Foreign-Trade Zones Board

[B-64-2015]

Foreign-Trade Zone (FTZ) 230—Piedmont Triad Area, North Carolina, Notification of Proposed Production Activity, Deere-Hitachi Construction Machinery Corporation, (Hydraulic Excavators), Kernersville, North Carolina

The Piedmont Triad Partnership, grantee of FTZ 230, submitted a notification of proposed production activity to the FTZ Board on behalf of Deere-Hitachi Construction Machinery Corporation (Deere-Hitachi), located in Kernersville, North Carolina. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on September 8, 2015.

The Deere-Hitachi facility is located within Site 30 of FTZ 230. The facility is used for the production of hydraulic excavators. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Deere-Hitachi from customs duty payments on the foreign-status components used in export production. On its domestic sales,

Deere-Hitachi would be able to choose the duty rate during customs entry procedures that applies to finished and unfinished hydraulic excavators (duty-free) for the foreign-status inputs noted below. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The components and materials sourced from abroad include: Plastic hoses/o-rings/seals; decals; rubber hoses not reinforced or otherwise combined with other materials with fittings; rubber hoses reinforced or otherwise combined only with textile materials; rubber hoses reinforced or otherwise combined with other material; v-belts; rubber floor mats/o-rings/seals/fittings; steel bolts/screws/nuts/spring washers/other washers/cotters/cotter pins/pins/stoppers/springs/tracks; steel parts comprised of pipe clamps, hose clamps, clips, caps and plugs and similar fasteners; steel catches; steel locks; engines; hydraulic cylinders; hydraulic motors; parts for cylinders and motors; pumps; compressors; air conditioner parts; fuel/oil filters; receiver-dryers used in air conditioning systems; air filters; parts of filters; excavator parts comprised of covers, shoes, booms, cabs, counterweights, side frames, brackets, large pins, links, and pipes; control valves; other valves; parts of valves; bushings; pulleys; swing bearings; gaskets made of metal sheeting; horns; alarms; sensors; battery relays; electrical switches; sockets; controllers; wire harnesses; and lighters (duty rates range from duty-free to 5.7%).

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary at the address below. The closing period for their receipt is November 4, 2015.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the FTZ Board's Web site, which is accessible via www.trade.gov/ftz.

Foreign-Trade Zone 122—Corpus Christi, Texas, Authorization of Production Activity, voestalpine Texas, LLC, Subzone 122T, (Hot Briquetted Iron), Portland, Texas

On May 22, 2015, the Port of Corpus Christi Authority, grantee of FTZ 122, submitted a notification of proposed production activity to the Foreign-Trade Zones (FTZ) Board on behalf of voestalpine Texas, LLC, within Subzone 122T, in Portland, Texas.

The notification was processed in accordance with the regulations of the FTZ Board (15 CFR part 400), including notice in the **Federal Register** inviting public comment (80 FR 32085, 06/05/2015). The FTZ Board has determined that no further review of the activity is warranted at this time. The production activity described in the notification is authorized, subject to the FTZ Act and the Board's regulations, including Section 400.14.

Foreign-Trade Zones Board

[B-63-2015]

Foreign-Trade Zone (FTZ) 33—Pittsburgh, Pennsylvania, Notification of Proposed Production Activity, DNP Imagingcomm America Corporation, Subzone 33E, (Thermal Transfer Ribbon Master Rolls), Mount Pleasant, Pennsylvania

DNP Imagingcomm America Corporation (DNP), operator of Subzone 33E, submitted a notification of proposed production activity to the FTZ Board for its facility within Subzone 33E, located in Mount Pleasant, Pennsylvania. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on September 4, 2015.

DNP already has authority to produce thermal transfer ribbon (TTR) and monochrome TTR printer rolls using certain foreign-sourced components within Subzone 33E. The current request would add the production of TTR master rolls using foreign-sourced rolls of polyethylene terephthalate (PET)

film to the scope of authority. Pursuant to 15 CFR 400.14(b), the additional FTZ activity would be limited to the specific foreign-status material and specific finished product described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt DNP from customs duty payments on the foreign-status rolls of PET film (4.2% duty rate) used in export (an estimated 40 percent of shipments). On its domestic sales, DNP would be able to choose the duty rate during customs entry procedures that applies to TTR master rolls (duty rate 3.7%) for the foreign-status PET film. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The request notes that DNP's proposed activity would involve PET film that is subject to antidumping/ countervailing duty (AD/CVD) orders. The FTZ Board's regulations (15 CFR 400.14(e)) require that merchandise subject to AD/CVD orders be admitted to the zone in privileged foreign status (19 CFR 146.41). DNP's request indicates that any PET film subject to an AD/CVD order, proceeding, or suspension of liquidation under AD/CVD procedures would be used only in production for export (no TTR master rolls made from PET film subject to AD/CVD orders would be shipped for U.S. consumption).

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary at the address below. The closing period for their receipt is November 4, 2015.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the FTZ Board's Web site, which is accessible via www.trade.gov/ftz.
