

10. Protection of Children From Environmental Health Risks

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

11. Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

12. Energy Effects

This action is not a “significant energy action” under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

13. Technical Standards

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

14. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves regulations regarding safety zones. This rule is categorically excluded from further review under paragraph 34(g) of Figure 2–1 of the Commandant Instruction. This rule involves creation of a temporary safety zone for a limited period of time. An environmental analysis checklist supporting this determination and a Categorical Exclusion Determination will be available in the docket where indicated under **ADDRESSES**.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 33 USC 1226, 1231; 46 USC 701, 3306, 3703; 50 USC 191, 195; 33 CFR 1.05–1, 6.04–1, 6.04–6, 160.5; Pub. L. 107–295, 116 Stat. 2064; Department of Homeland Security Delegation No. 0170.1.

■ 2. Add § 165.T01–0010 to read as follows:

§ 165.T01–0010 Safety Zone; Maintenance Dredging 35-Foot Channel and Rock Removal; Portland Harbor, Portland, ME.

(a) *Location.* The following area is a safety zone: All navigable waters, from the surface to the bottom of Portland Harbor, from the Portland Fish Pier at 43°39′03″ N, 70°15′09″ W across to the Coast Guard Base Pier at 43°38′47″ N, 70°14′53″ W then downstream to the Maine State Pier at 43°39′20″ N, 70°14′48″ W and across to Portland Pipeline Pier 1 at 43°39′11″ N, 70°14′35″ W.

(b) *Definitions.* The following definitions apply to this section:

(1) “Designated representative” means any U.S. Army Corps of Engineers personnel, any commissioned, warrant, or petty officer of the U.S. Coast Guard, and any member of the Coast Guard Auxiliary who has been designated by the Captain of the Port (COTP) Sector Northern New England, to act on the COTP’s behalf.

(2) “Official patrol vessel” means any Coast Guard, Coast Guard Auxiliary, Army Corp of Engineers, state, or local law enforcement vessel assigned or approved by the COTP.

(c) *Effective Period.* This section is effective from February 10, 2014 to March 31, 2014.

(d) *Regulations.* (1) The general regulations in 33 CFR 165.23 apply.

(2) Entry, transit, diving, dredging, dumping, fishing, trawling, conducting salvage operations, remaining or anchoring within a 600 foot radius of blasting operations within the safety zone is prohibited unless authorized by the COTP.

(3) Upon being hailed by a U.S. Coast Guard vessel, U.S. Army Corps of Engineers vessel or a designated representative, by siren, radio, flashing light, or other means, the operator of a vessel shall proceed as directed.

(4) Vessel operators desiring to enter, transit, dive, dredge, dump, fish, trawl, conduct salvage operations, remain within, or anchor within the safety zone

must contact the COTP or the designated representative via the Sector Northern New England Command Center by VHF channel 16 or by phone at (207) 767–0303.

(5) Vessel operators given permission to enter or operate in the safety zone must comply with all directions given to them by the COTP or the designated representative.

Dated: February 6, 2014.

A.J. Ceraolo,

Commander, U.S. Coast Guard Acting Captain of the Port Sector Northern New England.

33 CFR Part 165

[Docket No. USCG–2013–0362]

RIN 1625–AA00

Safety Zones; Eleventh Coast Guard District Annual Fireworks Events

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is amending several permanent safety zones located in the Eleventh Coast Guard District that are established to protect public safety during annual firework displays. These amendments will standardize the safety zone language, update listed events, delete events that are no longer occurring, add new annual fireworks events, and establish a standardized format using a table to list these recurring annual fireworks events. When these safety zones are activated, and thus subject to enforcement, this rule will limit the movement of vessels within the established firework display area.

DATES: This rule is effective March 20, 2014.

ADDRESSES: Documents mentioned in this preamble are part of docket USCG–2013–0362. DHS Department of Homeland Security
FR Federal Register
NPRM Notice of Proposed Rulemaking

A. Regulatory History and Information

On December 10th, 2013, we published a NPRM entitled Eleventh Coast Guard District Annual Fireworks Events, in the **Federal Register** (78 FR 74048). One comment was received in response to the NPRM and there were no requests for a public meeting. A public meeting was not held.

The comment that was received stressed that public safety should be the first priority during any fireworks event, making it necessary for the Coast Guard to establish and enforce safety zones that are apparent and clear to the public. The author also believes better clarity can be achieved by using standardized language when publishing regulations.

B. Basis and Purpose

The Coast Guard is conducting this rulemaking under the authority of 33 U.S.C. 1231.

Fireworks displays are held annually on a recurring basis on the navigable waters within the Eleventh Coast Guard District. Many of the annual fireworks events that require safety zones do not currently reflect some of the required information pertinent to the events such as the dates of the events and other required information that is described below. These safety zones are necessary to provide for the safety of the crew, spectators, participants in the event, participating vessels, and other users and vessels of the waterway from the hazards associated with firework displays. This rule will also provide the public with current information on safety zone locations, size, and length of time the zones will be active.

The effect of these safety zones will be to restrict general navigation in the vicinity of the events, from the start of each event until the conclusion of that event. Except for persons or vessels authorized by the Coast Guard Patrol

Commander, no person or vessel may enter or remain in the regulated area. These regulations are needed to keep all spectators and vessels a safe distance away from the fireworks displays.

C. Discussion of Comments, Changes and the Final Rule

We received one comment and no requests for a public meeting after publishing the NPRM for this rule. The comment that was received stressed that public safety should be the first priority during any fireworks event, making it necessary for the Coast Guard to establish and enforce safety zones that are apparent and clear to the public. The comment was not adverse in nature, therefore, no changes have been made to the regulatory text of this rule.

The Coast Guard has reviewed 33 CFR part 165 sections 1123, 1124, and 1191 for accuracy. The Coast Guard is amending Table 1 in sections 1123, 1124, and 1191 of Title 33 CFR as follows: existing events are being updated with current information; unlisted events are being added; and listed events that the Coast Guard has been unable to verify as still in existence are being deleted.

The Coast Guard is amending the annual fireworks events for the San Diego Captain of the Port zone listed in 33 CFR part 165 section 1123 as follows: 4 events require updating to reflect current sponsor information and event location. These events are the “San Diego CA POPS Fireworks Display”, “Fourth of July Fireworks, Mission Bay”, “Coronado Glorietta Bay Fourth of July Fireworks”, and “San Diego Parade of Lights Fireworks Display.” Through this rulemaking, three new safety zones are being added for the following events. The first new safety zone is for the “Big Bay Boom Fourth of July Fireworks” event occurring one evening during the first week of July in San Diego Bay. This event requires four 1,000 foot radius safety zones around barges located at Shelter Island, Harbor Island, Embarcadero, and Seaport Village. The second new safety zone is for the “MIDWAY Fireworks” event occurring on various evenings throughout the year on the USS MIDWAY in San Diego Bay. The safety zone will be 800 feet in radius around a barge located immediately to the west of the USS MIDWAY at approximately 32 42’46” N, 117 10’47” W. The third new safety zone is for the “Sea World Fireworks” event in Mission Bay occurring nightly between Memorial Day and Labor Day, and on approximately 10 evenings between Labor Day and Memorial Day. The safety zone at Sea World, Mission Bay,

will be 800 feet in radius around a barge located at approximately 32 46’03” N, 117 13’11” W. Sea World Fireworks events will also be scheduled between Thanksgiving and New Year’s Day as conditions allow.

The Coast Guard is amending the annual fireworks events listed in 33 CFR 165 section 1124 within the San Diego Captain of the Port zone for the Colorado River, between Davis Dam (Bullhead City, AZ) and Headgate Dam (Parker, AZ) as follows: 4 events require updating with current sponsor information and event locations. These events are the “Avi Resort & Casino Memorial Day Fireworks”, “Laughlin/Bullhead City Rockets Over the River Fireworks”, “Avi Resort & Casino Independence Day Fireworks”, and the “Avi Resort & Casino Labor Day Fireworks.” Through this rulemaking, two new safety zones are being added for the following events. The first new safety zone is for the “Colorado Belle & Edgewater Hotel/Casino Thanksgiving Fireworks” event occurring in the lower Colorado River at Laughlin, NV. The safety zone will encompass the following coordinates: 35 09’51” N, 114 34’08” W; 35 09’53” N, 114 34’15” W along the shoreline to 35 09’31” N, 114 34’17” W; 35 09’33” N, 114 34’08” W along the shoreline to 35 09’51” N, 114 34’08” W. The second new safety zone is for the “Colorado Belle & Edgewater Hotel/Casino New Years Eve Fireworks” event occurring on the lower Colorado River at Laughlin, NV. The safety zone will encompass the following coordinates: 35 09’51” N, 114 34’08” W; 35 09’53” N, 114 34’15” W along the shoreline to 35 09’31” N, 114 34’18” W; 35 09’33” N, 114 34’08” W along the shoreline to 35 09’51” N, 114 34’08” W.

The Coast Guard is amending the annual fireworks events listed in 33 CFR 165 section 1191 within the San Francisco Captain of the Port zone for the Northern California and Lake Tahoe Area as follows: 14 events require updating to reflect current sponsor information and event location. The Coast Guard is updating the following 14 numerically listed events in Table 1 of this section: (1), (4), (5), (6), (7), (9), (11), (13), (14), (15), (16), (20), (24), (25). Through this rulemaking, two new safety zones are being added for the following events. The first new safety zone is for the “Jameson Beach Fourth of July Fireworks” event, occurring at South Lake Tahoe near Jameson Beach. This safety zone will be 560 feet in radius around the fireworks barge. The second new safety zone is for the “Feast of Lanterns Fireworks” event, occurring on the last Saturday in July near Lovers Point Park in Pacific Grove. This safety

zone will be 490 feet in radius around the launch platform located on the beach at approximately 36°37'26" N, 121°54'54" W. Finally, the Coast Guard is deleting three safety zones for events that no longer take place within the San Francisco Captain of the Port zone. Those three events are: the "Fourth of July Fireworks, City of Monterey", the "Jack London Square Fourth of July Fireworks", and the "Independence Day Celebration, City of Stockton."

D. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on these statutes and executive orders.

1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders. We expect the economic impact of this rule to be so minimal that a full Regulatory Evaluation is unnecessary. This rule is not a significant regulatory action because the regulations exist for a limited period of time on a limited portion of the waterways. Further, individuals and vessels desiring to use the affected portion of the waterways may, upon permission from the Patrol Commander, use the affected areas.

2. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601–612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard received no comments from the Small Business Administration on this rule. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule would not have a significant economic impact on a substantial number of small entities.

We expect this rule will affect the following entities, some of which may be small entities: The owners and operators of vessels intending to fish,

transit, or anchor in the waters affected by these safety zones. This rule will not have a significant economic impact on a substantial number of small entities for the following reasons: Small vessel traffic will be able to pass safely around the area and vessels engaged in event activities, sightseeing and commercial fishing have ample space outside of the area governed by the safety zones to engage in these activities. Small entities and the maritime public will be advised of the activation of these safety zones via public notice to mariners or notice of implementation published in the **Federal Register**.

3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT**, above.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

4. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that this rule does not have implications for federalism.

6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

8. Taking of Private Property

This rule will not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

9. Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

10. Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and would not create an environmental risk to health or risk to safety that might disproportionately affect children.

11. Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

12. Energy Effects

This rule is not a "significant energy action" under Executive Order 13211, Actions Concerning Regulations That

Significantly Affect Energy Supply, Distribution, or Use.

13. Technical Standards

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

14. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023-01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA)(42 U.S.C. 4321-4370f), and have concluded that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves establishing, updating, or removing temporary safety zones for fireworks displays. The fireworks are launched

from navigable waters of the United States and may have potential for negative impact on the safety or other interest of waterway users and near shore activities in the event area. The activities include fireworks launched from barges near the shoreline that generally rely on the use of navigable waters as a safety buffer to protect the public from fireworks fallouts and premature detonations. This rule is categorically excluded from further review under paragraph 34(g) of Figure 2-1 of the Commandant Instruction. A preliminary environmental analysis checklist supporting this determination is available in the docket where indicated under ADDRESSES. We seek any comments or information that may lead to the discovery of a significant environmental impact from this rule.

Approval and Promulgation of Air Quality Implementation Plans; New Mexico; Transportation Conformity and General Conformity Requirements for Bernalillo County

AGENCY: Environmental Protection
Agency (EPA).

ACTION: Direct final rule.

SUMMARY: The Environmental Protection Agency (EPA) is taking direct final action approving State Implementation Plan (SIP) revisions submitted by the Governor of New Mexico on November 18, 2010, May 24, 2011 and October 11, 2012 on behalf of the Albuquerque-Bernalillo County Air Quality Control Board (AQCB). These revisions serve to incorporate recent changes to the Federal Transportation Conformity and General Conformity rules into the state conformity SIP for Bernalillo County. EPA is approving these revisions in accordance with the requirements of the Federal Clean Air Act (CAA).

DATES: This rule is effective on April 21, 2014 without further notice, unless EPA receives relevant adverse comment by March 20, 2014. If EPA receives such comment, EPA will publish a timely withdrawal in the **Federal Register** informing the public that this rule will not take effect.

ADDRESSES: Submit your comments, identified by Docket No. EPA-R06-OAR-2010-1055, by one of the following methods:

- www.regulations.gov. Follow the on-line instructions.
- Email: Michelle Peace at peace.michelle@epa.gov.
- Mail or delivery: Mr. Guy Donaldson, Chief, Air Planning Section

(6PD-L), Environmental Protection Agency, 1445 Ross Avenue, Suite 1200, Dallas, Texas 75202-2733.

Instructions: Direct your comments to Docket ID No. EPA-R06-OAR-2010-1055. EPA's policy is that all comments received will be included in the public docket without change and may be made available online at <http://www.regulations.gov>, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information the disclosure of which is restricted by statute. Do not submit information through <http://www.regulations.gov> or email, if you believe that it is CBI or otherwise protected from disclosure. The <http://www.regulations.gov> Web site is an "anonymous access" system, which means that EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an email comment directly to EPA without going through <http://www.regulations.gov>, your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment along with any disk or CD-ROM submitted. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters and any form of encryption and should be free of any defects or viruses. For additional information about EPA's public docket, visit the EPA Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>.

Docket: The index to the docket for this action is available electronically at www.regulations.gov and in hard copy at EPA Region 6, 1445 Ross Avenue, Suite 700, Dallas, Texas. While all documents in the docket are listed in the index, some information may be publicly available only at the hard copy location (e.g., copyrighted material), and some may not be publicly available at either location (e.g., CBI). To inspect the

hard copy materials, please schedule an appointment with the person listed in the **FOR FURTHER INFORMATION CONTACT** paragraph below or Mr. Bill Deese at 214-665-7253.

I. What is transportation conformity?

Transportation conformity is required under section 176(c) of the Clean Air Act to ensure that Federally supported highway and transit projects are consistent with (conform to) the purpose of the approved SIP. Conformity currently applies to areas that are designated nonattainment, and those areas redesignated to attainment after 1990 (maintenance areas), with plans developed under section 175A of the Clean Air Act for the following transportation related criteria pollutants: Ozone, particulate matter (PM_{2.5} and PM₁₀), carbon monoxide (CO), and nitrogen dioxide (NO₂). Conformity with the purpose of the SIP means that transportation activities will not cause new air quality violations, worsen existing violations, or delay timely attainment of the relevant National Ambient Air Quality Standards (NAAQS). The Federal transportation
