SUPPLEMENTARY INFORMATION:

Background

On September 19, 2019, we published a proposed rule to revise existing critical habitat for endangered Southern Resident killer whales (84 FR 49214) under the ESA. This rule proposes to revise the critical habitat by designating six new marine areas along the U.S. West Coast. The specific new areas proposed for designation extend along the U.S. West Coast from the U.S. international border with Canada, south to Point Sur, California. Based on consideration of national security impacts, we are proposing to exclude from the designation one area off the coast of Washington. We are soliciting

public comment on this proposed rule through December 18, 2019.

On October 9, 2019, we published a proposed rule to designate critical habitat for the endangered Western North Pacific DPS, the endangered Central America DPS, and the threatened Mexico DPS of humpback whales under the ESA (84 FR 54354). Areas proposed as critical habitat include specific marine areas located off the coasts of California, Oregon, Washington, and Alaska. Based on consideration of national security and economic impacts, we are also proposing to exclude multiple areas from the designation for each DPS. We are soliciting comments on the proposed humpback whale critical habitat designations through December 9, 2019.

Public Hearings

Each of the public hearings will be conducted in the same manner. The hearings will begin with a brief presentation by NMFS that gives an overview of critical habitat under the ESA and a summary of the relevant proposed critical habitat designation(s). Following the presentation, members of the public will have the opportunity to provide oral comments on the record regarding the proposed designations. Members of the public will also have the opportunity to submit written comments at the hearing. Written comments may also be submitted at any time during the relevant public comment period via the Federal e-Rulemaking Portal. To do the latter, go to www.regulations.gov; and for Southern Resident killer whale critical habitat search on the docket ID "NOAA-NMFS-2014-0041"; for humpback whale critical habitat search on docket ID "NOAA-NMFS-2019-0066"; click the "Comment Now!" icon; then complete the required fields and enter or attach your comments. Note that all comments received are a part of the public record and will generally be posted for public viewing on www.regulations.gov without change. All personal identifying information (e.g., name, address, etc.), confidential business information, or otherwise sensitive information submitted voluntarily by the commenter will be publicly accessible. NMFS will accept anonymous comments (enter "N/A" in the required fields if you wish to remain anonymous). Attachments to electronic comments will be accepted in Microsoft Word, Excel, or Adobe PDF file formats only.

Reasonable Accommodations

People needing accommodations so that they may attend and participate at

the public hearings should submit a request for reasonable accommodations as soon as possible, and no later than 7 business days prior to the hearing date, by contacting Lisa Manning or Nancy Young (see **FOR FURTHER INFORMATION CONTACT**).
