

technical standards; thus, the requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) do not apply.

The Congressional Review Act (CRA), 5 U.S.C. 801 *et seq.*, generally provides that before certain actions may take effect, the agency promulgating the action must submit a report, which includes a copy of the action, to each House of the Congress and to the Comptroller General of the United States. This final action is exempt from the CRA because it is a rule relating to agency management or personnel and a rule of agency organization, procedure or practice that does not substantially affect the rights or obligations of non-agency parties.

National Oil and Hazardous Substances Pollution Contingency Plan; National Priorities List: Deletion of the Frontier Hard Chrome, Inc. Superfund Site

AGENCY: Environmental Protection Agency.

ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) Region 10 announces the deletion of the Frontier Hard Chrome, Inc. (FHC) Superfund Site (Site) located in Vancouver, Washington, from the National Priorities List (NPL). The NPL, promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability

Act (CERCLA) of 1980, as amended, is an appendix of the National Oil and Hazardous Substances Pollution Contingency Plan (NCP). The EPA and the State of Washington, through the Department of Ecology, have determined that all appropriate response actions under CERCLA have been completed. However, this deletion does not preclude future actions under Superfund.

DATES: This action is effective August 6, 2018.

ADDRESSES:

Docket: EPA has established a docket for this action under Docket Identification No. EPA-HQ-SFUND-1983-0002. All documents in the docket are listed on the <http://www.regulations.gov> website. Although listed in the index, some information is not publicly available, *i.e.*, Confidential Business Information or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically through <http://www.regulations.gov> or in hard copy at the site information repositories. Locations, contacts, phone numbers and viewing hours are:

Records Center, U.S. EPA Region 10, 1200 Sixth Avenue, Suite 155, Seattle, Washington, 206-553-4494, Monday through Friday, except Federal holidays, between 9:00 a.m. and 5:00 p.m.

Vancouver Community Library, 901 C Street, Vancouver, Washington, 360-906-5000, between 9:00 a.m. and 8:00 p.m. Monday to Thursday, or 10:00 a.m. and 6:00 p.m. Friday to Sunday.

FOR FURTHER INFORMATION CONTACT:

Jeremy Jennings, Remedial Project Manager, U.S. Environmental Protection Agency, Region 10, 1200 Sixth Avenue, Suite 155, ECL-122, Seattle, Washington 98101-3123, telephone: 206-553-2724, email: jennings.jeremy@epa.gov.

SUPPLEMENTARY INFORMATION: The site to be deleted from the NPL is: Frontier Hard Chrome, Inc., Vancouver, Washington. A Notice of Intent to Delete for this Site was published in the **Federal Register** (83 FR 23409-23412) on May 21, 2018.

The closing date for comments on the Notice of Intent to Delete was June 20, 2018. One anonymous comment was received. The comment did not oppose deletion of the Site from the NPL, and included a non-Site specific gratuitous statement about the EPA Administrator. Since the comment was not adverse to

the intended EPA action, there is no need to evaluate or respond. EPA continues to believe that the Site meets the National Contingency Plan deletion criteria, and is proceeding with deletion of the Site from the NPL. A Responsiveness Summary was prepared and placed in both the docket, EPA-HQ-SFUND-1983-0002, www.regulations.gov and in the site information repositories listed above.

EPA maintains the NPL as the list of sites that appear to present a significant risk to public health, welfare, or the environment. Deletion from the NPL does not preclude further remedial action. Whenever there is a significant release from a site deleted from the NPL, the deleted site may be restored to the NPL without application of the hazard ranking system. Deletion of a site from the NPL does not affect responsible party liability in the unlikely event that future conditions warrant further actions.

44 CFR Part 64

[Docket ID FEMA-2018-0002; Internal Agency Docket No. FEMA-8541]

Suspension of Community Eligibility

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Final rule.

SUMMARY: This rule identifies communities where the sale of flood insurance has been authorized under the National Flood Insurance Program (NFIP) that are scheduled for suspension on the effective dates listed within this rule because of noncompliance with the floodplain management requirements of the program. If the Federal Emergency Management Agency (FEMA) receives documentation that the community has adopted the required floodplain management measures prior to the effective suspension date given in this rule, the suspension will not occur and a notice of this will be provided by publication in the **Federal Register** on a subsequent date. Also, information identifying the current participation status of a community can be obtained from FEMA's Community Status Book (CSB). The CSB is available at <https://www.fema.gov/national-flood-insurance-program-community-status-book>.

DATES: The effective date of each community's scheduled suspension is the third date (“Susp.”) listed in the third column of the following tables.

FOR FURTHER INFORMATION CONTACT: If you want to determine whether a particular community was suspended on the suspension date or for further information, contact Adrienne L. Sheldon, PE, CFM, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 400 C Street SW, Washington, DC 20472, (202) 212-3966.

SUPPLEMENTARY INFORMATION: The NFIP enables property owners to purchase Federal flood insurance that is not otherwise generally available from private insurers. In return, communities agree to adopt and administer local floodplain management measures aimed at protecting lives and new construction from future flooding. Section 1315 of the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4022, prohibits the sale of NFIP flood
