

authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it amends the Class E airspace extending upward from 700 feet above the surface at Mount Pleasant Municipal Airport, Mount Pleasant, IA, to support IFR operations at this airport.

### History

The FAA published a notice of proposed rulemaking in the **Federal Register** (84 FR 33193; July 12, 2019) for Docket No. FAA-2019-0472 to amend the Class E airspace extending upward from 700 feet above the surface at Mount Pleasant Municipal Airport, Mount Pleasant, IA. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received.

Class E airspace designations are published in paragraph 6005 of FAA Order 7400.11D, dated August 8, 2019, and effective September 15, 2019, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

### Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order 7400.11D, Airspace Designations and Reporting Points, dated August 8, 2019, and effective September 15, 2019. FAA Order 7400.11D is publicly available as listed in the **ADDRESSES** section of this document. FAA Order 7400.11D lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

### The Rule

This amendment to Title 14 Code of Federal Regulations (14 CFR) part 71 amends the Class E airspace extending upward from 700 feet above the surface to within a 6.4-mile radius (increased from a 6-mile radius) of the Mount Pleasant Municipal Airport, Mount Pleasant, IA; and removes the Mount Pleasant NDB and the associated

extension from the airspace legal description.

This action is the result of an airspace review caused by the decommissioning of the Mount Pleasant NDB, which provided navigation information for the instrument procedures at this airport.

### Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

### Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures," paragraph 5-6.5.a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

[Docket No. 190925-0044]

RIN 0694-AH68

### Addition of Certain Entities to the Entity List

**AGENCY:** Bureau of Industry and Security, Commerce.

**ACTION:** Final rule.

**SUMMARY:** This final rule amends the Export Administration Regulations (EAR) by adding twenty-eight entities to the Entity List. These twenty-eight entities have been determined by the U.S. Government to be acting contrary to the foreign policy interests of the United States and will be listed on the Entity List under the destination of the People's Republic of China (China).

**DATES:** This rule is effective October 9, 2019.

**FOR FURTHER INFORMATION CONTACT:** Chair, End-User Review Committee, Office of the Assistant Secretary, Export Administration, Bureau of Industry and Security, Department of Commerce, Phone: (202) 482-5991, Email: [ERC@bis.doc.gov](mailto:ERC@bis.doc.gov).

### SUPPLEMENTARY INFORMATION:

#### Background

The Entity List (15 CFR, Subchapter C, part 744, Supplement No. 4) identifies entities reasonably believed to be involved, or to pose a significant risk of being or becoming involved, in activities contrary to the national

security or foreign policy interests of the United States. The Export Administration Regulations (EAR) (15 CFR parts 730–774) impose additional license requirements on, and limits the availability of most license exceptions for, exports, reexports, and transfers (in country) to listed entities. The license review policy for each listed entity is identified in the “License review policy” column on the Entity List, and the impact on the availability of license exceptions is described in the relevant **Federal Register** notice adding entities to the Entity List. BIS places entities on the Entity List pursuant to part 744 (Control Policy: End-User and End-Use Based) and part 746 (Embargoes and Other Special Controls) of the EAR.

The End-User Review Committee (ERC), composed of representatives of the Departments of Commerce (Chair), State, Defense, Energy and, where appropriate, the Treasury, makes all decisions regarding additions to, removals from, or other modifications to the Entity List. The ERC makes all decisions to add an entry to the Entity List by majority vote and makes all decisions to remove or modify an entry by unanimous vote.

#### ERC Entity List Decisions

##### *Additions to the Entity List*

This rule implements the decision of the ERC to add twenty-eight entities to the Entity List. The twenty-eight entities are being added based on § 744.11 (License requirements that apply to entities acting contrary to the national security or foreign policy interests of the United States) of the EAR. The twenty-eight entries are located in China.

The ERC reviewed and applied § 744.11(b) (Criteria for revising the Entity List) in making the determination to add these twenty-eight entities to the Entity List. Under that paragraph, persons for whom there is reasonable cause to believe, based on specific and articulable facts, that they have been involved, are involved, or pose a significant risk of being or becoming involved in activities that are contrary to the national security or foreign policy interests of the United States, along with those acting on behalf of such persons, may be added to the Entity List. Paragraphs (b)(1) through (b)(5) of § 744.11 provide an illustrative list of activities that could be contrary to the national security or foreign policy interests of the United States. For each of the twenty-eight entities described below, the ERC made the requisite determination under the standard set forth in § 744.11(b).

Pursuant to § 744.11(b) of the EAR, the ERC determined that the Xinjiang Uighur Autonomous Region (XUAR) People’s Government Public Security Bureau, eighteen of its subordinate municipal and county public security bureaus and one other subordinate institute are engaging in activities contrary to the foreign policy interests of the United States, and eight additional entities are enabling activities contrary to the foreign policy interests of the United States. Specifically, these entities have been implicated in human rights violations and abuses in the implementation of China’s campaign of repression, mass arbitrary detention, and high-technology surveillance against Uighurs, Kazakhs, and other members of Muslim minority groups in the XUAR.

*The entities are as follows:* Xinjiang Uighur Autonomous Region (XUAR) People’s Government Public Security Bureau, eighteen of its subordinate municipal and county public security bureaus, and one other subordinate institute:—Aksu District Public Security Bureau; Altay Municipality Public Security Bureau; Bayingolin Mongolian Autonomous Prefecture Public Security Bureau; Boertala Mongolian Autonomous Prefecture Public Security Bureau; Changji Hui Autonomous Prefecture Public Security Bureau; Hami Municipality Public Security Bureau; Hetian Prefecture Public Security Bureau; Kashgar Prefecture Public Security Bureau; Kelamayi Municipality Public Security Bureau; Kezilesu Kyrgyz Autonomous Prefecture Public Security Bureau; Shihezi Municipality Public Security Bureau; Tacheng Prefecture Public Security Bureau; Tumushuke Municipal Public Security Bureau; Turfan Municipality Public Security Bureau; Urumqi Municipal Public Security Bureau; Wujiaqu Municipality Public Security Bureau; Xinjiang Police College; Xinjiang Production and Construction Corps (XPCC) Public Security Bureau; and Yili Kazakh Autonomous Prefecture Public Security Bureau.

*The following eight entities are also added to the Entity List as part of this rule:* Dahua Technology; Hikvision; IFLYTEK; Megvii Technology; Sense Time, Xiamen Meiya Pico Information Co. Ltd.; Yitu Technologies; and Yixin Science and Technology Co. Ltd. Pursuant to § 744.11(b) of the EAR, the ERC has determined that the conduct of these twenty-eight entities raises sufficient concern that prior review of exports, reexports or transfers (in-country) of all items subject to the EAR involving these entities, and the possible imposition of license

conditions or license denials on shipments to the persons, will enhance BIS’s ability to prevent items subject to the EAR from being used in activities contrary to the foreign policy of the United States.

For the twenty-eight entities described above that are being added to the Entity List, BIS imposes a license requirement for all items subject to the EAR and a license review policy of case-by-case review for Export Control Classification Numbers (ECCNs) 1A004.c, 1A004.d, 1A995, 1A999.a, 1D003, 2A983, 2D983, and 2E983. A policy of case-by-case review also applies to items designated as EAR99 that are described in the Note to ECCN 1A995, specifically, items for protection against chemical or biological agents that are consumer goods, packaged for retail sale or personal use, or medical products. BIS has adopted a license review policy of presumption of denial for all other items subject to the EAR. For all twenty-eight entities, the license requirements apply to any transaction in which items are to be exported, reexported, or transferred (in country) to any of the entities or in which such entities act as purchaser, intermediate consignee, ultimate consignee, or end user. In addition, no license exceptions are available for exports, reexports, or transfers (in-country) to the entities being added to the Entity List in this rule. The acronym “a.k.a.” or also known as is used in entries on the Entity List to identify aliases, thereby assisting exporters, reexporters and transferors in identifying entities on the Entity List.

This final rule adds the following twenty-eight entities to the Entity List and includes, where appropriate, aliases:

- Aksu District Public Security Bureau, including one alias (Aqsu District Public Security Bureau);
- Altay Municipality Public Security Bureau;

#### Export Control Reform Act of 2018

On August 13, 2018, the President signed into law the John S. McCain National Defense Authorization Act for

Fiscal Year 2019, which included the Export Control Reform Act of 2018 (ECRA) (50 U.S.C. 4801–4852) that provides the legal basis for BIS's principal authorities and serves as the authority under which BIS issues this rule. As set forth in Section 1768 of ECRA, all delegations, rules, regulations, orders, determinations, licenses, or other forms of administrative action that have been made, issued, conducted, or allowed to become effective under the Export Administration Act of 1979 (50 U.S.C. 4601 *et seq.*) (as in effect prior to August 13, 2018 and as continued in effect pursuant to the International Emergency Economic Powers Act (50 U.S.C. 1701 *et seq.*) and Executive Order 13222 of August 17, 2001, 3 CFR, 2001 Comp., p. 783 (2002), as amended by Executive Order 13637 of March 8, 2013, 78 FR 16129 (March 13, 2013), and as extended by the Notice of August 14, 2019, 84 FR 41881 (August 15, 2019)), or the Export Administration Regulations, and are in effect as of August 13, 2018, shall continue in effect according to their terms until modified, superseded, set aside, or revoked under the authority of ECRA.

#### Rulemaking Requirements

1. Executive Orders 13563 and 12866 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This rule has been determined to be not significant for purposes of Executive Order 12866. This rule is not an Executive Order 13771 regulatory action because this rule is not significant under Executive Order 12866.

2. Notwithstanding any other provision of law, no person is required to respond to or be subject to a penalty for failure to comply with a collection of information, subject to the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) (PRA), unless that collection of information displays a currently valid Office of Management and Budget (OMB) Control Number. This regulation involves collections previously approved by OMB under control number 0694–0088, Simplified Network Application Processing System, which includes, among other things, license

applications, and carries a burden estimate of 42.5.8 minutes for a manual or electronic submission.

Total burden hours associated with the PRA and OMB control number 0694–0088 are not expected to increase as a result of this rule. You may send comments regarding the collection of information associated with this rule, including suggestions for reducing the burden, to Jasmeet K. Seehra, Office of Management and Budget (OMB), by email to [Jasmeet.K.Seehra@omb.eop.gov](mailto:Jasmeet.K.Seehra@omb.eop.gov), or by fax to (202) 395–7285.

3. This rule does not contain policies with Federalism implications as that term is defined in Executive Order 13132.

4. Pursuant to § 1762 of the Export Control Reform Act of 2018, this action is exempt from the Administrative Procedure Act (5 U.S.C. 553) requirements for notice of proposed rulemaking, opportunity for public participation, and delay in effective date.

5. Because a notice of proposed rulemaking and an opportunity for public comment are not required to be given for this rule by 5 U.S.C. 553, or by any other law, the analytical requirements of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, are not applicable. Accordingly, no regulatory flexibility analysis is required and none has been prepared.
