

proposed settlement agreements, on EPA Region 1's website. The NOAs will explain that EPA is reopening and reexamining specific parts of the permits. EPA will email notifications of the Draft Permit Modifications to regulated parties, the parties to this mediation, and the other interested parties on EPA Region 1's NPDES permit mailing list. The NOAs will provide for at least a 30-day public comment period that may, in EPA's discretion, be extended. Pursuant to 40 CFR 124.12(a), if EPA determines that there is a significant degree of public interest in the Draft Permit Modifications, EPA may schedule a public hearing and publish a notice of hearing on the same web page as the NOAs. In addition, at the time EPA submits the NOAs for publication, EPA will ask Massachusetts and New Hampshire to provide a water quality certification pursuant to Section 401 of the Clean Water Act, 33 U.S.C. 1341. After considering any public comments, EPA will take final action on the Draft Permit Modifications ("Final Agency Action") within nine months of the Agency's posting of the NOAs of the Draft Permit Modifications on its website.

Regarding the proposed settlement agreement between EPA and the City of Lowell, Massachusetts, EPA similarly requests only comments on the settlement agreement. The proposed settlement agreement would commit EPA to take final action on Lowell's individual permit application in accordance with 40 CFR part 124, including providing public notice of any draft permit and offering opportunities for public comments and, if requested, public hearings on the permit's substantive requirements.

II. Additional Information About Commenting on the Proposed Settlement Agreements

A. How can I get a copy of the proposed settlement agreements?

The official public docket for this action (identified by EPA-HQ-OGC-2019-0685) contains copies of the proposed settlement agreements. The official public docket is available for public viewing at the EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the Docket Center is (202) 566-1752.

An electronic version of the public docket is available through www.regulations.gov. You may use www.regulations.gov to submit or view public comments, access the index listing of the contents of the official public docket, and access those documents in the public docket that are available electronically. Once in the system, key in the appropriate docket identification number then select "search." It is important to note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing online at www.regulations.gov without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. Information claimed as CBI and other information whose disclosure is restricted by statute is not included in the official public docket or in the electronic public docket.

EPA's policy is that copyrighted material, including copyrighted material contained in a public comment, will not be placed in EPA's electronic public docket but will be available only in printed, paper form in the official public docket. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the EPA Docket Center.

B. How and to whom do I submit comments?

You may submit comments as provided in the **ADDRESSES** section. Please ensure that your comments are submitted within the specified comment period.

If you submit an electronic comment, EPA recommends that you include your name, mailing address, and an email address or other contact information in the body of your comment and with any disk or CD ROM you submit. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. Any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

Use of the www.regulations.gov website to submit comments to EPA

electronically is EPA's preferred method for receiving comments. The electronic public docket system is an "anonymous access" system, which means EPA will not know your identity, email address, or other contact information unless you provide it in the body of your comment. In contrast to EPA's electronic public docket, EPA's electronic mail (email) system is not an "anonymous access" system. If you send an email comment directly to the Docket without going through www.regulations.gov, your email address is automatically captured and included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.
