Endangered and Threatened Wildlife
and Plants; Initiation of 5-Year Reviews
of Seven Northeastern Species

AGENCY: Fish and Wildlife Service,
Interior.

ACTION: Notice of initiation of reviews;
request for information.

SUMMARY: We, the U.S. Fish and
Wildlife Service (Service), are initiating
5-year reviews under the Endangered
Species Act, as amended (ESA), for
seven northeastern species. A 5-year
review is based on the best scientific
and commercial data available at the
time of the review. We are requesting
submission of any such information that
has become available since the previous
5-year review for each species.

DATES: To ensure consideration, please
submit your written information by
October 4, 2019. However, we will
continue to accept new information
about any listed species at any time.

ADDRESSES: For instructions on how and
where to submit information, see
Request for New Information and Table
2—Contacts under SUPPLEMENTARY
INFORMATION.

FOR FURTHER INFORMATION CONTACT: For
information regarding a particular
species, contact the appropriate person
or office listed in Table 2—Contacts in
SUPPLEMENTARY INFORMATION. For
general information, contact Martin
Miller, by U.S. mail at U.S. Fish and
Wildlife Service, 300 Westgate Center
Drive, Hadley, MA 01035; by telephone
at 413–253–8615; or by electronic mail
at martin_miller@fws.gov.

SUPPLEMENTARY INFORMATION: We, the
Service, are initiating 5-year reviews
under the ESA (16 U.S.C. 1531 *et seq.*)
for seven northeastern species: The
endangered Appalachian monkeyface
(pearlymussel), Hay’s spring amphipod,
Atlantic salmon (Gulf of Maine Distinct
Population Segment), and diamond
darter and the threatened Virginia
round-leafed birch, Virginia spiraea, and
swamp pink.

A 5-year review is based on the best
scientific and commercial data available
at the time of the review. We are
requesting submission of any such

information that has become available
since the most recent status review for
each species.

Why do we conduct 5-year reviews and
species status assessments?

Under the ESA, we maintain Lists of
Endangered and Threatened Wildlife
and Plants (which we collectively refer
to as the List) in title 50 of the Code of
Federal Regulations at 50 CFR 17.11(h)
(for wildlife) and 50 CFR 17.12(h) (for
plants). Listed wildlife and plants can
also be found at [http://ecos.fws.gov/
tess_public/pub/listedAnimals.jsp](http://ecos.fws.gov/tess_public/pub/listedAnimals.jsp) and
[http://ecos.fws.gov/tess_public/pub/
listedPlants.jsp](http://ecos.fws.gov/tess_public/pub/listedPlants.jsp), respectively. Section
4(c)(2)(A) of the ESA requires us to
review each listed species’ status at least
once every 5 years. Our regulations at 50
CFR 424.21 require that we publish a
notice in the **Federal Register**
announcing species under active
review. For additional information
about 5-year reviews, refer to our fact
sheet at [*http://www.fws.gov/*](http://www.fws.gov/)
*endangered/what-we-do/recovery-
overview.html*.

What species are under review?

We are initiating 5-year status reviews
of the species in table 1.

TABLE 1—SPECIES UNDER REVIEW

Common name	Scientific name	Status	Where listed	Listing date and citation
Animals				
Appalachian monkeyface ..	<i>Quadrula sparsa</i>	Endangered	Wherever found	41 FR 24062; 06/14/1976.
Hay’s spring amphipod	<i>Stygobromus hayi</i>	Endangered	Wherever found	47 FR 5425; 02/05/1982.
Atlantic salmon	<i>Salmo salar</i>	Endangered	Gulf of Maine Distinct Pop- ulation Segment.	74 FR 29344; 06/19/2009.
Diamond darter	<i>Crystallaria cincotta</i>	Endangered	Wherever found	78 FR 45074; 07/26/2013.
Plants				
Virginia round-leaf birch	<i>Betula uber</i>	Threatened	Wherever found	59 FR 59173; 11/16/1994.
Virginia spiraea	<i>Spiraea virginiana</i>	Threatened	Wherever found	55 FR 24241; 06/15/1990.
Swamp pink	<i>Helonius bullata</i>	Threatened	Wherever found	53 FR 35076; 09/09/1988.

What information do we consider in
our 5-year reviews and species status
assessments?

A 5-year review considers all new
information available at the time of the
review. In conducting the review, we
consider the best scientific and
commercial data that have become
available since the most recent status
review. We are seeking new information
specifically regarding:

- (1) Species biology, including but not
limited to life history and habitat
requirements and impact tolerance
thresholds;
- (2) Historical and current population
conditions, including but not limited to
population abundance, trends,

distribution, demographics, and
genetics;

- (3) Historical and current habitat
conditions, including but not limited to
amount, distribution, and suitability;
- (4) Historical and current threats,
threat trends, and threat projections in
relation to the five listing factors (as
defined in section 4(a)(1) of the ESA);
- (5) Conservation measures for the
species that have been implemented or
are planned; and
- (6) Other new information, data, or
corrections, including but not limited to
taxonomic or nomenclatural changes,
identification of erroneous information
contained in the List, and improved
analytical methods.

Any new information received will be
considered during the 5-year review and
will also be useful in evaluating ongoing
recovery programs for the species.

Request for New Information

To ensure that 5-year reviews are
based on the best available scientific
and commercial information, we request
new information from all sources. If you
submit information, please support it
with documentation such as maps,
bibliographic references, methods used
to gather and analyze the data, and/or
copies of any pertinent publications,
reports, or letters by knowledgeable
sources.

How do I ask questions or provide information?

Please submit your questions, comments, and materials to the appropriate contact in table 2. Individuals who are hearing impaired or speech impaired may call the Federal Relay Service at 800-877-8339 for TTY assistance.

Public Availability of Comments

Before including your address, phone number, electronic mail address, or other personal identifying information in your submission, you should be aware that your entire submission—including your personal identifying information—may be made publicly available at any time. Although you can request that personal information be withheld from public review, we cannot guarantee that we will be able to do so.

Materials received will be available for public inspection, by appointment, during normal business hours at the offices where the information is submitted.

Contacts

New information on the species covered in this notice should be submitted by mail or electronic mail to the appropriate contact person within the timeframe provided in **DATES**.

Request for Nominations for the Gateway National Recreation Area Fort Hancock 21st Century Advisory Committee

AGENCY: National Park Service, Interior.

ACTION: Request for nominations.

SUMMARY: The National Park Service, U.S. Department of the Interior, is requesting nominations for qualified persons to serve as members of the Gateway National Recreation Area Fort Hancock 21st Century Advisory Committee.

DATES: Written nominations must be received by October 4, 2019.

ADDRESSES: Nominations should be sent to Daphne Yun, U.S. Department of the Interior, National Park Service, Gateway National Recreation Area, Office of the Superintendent, 210 New York Avenue, Staten Island, New York 10305, or email daphne_yun@nps.gov.

FOR FURTHER INFORMATION CONTACT:

Daphne Yun, U.S. Department of the Interior, National Park Service, Gateway National Recreation Area, Sandy Hook Unit, 26 Hudson Road, Highlands, New Jersey 07732, or email at daphne_yun@nps.gov, or via telephone at (732) 872-5908.

SUPPLEMENTARY INFORMATION: The Gateway National Recreation Area Fort Hancock 21st Century Advisory Committee was established by authority of the Secretary of the Interior under 54 U.S.C. 100906, and in accordance with the Federal Advisory Committee Act (5 U.S.C. Appendix 2). The purpose of the Committee is to advise the Secretary of the Interior, through the Director of the National Park Service, on the development of a reuse plan and on matters relating to future uses of certain buildings at the Fort Hancock Historic District, located within the Sandy Hook

Unit of Gateway National Recreation Area in New Jersey.

The Committee consists of representatives from among, but not limited to, the following interest groups to represent a range of interests concerned with the management of Fort Hancock within the park and its impact on the local area: The natural resource community, the business community, the cultural resource community, the real estate community, the recreation community, the education community, the scientific community, and hospitality organizations. The Committee will also include representatives from the following municipalities: Borough of Highlands, Borough of Sea Bright, Borough of Rumson, Middletown Township, Monmouth County Freeholders, and Borough of Monmouth Beach. We are currently seeking members to represent all categories.

Nominations should be typed and should include a resume providing an adequate description of the nominee's qualifications, including information that would enable the Department of the Interior to make an informed decision regarding meeting the membership requirements of the Committee and permit the Department to contact a potential member.
