Regulatory Publication and Review Under the Economic Growth and Regulatory Paperwork Reduction Act of 1996

AGENCY: Office of the Comptroller of the Currency (“OCC”), Treasury; Board of Governors of the Federal Reserve System (“Board”); and Federal Deposit Insurance Corporation (“FDIC”).

ACTION: Notice of regulatory review; request for comments.

SUMMARY: The OCC, Board, and FDIC (each an “Agency”; together “we” or “Agencies”) are conducting a review of the regulations we have issued in order to identify outdated or otherwise unnecessary regulatory requirements imposed on insured depository institutions, as required by the Economic Growth and Regulatory Paperwork Reduction Act of 1996 (EGRPRA). EGRPRA requires the Agencies to organize the regulations into categories and publish groups of categories for comment. In this notice, the Agencies are seeking public comment on regulations in the following categories: Consumer Protection; Directors, Officers and Employees; and Money Laundering.

In addition, in order to be as inclusive as possible, the Agencies are expanding the scope of the EGRPRA review to include newly issued rules. The Agencies will solicit comment on all rules finalized by the Agencies before the publication of the last EGRPRA notice in the series, which we intend to publish by the end of this year. We have included with today’s notice a chart that lists additional rules in their respective categories, to which we will add any other rules issued prior to the final EGRPRA notice. The public also may comment on these rules at any time during an open comment period.

DATES: Written comments must be received by no later than September 3, 2015.

SUPPLEMENTARY INFORMATION:

I. Introduction

Section 2222 of EGRPRA¹ requires that, not less frequently than once every 10 years, the Federal Financial Institutions Examination Council (FFIEC),² along with the Agencies,³

¹ Public Law 104-208 (1996), codified at 12 U.S.C. 3311.

² The FFIEC is an interagency body empowered to prescribe uniform principles, standards, and report forms for the Federal examination of financial institutions and to make recommendations to promote uniformity in the supervision of financial institutions. The FFIEC does not issue regulations that impose burden on financial institutions and, therefore, we have not separately captioned the FFIEC in this notice.

³ The FFIEC is comprised of the OCC, Board, FDIC, National Credit Union Administration (NCUA), Consumer Financial Protection Bureau (CFPB), and State Liaison Committee. Of these, only the OCC, Board, and FDIC are statutorily required to undertake the EGRPRA review. The NCUA elected to participate in the first EGRPRA review 10 years ago, and the NCUA Board again has elected to participate in this review process. Consistent with its approach during the first EGRPRA review, NCUA will separately issue notices and requests for comment on its rules. The CFPB is required to review its significant rules and publish a report of its review no later than five years after they take effect. See 12 U.S.C. 5512(d). This process is separate from the EGRPRA process.

conduct a review of their regulations to identify outdated or otherwise unnecessary requirements imposed on insured depository institutions.⁴ The EGRPRA regulatory review provides an opportunity for the public and the Agencies to look at groups of related regulations and to identify opportunities for burden reduction. For example, the EGRPRA review may facilitate the identification of statutes and regulations that share similar goals or complementary methods where one or more Agencies could eliminate overlapping requirements. Alternatively, commenters may identify regulations or statutes that impose requirements that are no longer consistent with the way that business is conducted and that the Agencies should eliminate or revise.

In addition to providing an opportunity to consider burden reduction generally, the EGRPRA review also provides the Agencies and the public with an opportunity to consider burden reduction on community banks and other small, insured depository institutions or holding companies. We are keenly aware of the role that these institutions play in providing consumers and businesses across the nation with essential financial services and access to credit, and we are concerned about the impact of regulatory burden on these smaller institutions. We understand that when an Agency issues a new regulation or amends a current regulation, smaller institutions may have to devote considerable resources to determine if and how the regulation will affect them. Through the public comment process, the EGRPRA review can help the Agencies identify and target regulatory changes to reduce unnecessary burden on these smaller institutions.

Burden reduction must, however, be consistent with the Agencies' statutory mandates, many of which require the issuance of regulations. These mandates include ensuring the safety and soundness of insured depository institutions, their affiliates, and the financial system as a whole. EGRPRA recognizes that effective burden reduction may require legislative change. Accordingly, as part of this review, we specifically ask the public to

comment on the relationships among burden reduction, regulatory requirements, and statutory mandates.

In addition, we note that the Agencies consider potential regulatory burden each time we propose, adopt, or amend a rule. For example, under the Paperwork Reduction Act of 1995 and the Regulatory Flexibility Act, the Agencies assess each rulemaking with respect to the burdens the rule might impose. Furthermore, we invite the public to comment on every rule we propose, as required by the Administrative Procedure Act (APA).

II. The EGRPRA Review Process

Taken together for purposes of EGRPRA, the Agencies' regulations covering insured depository institutions encompass more than 100 subjects.⁵ Consistent with the EGRPRA statute, the Agencies grouped these regulations into the following 12 regulatory categories: Applications and Reporting; Banking Operations; Capital; Community Reinvestment Act; Consumer Protection;⁶ Directors, Officers and Employees; International Operations; Money Laundering; Powers and Activities; Rules of Procedure; Safety and Soundness; and Securities. To determine these categories, we divided the regulations by type and sought to have no category be too large or broad.

To carry out the EGRPRA review, the Agencies will publish four **Federal Register** notices, each addressing one or more categories of rules. Each **Federal Register** notice will have a 90-day comment period. On June 4, 2014, the Agencies published the first such notice, seeking comment on three categories of rules: Applications and Reporting, Powers and Activities, and International Operations.⁷ On February 13, 2015, the Agencies published the second notice, seeking comment on three additional categories of rules: Banking Operations, Capital, and the Community Reinvestment Act.⁸ Today, we are publishing the third notice, addressing the categories of Consumer Protection; Directors, Officers and Employees; and Money Laundering. We

⁵ Consistent with EGRPRA's focus on reducing burden on insured depository institutions, the Agencies have not included their internal, organizational, or operational regulations in this review.

⁶ As we have previously noted, the Agencies are seeking comment only on those consumer protection regulations for which we retain rulemaking authority for insured depository institutions and regulated holding companies following passage of section 1061 of the Dodd-Frank Wall Street Reform and Consumer Protection Act, Public Law 111-203 (2010) (Dodd-Frank Act), codified at 12 U.S.C. 5581(b).

⁷ 79 FR 32172 (First Notice).

⁸ 80 FR 7980 (Second Notice).

invite the public to identify outdated, otherwise unnecessary, or unduly burdensome regulatory requirements imposed on insured depository institutions and their holding companies in these three categories. Chart A in Section IV lists the Agencies' rules that fall within these categories.

After comments have been received, the Agencies will review the comments and decide whether further action is appropriate with respect to the regulations. The Agencies will make this decision jointly in the case of rules that we have issued on an interagency basis. Similarly, we will undertake any rulemaking to amend or repeal those rules on an interagency basis. For rules issued by an Agency, the issuing Agency will review the comments received and independently determine whether amendments to or repeal of its rules are appropriate. If so, that Agency will initiate a rulemaking to effect such change. In all cases, the Agencies will provide the public with an opportunity to comment on any proposed amendment to or repeal of a regulation, as required by the APA.

Further, as part of the EGRPRA review, the Agencies are holding a series of outreach meetings to provide an opportunity for bankers, consumer and community groups, and other interested persons to present their views directly to senior management and staff of the Agencies on any of the categories of regulations in the EGRPRA review. More information about the outreach meetings can be found on the Agencies' EGRPRA Web site, <http://egrpra.ffiec.gov>.

Finally, EGRPRA also requires the FFIEC or the Agencies to publish in the **Federal Register** a summary of the comments received, identifying significant issues raised and commenting on these issues. It also directs the Agencies to eliminate unnecessary regulations to the extent that such action is appropriate. The statute additionally requires the FFIEC to submit to Congress a report that summarizes any significant issues raised in the public comments and the relative merits of such issues. The report also must include an analysis of whether the Agencies are able to address the regulatory burdens associated with such issues or whether these burdens must be addressed by legislative action.

III. The Agencies' Expansion of the Scope of the EGRPRA Review

To be as inclusive as possible, the Agencies are expanding the scope of the EGRPRA review to include rules that the Agencies have recently finalized (Newly Listed Rules), including those

⁴ Insured depository institutions also are subject to regulations that are not required to be reviewed under the EGRPRA process. Examples include rules for which rulemaking authority has transferred to the CFPB and anti-money laundering regulations issued by the Department of the Treasury's Financial Crimes Enforcement Network, among others. If, during the EGRPRA review, the Agencies receive a comment about a regulation that is not subject to the EGRPRA review, we will forward that comment to the appropriate agency.

issued pursuant to the Dodd-Frank Act and the recent domestic capital and liquidity rules. We will seek specific comment on these Newly Listed Rules in the fourth EGRPRA **Federal Register** notice, which we plan to issue by the end of this year. (There are no Newly Listed Rules in the three categories covered by this notice.) As noted below, the Agencies will also accept comment at any time on any of our regulations during an open comment period as part of the EGRPRA process.

The Agencies have identified the Newly Listed Rules and placed them into the 12 categories established for this review. Chart B in Section IV contains these Newly Listed Rules. Prior to the publication of the fourth and final notice of the EGRPRA review, the Agencies will add to the Newly Listed Rules any additional rules finalized by that time. Furthermore, it has been the practice of the Agencies to accept comments on any of the Agencies' rules during the EGRPRA review. We will continue this practice and accept comments at any time during an open comment period on any of the rules of the Agencies, including those contained in Charts A and B, as well as those rules published in the prior **Federal Register** notices.

IV. Request for Burden Reduction Comments on Regulations in the Consumer Protection; Directors, Officers and Employees; and Money Laundering Categories

As stated previously in this notice, the Agencies are asking the public to comment on regulations in the Consumer Protection; Directors, Officers and Employees; and Money Laundering categories to identify outdated or otherwise unnecessary regulatory requirements imposed on insured depository institutions and their regulated holding companies. Where possible, we ask commenters to cite specific regulatory language or provisions. We also welcome suggested alternative provisions or language in support of a comment, where appropriate. Where implementation of a

suggestion would require modification of a statute, we ask the commenter to identify the statute and the needed change, where possible.

Specific issues for commenters to consider. The Agencies specifically invite comment on the following issues as they pertain to the Agencies' Consumer Protection; Directors, Officers and Employees; and Money Laundering rules addressed in this notice.

- *Need for statutory change.* (1) Do any statutory requirements underlying the rules in these categories impose outdated or otherwise unnecessary regulatory requirements? (2) If so, please identify the statutes and indicate how they should be amended.

- *Need and purpose of the regulations.* (1) Have there been changes in the financial services industry, consumer behavior, or other circumstances that cause any regulations in these categories to be outdated or otherwise unnecessary? (2) If so, please identify and indicate how they should be amended. (3) Do any of these regulations impose burdens not required by their underlying statutes? (4) If so, please identify the regulations and indicate how they should be amended.

- *Overarching approaches/flexibility.* (1) With respect to the regulations in these categories, could an Agency use a different approach to lessen the burden imposed by the regulations and achieve statutory intent? (2) Do any of these rules impose unnecessarily inflexible requirements? (3) If so, please identify the regulations and indicate how they should be amended.

- *Effect on competition.* (1) Do any of the regulations or underlying statutes create competitive disadvantages for one part of the financial services industry compared to another or for one type of insured depository institution compared to another? (2) If so, please identify the regulations and indicate how they should be amended.

- *Reporting, recordkeeping and disclosure requirements.* (1) Do any of the regulations or underlying statutes in these categories impose outdated or

otherwise unnecessary reporting, recordkeeping, or disclosure requirements on insured depository institutions or their holding companies?

(2) Could a financial institution fulfill any of these requirements electronically (if it is not already permitted to do so) and experience burden reduction? (3) If so, please identify the regulations and indicate how they should be amended.

- *Unique characteristics of a type of institution.* (1) Do any of the regulations or underlying statutes in these categories impose requirements that are unwarranted by the unique characteristics of a particular type of insured depository institution or holding company? (2) If so, please identify the regulations and indicate how they should be amended.

- *Clarity.* (1) Are the regulations in these categories clear and easy to understand? (2) Are there specific regulations for which clarification is needed? (3) If so, please identify the regulations and indicate how they should be amended.

- *Burden on community banks and other smaller, insured depository institutions.* (1) Are there regulations or underlying statutes in these categories that impose outdated or otherwise unnecessary requirements on a substantial number of community banks or other smaller, insured depository institutions or holding companies? (2) Have the Agencies issued regulations pursuant to a common statute that, as applied by the Agencies, create redundancies or impose inconsistent requirements? (3) Should any of these regulations be amended or repealed in order to minimize this impact? (4) If so, please identify the regulations and indicate how they should be amended.

- *Scope of rules.* (1) Is the scope of each rule in these categories consistent with the intent of the underlying statute(s)? (2) Could we amend the scope of a rule to clarify its applicability or reduce burden, while remaining faithful to statutory intent? (3) If so, please identify the regulations and indicate how they should be amended.

Airworthiness Directives; Airbus Airplanes

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: We propose to supersede Airworthiness Directive (AD) 96-18-06 for certain Airbus Model A320-211 and -231 airplanes. AD 96-18-06 currently requires visual inspections to detect cracks of the pressurized floor fittings at frame (FR) 36, and renewal of the zone protective finish or replacement of fittings with new fittings if necessary. Since we issued AD 96-18-06, an extended service goal analysis by the manufacturer revealed that the compliance times and repetitive inspection intervals should be reduced to meet the design service goal. This proposed AD would retain the requirements of AD 96-18-06, with reduced compliance times and repetitive inspection intervals. This proposed AD would also add Model A320-212 airplanes to the applicability. We are proposing this AD to detect and correct fatigue cracking in the pressurized floor fittings at FR 36, which could result in failure of a floor

Discussion

On August 23, 1996, we issued AD 96-18-06, Amendment 39-9730 (61 FR 46703, September 5, 1996). AD 96-18-06 requires actions intended to address an unsafe condition on certain Airbus Model A320-211 and -231 airplanes.

Since we issued AD 96-18-06, Amendment 39-9730 (61 FR 46703, September 5, 1996), an extended service goal analysis by the manufacturer revealed that the compliance times and repetitive inspection intervals must be reduced to meet the design service goal.

The European Aviation Safety Agency (EASA), which is the Technical Agency for the Member States of the European Union, has issued EASA Airworthiness Directive 2013-0226, dated September 23, 2013 (referred to after this as the Mandatory Continuing Airworthiness Information, or “the MCAI”), to correct an unsafe condition for Airbus Model A320-211, -212, and -231 airplanes. The MCAI states:

During center fuselage certification full scale fatigue test, damage was found on the pressurized floor fittings at Frame 36, below the lower surface panel. This condition, if not detected and corrected, could affect the structural integrity of the aeroplane.

To prevent such damage, Airbus developed modification 21282, which was introduced in production from [manufacturer serial number] MSN 0105, to reinforce the pressurized floor fitting lower surface by changing material. For affected in-service aeroplanes, Airbus issued Service Bulletin (SB) A320-57-1028, introducing repetitive inspections, and SB A320-57-1029, which provides modification instructions.

DGAC [Direction Générale de l'Aviation Civile] France issued [an] AD * * * [for Model A320-111, -211, and -231 airplanes] to require these repetitive inspections and, depending on findings, corrective action(s), while the modification was specified in that AD as optional terminating action for these inspections.

Following new analysis in the frame of ESG (Extended Service Goal) exercise, the inspection thresholds and intervals have been revised to meet the original DSG (Design Service Goal).
