INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 731–TA–1349, 1352, and 1357 (Final)]

Carbon and Certain Alloy Steel Wire Rod From Belarus, Russia, and the United Arab Emirates

Determinations

On the basis of the record [1] developed in the subject investigations, the United States International Trade Commission (''Commission'') determines, pursuant to the Tariff Act of 1930 (''the Act''), that an industry in the United States is materially injured by reason of imports of carbon and certain alloy steel wire rod from Belarus, Russia, and the United Arab Emirates, provided for in subheadings 7213.91.30, 7213.91.45, 7213.91.60, 7213.99.00, 7227.20.00, and 7227.90.60 of the Harmonized Tariff Schedule of the United States, that have been found by the Department of Commerce (''Commerce'') to be sold in the United States at less than fair value (''LTFV'').[2]

Background

The Commission, pursuant to section 735(b) of the Act (19 U.S.C. 1673d(b)), instituted these investigations effective March 28, 2017, following receipt of a petition filed with the Commission and Commerce by Charter Steel, Saukville, Wisconsin; Gerdau Ameristeel US Inc., Tampa, Florida; Keystone Consolidated Industries, Inc., Peoria, Illinois; and Nucor Corporation, Charlotte, North Carolina. The Commission scheduled the final phase of the investigations following notification of preliminary determinations by Commerce that imports of carbon and certain alloy steel wire rod from Belarus, Russia, and the United Arab Emirates were being sold at LTFV within the meaning of section 733(b) of the Act (19 U.S.C. 1673b(b)). Notice of the scheduling of the final phase of the Commission's investigations and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of September 20, 2017 (82 FR 44001). The hearing was held in Washington, DC, on November 16, 2017 and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission made these determinations pursuant to section 735(b) of the Act (19 U.S.C. 1673d(b)). It completed and filed its determinations in these investigations on January 11, 2018. The views of the Commission are contained in USITC Publication 4752, January 2018, entitled *Carbon and Certain Alloy Steel Wire Rod From Belarus, Russia, and the United Arab Emirates: Investigation Nos. 731–TA–1349, 1352, and 1357 (Final).*

By order of the Commission.

Issued: January 2018.

Lisa R. Barton,

Secretary to the Commission.

BILLING CODE 7020–02–P

[1] The record is defined in sec. 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

[2] The Commission also finds that imports of wire rod subject to Commerce's affirmative critical circumstances determination are not likely to undermine seriously the remedial effect of the antidumping duty order on Russia.
