[Release No. 34–83527; File No. SR–NASDAQ–2018–048]

### Self-Regulatory Organizations; The Nasdaq Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Extend the Exchange's Penny Pilot Program

June 26, 2018

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),<sup>1</sup> and Rule 19b–4 thereunder,<sup>2</sup> notice is hereby given that on June 25, 2018, The Nasdaq Stock Market LLC (“Nasdaq” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Chapter VI, Section 5 (Minimum Increments)<sup>3</sup> of the rules of The Nasdaq Options Market (“NOM”) to extend through December 31, 2018 or the date of permanent approval, if earlier, the Penny Pilot Program in options classes in certain issues (“Penny Pilot” or “Pilot”), and to change the date when delisted classes may be replaced in the Penny Pilot.

The text of the proposed rule change is set forth below. Proposed new language is *italicized* and proposed deleted language is in brackets.

#### Sec. 5 Minimum Increments

(a) The Board may establish minimum quoting increments for options contracts traded on NOM. Such minimum increments established by the Board will be designated as a stated policy, practice, or interpretation with respect to the administration of this Section within the meaning of Section 19 of the

Exchange Act and will be filed with the SEC as a rule change for effectiveness upon filing. Until such time as the Board makes a change in the increments, the following principles shall apply:

(1)–(2) No Change.

(3) For a pilot period scheduled to expire on [June 30, 2018] *December 31, 2018* or the date of permanent approval, if earlier, if the options series is trading pursuant to the Penny Pilot program one (1) cent if the options series is trading at less than \$3.00, five (5) cents if the options series is trading at \$3.00 or higher, unless for QQQs, SPY and IWM where the minimum quoting increment will be one cent for all series regardless of price. A list of such options shall be communicated to membership via an Options Trader Alert (“OTA”) posted on the Exchange's website.

The Exchange may replace any pilot issues that have been delisted with the next most actively traded multiply listed options classes that are not yet included in the pilot, based on trading activity in the previous six months. The replacement issues may be added to the pilot on the second trading day following [January 1, 2018] *July 1, 2018*.

(4) No Change.

(b) No Change.

#### II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

##### A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

###### 1. Purpose

The purpose of this filing is to amend Chapter VI, Section 5, to extend the Penny Pilot through December 31, 2018

or the date of permanent approval, if earlier,<sup>4</sup> and to change the date when delisted classes may be replaced in the Penny Pilot. The Exchange believes that extending the Penny Pilot will allow for further analysis of the Penny Pilot and a determination of how the program should be structured in the future.

Under the Penny Pilot, the minimum price variation for all participating options classes, except for the Nasdaq-100 Index Tracking Stock (“QQQQ”), the SPDR S&P 500 Exchange Traded Fund (“SPY”) and the iShares Russell 2000 Index Fund (“IWM”), is \$0.01 for all quotations in options series that are quoted at less than \$3 per contract and \$0.05 for all quotations in options series that are quoted at \$3 per contract or greater. QQQQ, SPY and IWM are quoted in \$0.01 increments for all options series. The Penny Pilot is currently scheduled to expire on June 30, 2018.<sup>5</sup>

The Exchange proposes to extend the time period of the Penny Pilot through December 31, 2018 or the date of permanent approval, if earlier, and to provide a revised date for adding replacement issues to the Penny Pilot. The Exchange proposes that any Penny Pilot Program issues that have been delisted may be replaced on the second trading day following July 1, 2018. The replacement issues will be selected based on trading activity in the previous six months.<sup>6</sup>

This filing does not propose any substantive changes to the Penny Pilot Program; all classes currently participating in the Penny Pilot will remain the same and all minimum increments will remain unchanged. The Exchange believes the benefits to public customers and other market participants who will be able to express their true prices to buy and sell options have been demonstrated to outweigh the potential increase in quote traffic.

<sup>4</sup> The options exchanges in the U.S. that have pilot programs similar to the Penny Pilot (together “pilot programs”) are currently working on a proposal for permanent approval of the respective pilot programs.

<sup>5</sup> See Securities Exchange Act Release No. 82365 (December 19, 2017), 82 FR 61070 (December 26, 2017) (SR–NASDAQ–2017–130).

<sup>6</sup> The replacement issues will be announced to the Exchange's membership via an Options Trader Alert (OTA) posted on the Exchange's website. Penny Pilot replacement issues will be selected based on trading activity in the previous six months, as is the case today. The replacement issues would be identified based on The Options Clearing Corporation's trading volume data. For example, for the July replacement, trading volume from December 1, 2017 through May 31, 2018 would be analyzed. The month immediately preceding the replacement issues' addition to the Pilot Program (*i.e.*, June) would not be used for purposes of the six-month analysis.

<sup>2</sup> 17 CFR 240.19b–4.

<sup>3</sup> References herein to Chapter and Series refer to rules of the NASDAQ Options Market (“NOM”), unless otherwise noted.

## 2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,<sup>7</sup> in general, and furthers the objectives of Section 6(b)(5) of the Act,<sup>8</sup> in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest.

In particular, the proposed rule change, which extends the Penny Pilot for an additional six months through December 31, 2018 or the date of permanent approval, if earlier, and changes the date for replacing Penny Pilot issues that were delisted to the second trading day following July 1, 2018, will enable public customers and other market participants to express their true prices to buy and sell options for the benefit of all market participants. This is consistent with the Act.

### *B. Self-Regulatory Organization's Statement on Burden on Competition*

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. To the contrary, this proposal is pro-competitive because it allows Penny Pilot issues to continue trading on the Exchange.

Moreover, the Exchange believes that the proposed rule change will allow for further analysis of the Pilot and a determination of how the Pilot should be structured in the future; and will serve to promote regulatory clarity and consistency, thereby reducing burdens on the marketplace and facilitating investor protection.

The Pilot is an industry-wide initiative supported by all other option exchanges. The Exchange believes that extending the Pilot will allow for continued competition between market participants on the Exchange trading similar products as their counterparts on other exchanges, while at the same time allowing the Exchange to continue to compete for order flow with other exchanges in option issues trading as part of the Pilot.

### *C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

No written comments were either solicited or received.

## III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act<sup>9</sup> and Rule 19b-4(f)(6) thereunder.<sup>10</sup> Because the proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6)(iii) thereunder.

A proposed rule change filed under Rule 19b-4(f)(6)<sup>11</sup> normally does not become operative prior to 30 days after the date of the filing.<sup>12</sup> However, pursuant to Rule 19b-4(f)(6)(iii),<sup>13</sup> the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because doing so will allow the Pilot Program to continue without interruption in a manner that is consistent with the Commission's prior approval of the extension and expansion of the Pilot Program and will allow the Exchange and the Commission additional time to analyze the impact of the Pilot Program.<sup>14</sup> Accordingly, the Commission designates the proposed

rule change as operative upon filing with the Commission.<sup>15</sup>

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)<sup>16</sup> of the Act to determine whether the proposed rule change should be approved or disapproved.

## IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

### *Electronic Comments*

- Use the Commission's internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to [rule-comments@sec.gov](mailto:rule-comments@sec.gov). Please include File Number SR-NASDAQ-2018-048 on the subject line.

### *Paper Comments*

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090. All submissions should refer to File Number SR-NASDAQ-2018-048. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–83525; File No. SR–BOX–2018–20]

### Self-Regulatory Organizations; BOX Options Exchange LLC; Notice of Filing of Proposed Rule Change To Amend BOX Rule 7300 (Preferred Orders) To Provide an Additional Allocation Preference to Preferred Market Makers

June 26, 2018.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),<sup>1</sup> and Rule 19b–4 thereunder,<sup>2</sup> notice is hereby given that on June 13, 2018, BOX Options Exchange LLC (the “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization’s Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange proposes to amend BOX Rule 7300 (Preferred Orders) to provide an additional allocation preference to Preferred Market Makers. The text of the proposed rule change is available from the principal office of the

Exchange, at the Commission’s Public Reference Room and also on the Exchange’s internet website at <http://boxoptions.com>.

#### II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

##### A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

###### 1. Purpose

The Exchange proposes to amend BOX Rule 7300 (Preferred Orders) to provide an additional allocation preference to Preferred Market Makers. Specifically, the Exchange is proposing to provide Preferred Market Makers with a small size order allocation preference.

###### Background

The Exchange has rules to allow BOX Options Participants (“Participants”) to submit orders for which a Market Maker is designated to receive an allocation preference on the Exchange (“Preferred Orders”).<sup>3</sup> The rules provide for the enhanced allocation to the Preferred Market Maker<sup>4</sup> only when the Preferred Market Maker is quoting at NBBO.

A Preferred Order is any order submitted by a Participant to the Exchange for which a Preferred Market Maker is designated to receive execution priority, with respect to a portion of the Preferred Order, upon meeting certain qualifications.<sup>5</sup> Preferred Orders are submitted by a Participant by designating an order as such and identifying a Preferred Market Maker when entering the order.

In order for a Preferred Market Maker to be eligible to receive Preferred Orders, they must maintain heightened quoting activity. Specifically, a

Preferred Market Maker must maintain a continuous two-sided market, throughout the trading day, in 99% of the non-adjusted option series of each class for which it accepts Preferred Orders, for 90% of the time the Exchange is open for trading in each such option class.<sup>6</sup> A Preferred Market Maker is not required to quote in intra-day add-on series or series that have a time to expiration of nine months or more in the classes for which it receives Preferred Orders.

###### Small Size Orders

The Exchange is now proposing to amend Rule 7300 to provide an additional allocation preference to Preferred Market Makers. Specifically, the Exchange is proposing that small size Preferred Orders will be allocated in full to the Preferred Market Maker, subject to certain conditions described below.<sup>7</sup> Small size orders are defined as five (5) or fewer contracts.

In order for the Preferred Market Makers to be allocated the small size order, they must be quoting at the NBBO when they receive the Preferred Order. As is the case with the current allocation of Preferred Orders, all orders from the account of Public Customers, if any, will continue to be allocated for execution against the Preferred Order first. The Preferred Market Maker will only receive the small size order allocation if there are contracts remaining after any Public Customer orders receive an allocation against the Preferred Order. A Preferred Market Maker may only be allocated up to the size of their quote.

The Exchange will monitor the frequency in which Preferred Market Makers receive the small size order allocation. Specifically, the Exchange will review the proposed provision quarterly and will maintain the small order size at a level that will not allow small size orders executed by Preferred Market Makers to account for more than 40% of the volume executed on the Exchange.

The Exchange does not believe the proposal raises any new or novel issues. Currently, the vast majority of options exchanges provide a small lot allocation preference to specialists,<sup>8</sup> with the
