

that they will be filing cover the 2018 reporting period (*i.e.*, from January 2018 through December 2018). Certifications covering the 2019 reporting period will be due by January 15, 2020 and then by January 15 following each subsequent reporting period.

The OMB Control Number for the information collection requirements associated with §§ 20.19(e), (h), and (i) is 3060–0999. If you have any comments on the burden estimates listed below, or how the Commission can improve the collections and reduce any burdens caused thereby, please contact Cathy Williams, Federal Communications Commission, Room 1–C823, 445 12th Street SW, Washington, DC 20554. Please reference OMB Control Number 3060–0999 in your correspondence. The Commission will also accept your comments via email at PRA@fcc.gov.

To request materials in accessible formats for people with disabilities (Braille, large print, electronic files, audio format), send an email to fcc504@fcc.gov or call the Consumer and Governmental Affairs Bureau at (202) 418–0530 (voice), (202) 418–0432 (TTY).

Synopsis

As required by the Paperwork Reduction Act of 1995 (44 U.S.C. 3507), the Commission is notifying the public that it received final OMB approval on June 25, 2019, for the information collection requirements contained in the revisions to §§ 20.19(e), (h), and (i).

Under 5 CFR part 1320, an agency may not conduct or sponsor a collection of information unless it displays a current, valid OMB Control Number.

No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act that does not display a current, valid OMB Control Number. The OMB Control Number for this information collection is 3060–0999.

The foregoing notice is required by the Paperwork Reduction Act of 1995, Public Law 104–13, October 1, 1995, and 44 U.S.C. 3507.

The total annual reporting burdens and costs for the respondents are as follows:

OMB Control Number: 3060–0999.

OMB Approval Date: June 25, 2019.

OMB Expiration Date: June 30, 2022.

Title: Hearing Aid Compatibility Status Report and Section 20.19, Hearing Aid-Compatible Mobile Handsets (Hearing Aid Compatibility Act).

Form Number: FCC Form 655 and FCC Form 855.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit entities.

Number of Respondents and Responses: 934 respondents; 934 responses.

Estimated Time per Response: 13.9710921 hours per response (average).

Frequency of Response: On occasion and annual reporting requirements, recordkeeping requirement and third-party disclosure requirement.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. 154(i), 303(r), and 610.

Total Annual Burden: 13,049 hours.

Total Annual Cost: No cost.

Privacy Act Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: Information requested in the reports and certifications may include confidential information. However, covered entities are allowed to request that such materials submitted to the Commission be withheld from public inspection.

Needs and Uses: In the Report and Order, the Commission revised the information that wireless service providers must post on their publicly accessible websites concerning the hearing aid compatibility of the handsets that they offer and required service providers to retain this information on their websites for a period of time for those handsets that a service provider stops offering. The Commission took these steps to improve the information that is available to consumers about the hearing aid compatibility of wireless handsets offered by service providers and to make sure that consumers have access to this information for handsets that they might be using but are no longer being offered by their service provider. Further, the Commission reduced regulatory burden by eliminating the requirement that service providers annually file electronic FCC Form 655 and replaced this requirement with an annual streamlined certification requirement to be completed using the Commission's new electronic FCC Form 855. Handset manufacturers, however, will continue to annually file electronic FCC Form 655. Electronic FCC Forms 655 and 855 are the principle means by which the Commission ensures that handset manufacturers and service providers are in compliance with the Commission's hearing aid compatibility provisions.

List of Subjects in 47 CFR Part 20

Communications common carriers, Communications equipment, Radio, Federal Communications Commission.

Marlene Dortch,
Secretary.

Final Rules

For the reasons discussed in the preamble, the Federal Communications Commission amends 47 CFR part 20 as follows.

PART 20—COMMERCIAL MOBILE SERVICES

■ 1. The authority citation for part 20 continues to read as follows.

Authority: 47 U.S.C. 151, 152(a) 154(i), 157, 160, 201, 214, 222, 251(e), 301, 302, 303, 303(b), 303(r), 307, 307(a), 309, 309(j)(3), 316, 316(a), 332, 610, 615, 615a, 615b, 615c, unless otherwise noted.

§ 20.19 [Amended]

■ 2. Amend § 20.19 by removing paragraph (m).

BILLING CODE 6712–01–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 665

RIN 0648–XG925

Pacific Island Pelagic Fisheries; 2019 U.S. Territorial Longline Bigeye Tuna Catch Limits for the Commonwealth of the Northern Mariana Islands

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Announcement of a valid specified fishing agreement.

SUMMARY: NMFS announces a valid specified fishing agreement that allocates up to 1,000 metric tons (t) of the 2019 bigeye tuna limit for the Commonwealth of the Northern Mariana Islands (CNMI) to U.S. longline fishing vessels. The agreement supports the long-term sustainability of fishery resources of the U.S. Pacific Islands, and fisheries development in the CNMI.

DATES: The specified fishing agreement is valid on July 19, 2019.

ADDRESSES: The Fishery Ecosystem Plan for Pelagic Fisheries of the Western Pacific (Pelagic FEP) describes specified fishing agreements and is available from the Western Pacific Fishery

Management Council (Council), 1164 Bishop St., Suite 1400, Honolulu, HI 96813, tel 808-522-8220, fax 808-522-8226, or <http://www.wpcouncil.org>.

NMFS prepared environmental analyses that describe the potential impacts on the human environment that would result from the action. The analyses, identified by NOAA-NMFS-2019-0028, are available from <https://www.regulations.gov/docket?D=NOAA-NMFS-2019-0028>, or from Michael D. Tosatto, Regional Administrator, NMFS Pacific Islands Region (PIR), 1845 Wasp Blvd., Bldg. 176, Honolulu, HI 96818.

FOR FURTHER INFORMATION CONTACT:

Rebecca Walker, NMFS PIRO Sustainable Fisheries, 808-725-5184.

SUPPLEMENTARY INFORMATION: In a final rule published on July 18, 2019, NMFS specified a 2019 limit of 2,000 t of longline-caught bigeye tuna for the U.S.

Pacific Island territories of American Samoa, Guam, and the CNMI (84 FR 34321). NMFS allows each territory to allocate up to 1,000 t of the 2,000 t limit to U.S. longline fishing vessels identified in a valid specified fishing agreement.

On July 18, 2019, NMFS received from the Council a specified fishing agreement between the CNMI and the Hawaii Longline Association (HLA). The Council's Executive Director advised that the specified fishing agreement was consistent with the criteria set forth in 50 CFR 665.819(c)(1). On July 19, 2019, NMFS reviewed the agreement and determined that it is consistent with the Pelagic FEP, the Magnuson-Stevens Fishery Conservation and Management Act, implementing regulations, and other applicable laws.

In accordance with 50 CFR 300.224(d) and 50 CFR 665.819(c)(9), vessels in the agreement may retain and land bigeye tuna in the western and central Pacific Ocean under the CNMI attribution limit. On July 20, 2019, NMFS began attributing bigeye tuna caught by vessels in the agreement to the CNMI. If NMFS determines that the fishery will reach the 1,000 t allocation limit, we will restrict the retention of bigeye tuna caught by vessels in the agreement, unless the vessels are included in a subsequent specified fishing agreement with another U.S. territory.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: July 29, 2019.

Alan D. Risenhoover,

*Director, Office of Sustainable Fisheries,
National Marine Fisheries Service.*
