HSRB members serve as special government employees or regular government employees. Members are appointed by the EPA Administrator for either two or three year terms with the possibility of reappointment for additional terms, with a maximum of six years of service. The HSRB convenes on average four times a year, with most of the meetings being virtual. The average workload for HSRB members is approximately 20 hours per meeting, including the time spent at the meeting. Responsibilities of HSRB members include reviewing extensive background materials prior to meetings of the Board, preparing draft responses to Agency charge questions, attending Board meetings, participating in the discussion and deliberations at these meetings, drafting assigned sections of meeting reports, and assisting with the finalization of HSRB reports. EPA compensates special government employees for their time and provides reimbursement for travel and other incidental expenses associated with official government business related to the HSRB meetings. EPA values and welcomes diversity. In an effort to obtain nominations of diverse candidates, EPA encourages nominations of women and men of all racial and ethnic groups, as well as from a variety of backgrounds (e.g., industry, non-profit organizations, academia, and government).

Candidates not selected for HSRB membership at this time may be considered for HSRB membership as vacancies arise in the future or for service as consultants to the HSRB.

Members of the HSRB are subject to the provisions of 5 CFR part 2634, Executive Branch Financial Disclosure, as supplemented by the EPA in 5 CFR part 6401. In anticipation of this requirement, each nominee will be asked to submit confidential financial information that fully discloses, among other financial interests, the candidate's employment, stocks and bonds, and where applicable, sources of research support. The information provided is strictly confidential and will not be disclosed to the public. Before a candidate is considered further for service on the HSRB, EPA will evaluate each candidate to assess whether there is any conflict of financial interest, appearance of a lack of impartiality, or prior involvement with matters likely to be reviewed by the Board.

Nominations will be evaluated on the basis of several criteria, including: The professional background, expertise, and

experience that would contribute to the diversity of perspectives of the committee; interpersonal, oral, and written communication skills and other attributes that would contribute to the HSRB's collaborative process; consensus building skills; absence of any financial conflicts of interest or the appearance of a lack of impartiality, or lack of independence, or bias; and the availability to participate in meetings and administrative sessions, participate in teleconferences, develop policy recommendations to the Administrator, and prepare recommendations and advice in reports.

Nominations should include a resume or curriculum vitae providing the nominee's educational background, qualifications, leadership positions in national associations or professional societies, relevant research experience and publications along with a short (one page) biography describing how the nominee meets the above criteria and other information that may be helpful in evaluating the nomination, as well as the nominee's current business address, email address, and daytime telephone number. Interested candidates may self-nominate.

To help the Agency in evaluating the effectiveness of its outreach efforts, nominees are requested to inform the Agency of how you learned of this opportunity.

Final selection of HSRB members is a discretionary function of the Agency and will be announced on the HSRB website at <https://www.epa.gov/osa/human-studies-review-board> as soon as selections are made.

FEDERAL RETIREMENT THRIFT INVESTMENT BOARD

Privacy Act of 1974; System of Records

AGENCY: Federal Retirement Thrift Investment Board (FRTIB).

ACTION: Notice of modified system of records.

SUMMARY: Pursuant to the Privacy Act of 1974, the Federal Retirement Thrift Investment Board (FRTIB) is proposing to modify its system of records for fraud and forgery records. Records contained in this system are used to investigate potential or actual fraud against TSP participant or beneficiary accounts. FRTIB is modifying this system of records to account for its process for addressing new alerts the Financial Services Information Sharing and Analysis Center (FS-ISAC) sends to FRTIB to better help protect and secure participant account information.

DATES: This system will become effective upon its publication in today's **Federal Register**. FRTIB is not proposing any changes to the routine uses.

ADDRESSES: You may submit written comments to FRTIB by any one of the following methods:

- *Federal eRulemaking Portal:* <https://www.regulations.gov>. Follow the website instructions for submitting comments.

- *Fax:* (202) 942-1676.

FOR FURTHER INFORMATION CONTACT:

20002, (202) 942-1600. For access to any of the FRTIB's system of records, contact Amanda Haas, FOIA Officer, Office of General Counsel, at the above address and phone number.

SUPPLEMENTARY INFORMATION: FRTIB is proposing to modify its system of records for fraud and forgery records, entitled, "FRTIB-13, Fraud and Forgery Records." The proposed changes are necessary because they enable the FRTIB to protect participant accounts based on additional information FRTIB receives from the FS-ISAC, concerning account credentials that may have been compromised. FRTIB is proposing to amend the purpose of the system of records to provide additional context around how the Agency protects participant accounts from fraudulent activity. FRTIB is proposing to change the categories of individuals covered by the system, to include information about participants and beneficiaries who may be actual or potential victims of fraud.

Additionally, FRTIB is proposing to modify the category of records in the system to include telephone numbers, IP addresses, and notifications from FS-ISAC, which includes potentially or actually compromised credentials participants use to log into their TSP account online. FRTIB is also proposing a change to record source categories to include FS-ISAC. Finally, FRTIB is proposing technical and clarifying language to conform to the standards established in OMB Circular A-108, but these changes are not substantive in nature. FRTIB is not proposing modifications to its routine uses or exemptions claimed.
