus, New Jersey (collectively “Panasonic”); Toshiba Corporation of Tokyo, Japan and Toshiba America Information Systems, Inc. of Irvine, California (collectively “Toshiba”); Toshiba America, Inc. of New York, New York (“Toshiba America”); Vizio, Inc. of Irvine, California (“Vizio”); AmTran Logistics, Inc. of Irvine, California and AmTran Technology Co., Ltd. of New Taipei City, Taiwan (collectively “AmTran”); and ZTE Corporation of Shenzhen, China, ZTE (USA) Inc. of Richardson, Texas, and ZTE Solutions of Richardson, Texas (collectively, “ZTE”). The Office of Unfair Import Investigations (“OUII”) is a party to the investigation. The Commission later terminated the investigation with

respect to Panasonic, Vizio, AmTran, and ZTE.

On March 31, 2014, the Commission determined not to review an ID granting respondents’ motion for summary determination that claim 1 of the ‘881 patent is invalid for indefiniteness, thus terminating the ‘881 patent from the investigation. Notice (Mar. 31, 2014); Order Nos. 53 (Feb. 27, 2014), 60 (Mar. 11, 2014, correcting Order No. 53).

On August 29, 2014, the ALJ issued his final ID, finding a violation of section 337 with respect to Toshiba. Specifically, the ALJ found that all of the accused products literally infringe claims 2, 3, 7, 25, and 26 of the ‘327 patent and claims 1, 4, 7, and 10 of the ‘158 patent (“the asserted claims”). The ALJ also found that none of the asserted claims of the ‘327 patent are invalid as anticipated under 35 U.S.C. 102 or as obvious under 35 U.S.C. 103. The ALJ further found that none of the asserted claims of the ‘158 patent are invalid as anticipated under 35 U.S.C. 102, as obvious under 35 U.S.C. 103, or for lack of written description under 35 U.S.C. 112. The ALJ also found that the respondents did not establish that any of the asserted patents are unenforceable due to estoppel based on GPH’s obligation to license the asserted patents under reasonable and nondiscriminatory (“RAND”) terms or that license exhaustion applies with respect to any of the asserted patents. The ALJ further found that a domestic industry exists with respect to the ‘327 and ‘158 patents.

The ALJ found, however, that no violation of section 337 exists as to respondent Toshiba America with respect to the asserted claims of the ‘327 and ‘158 patents because GPH failed to satisfy the importation or sale requirement of section 337 establishing subject matter jurisdiction as to Toshiba America. No party petitioned for review of this finding.
