

antitheft and immobilizer-installed vehicles have historically experienced extremely low to zero theft rates. Maserati informed the agency that its immobilizer antitheft device has been installed on its Quattroporte vehicles as standard equipment since MY 2007 and believes that its advanced. Maserati compared its Quattroporte vehicle line to its Ghibli vehicle line. Maserati stated that its Ghibli vehicle line incorporates identical vehicle/system architecture as its Quattroporte vehicle line. Maserati further stated that the vehicle powertrain, electrical and other vehicle systems are similar in construction and design as the Ghibli vehicle line. Theft rate data reported in **Federal Register** notices published by the agency show that the theft rate for the Quattroporte vehicle line, using an average of three MYs' data (2010–2012) is 0.0000, which is significantly lower than the median theft rate established by the agency. There is no available theft data for the Ghibli vehicle line. Maserati believes that the low theft rate experienced by the immobilizer-installed Quattroporte vehicle line demonstrates the effectiveness of the proposed immobilizer device to be installed on the Ghibli vehicle line.

Based on the supporting evidence submitted by Maserati on its device, the agency believes that the antitheft device for the Ghibli vehicle line is likely to be as effective in reducing and deterring motor vehicle theft as compliance with the parts-marking requirements of the Theft Prevention Standard (49 CFR 541). Pursuant to 49 U.S.C. 33106 and 49 CFR 543.7 (b), the agency grants a petition for exemption from the parts-marking requirements of Part 541 either in whole or in part, if it determines that, based upon substantial evidence, the standard equipment antitheft device is likely to be as effective in reducing and deterring motor vehicle theft as compliance with the parts-marking requirements of Part 541. The agency finds that Maserati has provided adequate reasons for its belief that the antitheft device for the Maserati Ghibli vehicle line is likely to be as effective in reducing and deterring motor vehicle theft as compliance with the parts-marking requirements of the Theft Prevention Standard (49 CFR part 541). This conclusion is based on the information Maserati provided about its device.

The agency concludes that the device will provide the five types of performance listed in § 543.6(a)(3): Promoting activation; attract attention to the efforts of an unauthorized person to enter or move a vehicle by means other than a key; preventing defeat or circumvention of the device by

unauthorized persons; preventing operation of the vehicle by unauthorized entrants; and ensuring the reliability and durability of the device.

For the foregoing reasons, the agency hereby grants in full Maserati's petition for exemption for the Maserati Ghibli vehicle line from the parts-marking requirements of 49 CFR part 541. The agency notes that 49 CFR part 541, Appendix A-1, identifies those lines that are exempted from the Theft Prevention Standard for a given model year. 49 CFR part 543.7(f) contains publication requirements incident to the disposition of all Part 543 petitions. Advanced listing, including the release of future product nameplates, the beginning model year for which the petition is granted and a general description of the antitheft device is necessary in order to notify law enforcement agencies of new vehicle lines exempted from the parts-marking requirements of the Theft Prevention Standard.

If Maserati decides not to use the exemption for this line, it must formally notify the agency. If such a decision is made, the line must be fully marked according to the requirements under 49 CFR parts 541.5 and 541.6 (marking of major component parts and replacement parts).

NHTSA notes that if Maserati wishes in the future to modify the device on which this exemption is based, the company may have to submit a petition to modify the exemption. Part 543.7(d) states that a Part 543 exemption applies only to vehicles that belong to a line exempted under this part and equipped with the antitheft device on which the line's exemption is based. Further, Part 543.9(c)(2) provides for the submission of petitions "to modify an exemption to permit the use of an antitheft device similar to but differing from the one specified in that exemption."

The agency wishes to minimize the administrative burden that Part 543.9(c)(2) could place on exempted vehicle manufacturers and itself. The agency did not intend in drafting Part 543 to require the submission of a modification petition for every change to the components or design of an antitheft device. The significance of many such changes could be *de minimis*. Therefore, NHTSA suggests that if the manufacturer contemplates making any changes, the effects of which might be characterized as *de minimis*, it should consult the agency before preparing and submitting a petition to modify.

Under authority delegated in 49 CFR Part 1.95.

**Raymond R. Posten,**  
Associate Administrator for Rulemaking.

## DEPARTMENT OF TRANSPORTATION

### Pipeline and Hazardous Materials Safety Administration

[Docket No. PHMSA-2015-0104; Notice No. 15-09]

### Hazardous Materials: Explosive Approvals—Applicant Contact Information and Compliance With Special Provision 347

**AGENCY:** Pipeline and Hazardous Materials Safety Administration (PHMSA), DOT.

**ACTION:** Proposed termination of explosive approvals.

**SUMMARY:** PHMSA proposes to terminate the explosive approvals listed herein. PHMSA attempted to contact all of the below listed approval holders during the month of October 2014 via certified mail utilizing the addresses on file. The certified letters were returned by the United States Postal Service (USPS) as "undeliverable." With the failure of the explosive approval holders to provide PHMSA with a valid company name and mailing address, the approvals listed below will be terminated 30 days after this notice is published in the **Federal Register**.

**FOR FURTHER INFORMATION CONTACT:** Mr. Ryan Paquet, Director, Approvals and Permits Division, Office of Hazardous Materials Safety, (202) 366-4512, PHMSA, 1200 New Jersey Avenue SE., Washington, DC 20590.

### SUPPLEMENTARY INFORMATION:

#### I. Introduction

In this notice, PHMSA's Office of Hazardous Materials Safety (OHMS) is proposing to terminate the approvals listed below for the approval holders' failure to provide PHMSA with current valid contact information and failure to provide evidence that UN 6(d) testing has been performed in accordance with § 172.102 and Special Provision 347.

#### II. Background

On January 19, 2011, PHMSA published a final rule (76 FR 3308; HM-215K) titled "Hazardous Materials: Harmonization with the United Nations Recommendations, International Maritime Dangerous Goods Code, and the International Civil Aviation Organization Technical Instructions for

*the Safe Transport of Dangerous Goods by Air*". The final rule amended special provision 347 to require successful testing according to UN Test Series 6(d) of Part I of the UN Manual of Tests and Criteria. This change affected explosives classified as Division 1.4S, and impacted eight UN Numbers, including: UN0323, UN0366, UN0441, UN0445, UN0455, UN0456, UN0460, and UN0500. This requirement became

effective for transportation by aircraft on July 1, 2011, for transportation by vessel and international transportation by highway and rail on January 1, 2012, and for domestic highway and rail transportation on January 1, 2014. PHMSA has no records of the required UN 6(d) testing for the below listed EX number(s) and has no valid contact information for the holders.

### III. Action

PHMSA will terminate the below listed approvals 30 days after this notice is published in the **Federal Register**, unless the holder requests reconsideration as outlined in 49 CFR 107.715.

### IV. Approvals Scheduled for Termination

## DEPARTMENT OF THE TREASURY

### Office of the Comptroller of the Currency

#### Agency Information Collection Activities: Information Collection Renewal; Submission for OMB Review; Capital Distribution

**AGENCY:** Office of the Comptroller of the Currency (OCC), Treasury.

**ACTION:** Notice and request for comment.

**SUMMARY:** The OCC, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on a continuing information collection, as required by the Paperwork Reduction Act of 1995, PRA.

Under the PRA, Federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information and to allow 60 days for public comment in response to the notice.

In accordance with the requirements of the PRA, the OCC may not conduct or sponsor, and the respondent is not required to respond to, an information collection unless it displays a currently valid Office of Management and Budget (OMB) control number.

The OCC is soliciting comment concerning renewal of its information collection titled, "Capital Distribution." The OCC also is giving notice that it has sent the collection to OMB for review.

**DATES:** Comments must be received by May 14, 2015.

**ADDRESSES:** Because paper mail in the Washington, DC area and at the OCC is subject to delay, commenters are encouraged to submit comments by email, if possible. Comments may be sent to: Legislative and Regulatory Activities Division, Office of the Comptroller of the Currency, Attention: 1557-0310, 400 7th Street SW., Suite 3E-218, Mail Stop 9W-11, Washington, DC 20219. In addition, comments may be sent by fax to (571) 465-4326 or by electronic mail to [regs.comments@occ.treas.gov](mailto:regs.comments@occ.treas.gov). You may personally inspect and photocopy comments at the OCC, 400 7th Street SW., Washington, DC 20219. For security reasons, the OCC requires that visitors make an appointment to inspect comments. You may do so by calling (202) 649-6700. Upon arrival, visitors will be required to present valid government-issued photo identification and to submit to security screening in order to inspect and photocopy comments.

All comments received, including attachments and other supporting materials, are part of the public record and subject to public disclosure. Do not enclose any information in your comment or supporting materials that you consider confidential or inappropriate for public disclosure.

Additionally, please send a copy of your comments by mail to: OCC Desk Officer, 1557-0310, U.S. Office of Management and Budget, 725 17th Street NW., #10235, Washington, DC 20503, or by email to: [oirs\\_submission@omb.eop.gov](mailto:oirs_submission@omb.eop.gov).

**FOR FURTHER INFORMATION CONTACT:**  
Mary H. Gottlieb, OCC Clearance Officer, (202) 649-5490, for persons who are deaf or hard of hearing, TTY, (202) 649-5597, Legislative and Regulatory Activities Division, Office of the Comptroller of the Currency, 400 7th Street SW., Suite 3E-218, Mail Stop 9W-11, Washington, DC 20219.

**SUPPLEMENTARY INFORMATION:** The OCC is requesting renewal of OMB's approval of the following information collection.

*Title of Collection:* Capital Distribution.

*OMB Control Number:* 1557-0310.

*Form Number:* 1583.

*Description:* Under the OCC's rules governing capital distributions at 12 CFR part 163, subpart E, a Federal savings association (FSA) must file a capital distribution application with the OCC if: (1) It is not eligible for expedited treatment under 12 CFR 116.5; (2) the total amount of the its capital distributions (including the proposed capital distribution) for the applicable calendar year exceeds its net income for that year to date, plus retained net income for the preceding two years; (3) it would not be at least adequately capitalized, as set forth in 12 CFR 6.4, after the capital distribution; or (4) the proposed capital distribution would violate any applicable statute, regulation, or agreement with the OCC or the OTS, or violate a condition imposed on it in connection with an application or notice approved by the OCC or the OTS. 12 CFR 163.143(a).

If an FSA is not required to file a capital distribution application, it may be required to file a capital distribution notice with the OCC if: (1) It would not be well capitalized following the capital distribution as set forth in 12 CFR 165.4(b)(1); (2) the proposed capital distribution would reduce the amount of or retire any part of its common or preferred stock, or retire any part of debt instruments (such as notes or debentures) included in capital under 12 CFR part 3 or part 167, as applicable, (other than regular payments required under a debt instrument approved under 12 CFR 163.81); or (3) it is a subsidiary of a savings and loan holding company. 12 CFR 163.143(b).

If neither an FSA nor its proposed capital distribution meet the criteria described above, the FSA is not required to file an application or notice with the OCC. 12 CFR 163.143(c). However, if the FSA is required to file a notice with the
