

applicant and supplementary material required to show that the mariner meets the mandatory requirements for the credential or medical certificate sought; proof of applicant passing all applicable vision, hearing, medical, and/or physical exams; negative chemical test for dangerous drugs; discharges or other documentary evidence of sea service indicating the name, tonnage, propulsion mode and power of the vessels, dates of service, capacity in which the applicant served, and on what waters; and disclosure documentation for narcotics, DWI/DUI, and/or other convictions.

Need: Title 46 United States Code (U.S.C.) Subtitle II, Part E, Title 46 Code of Federal Regulation (CFR) Part 10, Subpart B, and International Convention on Standards of Training, Certification and Watchkeeping for Seafarers, 1978, as amended (STCW Convention) and the STCW Code, including the STCW Final Rule (Docket No. USCG-2004-17914) published on December 24, 2013, requires MMC and Medical Certificate applicants to apply at one of the Coast Guard's seventeen Regional Examination Centers located nationwide. MMCs are established for individuals who are required to hold a credential under Subtitle II. The Coast Guard's National Maritime Center (NMC), Medical Evaluation Division is responsible for evaluating fitness for duty of all merchant mariners, in order to minimize safety risk to the Mariner Transportation System. The Coast Guard NMC has the task of issuing MMCs and Medical Certificates to applicants found qualified as to age, character, habits of life, experience, professional qualifications, and physical fitness. The instruments contained within OMB Control No. 1625-0040 serve as a means for the applicant to apply for a MMC and Medical Certificate.

Forms: CG-719B, Application for Merchant Mariner Credential (MMC); CG-719C, Disclosure Statement for Narcotics, DWI/DUI, and/or Other Convictions; CG-719K, Application for Merchant Mariner Medical Certificate; CG-719K/E, Application for Merchant Mariner Medical Certificate for Entry Level Ratings; CG-719S, Small Vessel Sea Service Form; CG-719P, DOT/USCG Periodic Drug Testing Form.

Respondents: Applicants for MMC, whether original, renewal, duplicate, raise of grade, or a new endorsement on a previously issued MMC. Applicants for Medical Certificates to include National and STCW credentialed mariners, and first-class pilots.

Frequency: On occasion.

Hour Burden Estimate: The estimated burden remains 47,444 hours a year

(CG-719B = 8,475 hours, CG-719K = 16,440 hours, CG-719K/E = 2,283 hours, CG-719S = 14,125 hours, CG-719P = 4,708 hours, and CG-719C = 1,413).

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended.

Dated: January 26, 2016.

Thomas P. Michelli,
U.S. Coast Guard, Deputy Chief Information Officer.

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID FEMA-2016-0002; Internal Agency Docket No. FEMA-B-1453]

Proposed Flood Hazard Determinations for St. Clair County, Alabama, and Incorporated Areas

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Proposed Notice; withdrawal.

SUMMARY: The Federal Emergency Management Agency (FEMA) is withdrawing its proposed notice concerning proposed flood hazard determinations, which may include the addition or modification of any Base Flood Elevation, base flood depth, Special Flood Hazard Area boundary or zone designation, or regulatory floodway (herein after referred to as proposed flood hazard determinations) on the Flood Insurance Rate Maps and, where applicable, in the supporting Flood Insurance Study reports for St. Clair County, Alabama, and Incorporated Areas.

DATES: This withdrawal is effective February 17, 2016.

ADDRESSES: You may submit comments, identified by Docket No. FEMA-B-1453, to Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-4064, or (email) Luis.Rodriguez3@fema.dhs.gov.

FOR FURTHER INFORMATION CONTACT: Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-4064, or (email) Luis.Rodriguez3@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: On December 11, 2014, FEMA published a

proposed notice at 79 FR 73621, proposing flood hazard determinations for St. Clair County, Alabama, and Incorporated Areas. FEMA is withdrawing the proposed notice.

Authority: 42 U.S.C. 4104; 44 CFR 67.4.

Date: January 22, 2016.

Roy E. Wright,
Deputy Associate Administrator for Insurance and Mitigation, Department of Homeland Security, Federal Emergency Management Agency.

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID FEMA-2016-0002; Internal Agency Docket No. FEMA-B-1539]

Proposed Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency; DHS.

ACTION: Notice; correction.

SUMMARY: On October 27, 2015, FEMA published in the **Federal Register** a proposed flood hazard determination notice at 80 FR 65789 that contained a table which included a Web page address through which the Preliminary Flood Insurance Rate Map (FIRM), and where applicable, the Flood Insurance Study (FIS) report for the communities listed in the table could be accessed. The information available through the Web page address has been updated. Subsequently, FEMA is no longer proposing flood hazard determination changes for the City of Atlanta as identified in the above-referenced publication. The table provided here represents the proposed flood hazard determinations and communities affected for Clayton County, Georgia, and Incorporated Areas.

DATES: Comments are to be submitted on or before May 17, 2016.

ADDRESSES: The Preliminary FIRM, and where applicable, the FIS report for each community are available for inspection at both the online location and the respective Community Map Repository address listed in the table below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at www.msfc.fema.gov for comparison.

You may submit comments, identified by Docket No. FEMA-B-1539, to Luis Rodriguez, Chief, Engineering

Management Branch, Federal Insurance and Mitigation Administration, FEMA, 500 C Street SW., Washington, DC 20472, (202) 646–4064, or (email) Luis.Rodriguez3@fema.dhs.gov.

FOR FURTHER INFORMATION CONTACT: Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, FEMA, 500 C Street SW., Washington, DC 20472, (202) 646–4064 or (email) Luis.Rodriguez3@fema.dhs.gov; or visit the FEMA Map Information eXchange (FMIX) online at www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: FEMA proposes to make flood hazard determinations for each community listed in the table below, in accordance with Section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed flood hazard determinations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities.

These flood hazard determinations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after the FIRM and FIS report become effective.

Use of a Scientific Resolution Panel (SRP) is available to communities in support of the appeal resolution process. SRPs are independent panels of experts in hydrology, hydraulics, and other pertinent sciences established to review conflicting scientific and technical data and provide recommendations for resolution. Use of the SRP may only be exercised after FEMA and local communities have been engaged in a collaborative consultation process for at least 60 days without a mutually acceptable resolution of an appeal. Additional information regarding the SRP process can be found online at http://floodsrp.org/pdfs/srp_fact_sheet.pdf.

The communities affected by the flood hazard determinations are provided in the table below. Any request for reconsideration of the revised flood hazard determinations shown on the Preliminary FIRM and FIS report that satisfies the data requirements outlined in 44 CFR 67.6(b) is considered an appeal. Comments unrelated to the flood hazard determinations will also be considered

before the FIRM and FIS report are made final.

Correction

In the proposed flood hazard determination notice published at 80 FR 65789 in the October 27, 2015, issue of the **Federal Register**, FEMA published a table titled “Clayton County, Georgia, and Incorporated Areas”. This table contained a Web page address through which the Preliminary FIRM, and where applicable, the FIS report for the communities listed in the table could be accessed online. The information available through the Web page address has been updated and is to be used in lieu of the information previously available. Subsequently, FEMA is no longer proposing flood hazard determination changes for the City of Atlanta as identified in the above-referenced publication.

In this document, FEMA is publishing a table containing the accurate information. The information provided below should be used in lieu of that previously published.

DEPARTMENT OF HOMELAND SECURITY**Federal Emergency Management Agency**

[Docket ID FEMA-2016-0002]

Final Flood Hazard Determinations**AGENCY:** Federal Emergency Management Agency, DHS.**ACTION:** Final Notice.

SUMMARY: Flood hazard determinations, which may include additions or modifications of Base Flood Elevations (BFEs), base flood depths, Special Flood Hazard Area (SFHA) boundaries or zone designations, or regulatory floodways on the Flood Insurance Rate Maps (FIRMs) and where applicable, in the supporting Flood Insurance Study (FIS) reports have been made final for the communities listed in the table below.

The FIRM and FIS report are the basis of the floodplain management measures that a community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the Federal Emergency Management Agency's (FEMA's) National Flood Insurance Program (NFIP). In addition, the FIRM and FIS report are used by insurance agents and others to calculate appropriate flood insurance premium

rates for buildings and the contents of those buildings.

DATES: The effective date of April 19, 2016 which has been established for the FIRM and, where applicable, the supporting FIS report showing the new or modified flood hazard information for each community.

ADDRESSES: The FIRM, and if applicable, the FIS report containing the final flood hazard information for each community is available for inspection at the respective Community Map Repository address listed in the tables below and will be available online through the FEMA Map Service Center at www.msfc.fema.gov by the effective date indicated above.

FOR FURTHER INFORMATION CONTACT: Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, FEMA, 500 C Street SW., Washington, DC 20472, (202) 646-4064, or (email) Luis.Rodriguez3@fema.dhs.gov; or visit the FEMA Map Information eXchange (FMIX) online at www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) makes the final determinations listed below for the new or modified flood hazard information for each

community listed. Notification of these changes has been published in newspapers of local circulation and 90 days have elapsed since that publication. The Deputy Associate Administrator for Mitigation has resolved any appeals resulting from this notification.

This final notice is issued in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR part 67. FEMA has developed criteria for floodplain management in floodprone areas in accordance with 44 CFR part 60.

Interested lessees and owners of real property are encouraged to review the new or revised FIRM and FIS report available at the address cited below for each community or online through the FEMA Map Service Center at www.msfc.fema.gov.

The flood hazard determinations are made final in the watersheds and/or communities listed in the table below. (Catalog of Federal Domestic Assistance No. 97.022, "Flood Insurance.")
