## DEPARTMENT OF EDUCATION

### 34 CFR Part 361

[Docket ID ED-2019-OSERS-0140]

#### State Vocational Rehabilitation Services Program

**AGENCY:** Office of Special Education and Rehabilitative Services, U.S. Department of Education.

**ACTION:** Reopening of comment period; policy interpretation.

**SUMMARY:** On February 28, 2020, the U.S. Department of Education (Department) published a policy interpretation and request for comment concerning a change in policy regarding the use of Federal vocational rehabilitation (VR) funds reserved for pre-employment transition services. The interpretation established a deadline of March 30, 2020, for submitting comments. This document reopens the comment period.

**DATES:** The comment period for the policy interpretation that published February 28, 2020, at 85 FR 11848, is reopened. Comments are due July 1, 2020.

**FOR FURTHER INFORMATION CONTACT:** Carol Dobak, U.S. Department of Education, 400 Maryland Avenue SW, Room 5153, Potomac Center Plaza, Washington, DC 20202-5108. Telephone: (202) 245-7325. Email: [Carol.Dobak@ed.gov](mailto:Carol.Dobak@ed.gov).

If you use a telecommunications device for the deaf (TDD) or a text telephone (TTY), call the Federal Relay Service (FRS), toll free, at 1-800-877-8339.

**SUPPLEMENTARY INFORMATION:** On February 28, 2020, the Department published in the **Federal Register** (85 FR 11848) a notice of policy interpretation and request for comment concerning a change in policy regarding the use of Federal VR funds reserved for pre-employment transition services.

Specifically, the Department issued this notice of interpretation to—(1) clarify current policy regarding the use of Federal VR funds reserved for the provision of pre-employment transition services to pay for auxiliary aids and services needed by all students with disabilities in order to access or participate in required pre-employment transition services under section 113(b) of the Rehabilitation Act of 1973, as amended; and (2) announce a change in policy with respect to additional VR services needed by eligible students with disabilities that may be paid for with the 15 percent minimum of Federal VR grant funds reserved for the provision of pre-employment transition services and the circumstances under which those funds may be used to pay for those additional VR services.

The comment period closed on March 30, 2020. Because the novel coronavirus pandemic has disrupted operations of VR agencies, service providers, educational agencies, and other stakeholders nationwide, and because we have received a number of requests to reopen the comment period on this important issue, we are reopening the comment period until July 1, 2020.

**Note:** All information in the notice of policy interpretation and request for comment concerning a change in policy regarding the use of Federal VR funds reserved for the provision of pre-employment transition services remains the same, except for the deadline for comments. For purposes of making comments, the notice of interpretation is published in full at 85 FR 11848 (Feb. 28, 2020).

**Accessible Format:** Individuals with disabilities can obtain this document in an accessible format (e.g., braille, large print, audiotape, or compact disc) on request to the program contact person listed under **FOR FURTHER INFORMATION CONTACT**.

**Electronic Access to This Document:** The official version of this document is the document published in the **Federal Register**. You may access the official edition of the **Federal Register** and the Code of Federal Regulations at [www.govinfo.gov](http://www.govinfo.gov). At this site you can

view this document, as well as all other documents of this Department published in the **Federal Register**, in text or portable document format (PDF). To use PDF you must have Adobe Acrobat Reader, which is available free at the site.

## ENVIRONMENTAL PROTECTION AGENCY

### 40 CFR Part 52

[EPA-R04-OAR-2019-0217; FRL-10009-27-Region 4]

#### Air Plan Approval; Kentucky; Infrastructure Requirements for the 2015 8-Hour Ozone National Ambient Air Quality Standard

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule.

**SUMMARY:** The Environmental Protection Agency (EPA) is approving portions of a State Implementation Plan (SIP) submission, provided by the Commonwealth of Kentucky, Energy and Environment Cabinet, Department for Environmental Protection, through the Kentucky Division for Air Quality (KDAQ), on January 9, 2019, to demonstrate that the Commonwealth meets the infrastructure requirements of the Clean Air Act (CAA or Act) for the 2015 8-hour ozone national ambient air quality standard (NAAQS). Whenever EPA promulgates a new or revised NAAQS, the CAA requires that each state adopt and submit a SIP for the implementation, maintenance, and enforcement of each such NAAQS. KDAQ certified that the Kentucky SIP contains provisions that ensure the 2015 8-hour ozone NAAQS is implemented, enforced, and maintained in Kentucky. EPA has in this action determined that the Kentucky infrastructure SIP submissions satisfy certain required infrastructure elements for the 2015 8-hour ozone NAAQS.

**DATES:** This rule is effective July 1, 2020.

**ADDRESSES:** EPA has established a docket for this action under Docket Identification No. EPA-R04-OAR-2019-0217. All documents in the docket are listed on the [www.regulations.gov](http://www.regulations.gov) website. Although listed in the index, some information is not publicly available, *i.e.*, Confidential Business Information or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically through [www.regulations.gov](http://www.regulations.gov) or in hard copy at the Air Regulatory Management Section, Air Planning and Implementation Branch, Air and Radiation Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street SW, Atlanta, Georgia 30303-8960. EPA requests that if at all possible, you contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to schedule your inspection. The Regional Office's official hours of business are Monday through Friday 8:30 a.m. to 4:30 p.m., excluding Federal holidays.

**FOR FURTHER INFORMATION CONTACT:** Tiereny Bell, Air Regulatory Management Section, Air Planning and Implementation Branch, Air and Radiation Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street SW, Atlanta, Georgia 30303-8960. Ms. Bell can be reached via electronic mail at [bell.tiereny@epa.gov](mailto:bell.tiereny@epa.gov) or the telephone number (404) 562-9088.

#### **SUPPLEMENTARY INFORMATION:**

##### **I. Background**

On October 1, 2015, EPA promulgated a revised primary and secondary NAAQS for ozone revising the 8-hour ozone NAAQS from 0.075 parts per million (ppm) to a new more protective level of 0.070 ppm. *See* 80 FR 65292 (October 26, 2015). Pursuant to section 110(a)(1) of the CAA, states are required to submit SIP submission meeting the applicable requirements of section 110(a)(2) within three years after promulgation of a new or revised NAAQS or within such shorter period as EPA may prescribe. Section 110(a)(2) requires states to address basic SIP elements such as requirements for monitoring, basic program requirements and legal authority that are designed to assure attainment and maintenance of the NAAQS. This particular type of SIP is commonly referred to as an "infrastructure SIP." States were required to submit such SIPs for the

2015 8-hour ozone NAAQS to EPA no later than October 1, 2018.<sup>1</sup>

This action approves portions of Kentucky's January 9, 2019, SIP submission for the applicable requirements of the 2015 8-hour ozone NAAQS. In this action, EPA is not acting upon portions of the submission pertaining to the interstate transport provisions of section 110(a)(2)(D)(i)(I) and (II) (prongs 1 and 2) pertaining to contribution to nonattainment or interference with maintenance in other states; the prevention of significant deterioration (PSD) provisions related to major sources under sections 110(a)(2)(C), 110(a)(2)(D)(i)(II) (prong 3), and 110(a)(2)(J); and air quality modeling and submission of modeling data under section 110(a)(2)(K). EPA will address these provisions in separate rulemaking actions.

In a notice of proposed rulemaking (NPRM) published on March 12, 2020 (85 FR 14442), EPA proposed to approve Kentucky SIP submission provided on January 9, 2019, for the applicable infrastructure SIP requirements of the 2015 8-hour ozone NAAQS. The March 12, 2020, NPRM provides additional detail regarding the background and rationale for EPA's action. Comments were due to EPA on or before April 13, 2020. No adverse comments were received.

##### **II. Final Action**

With the exception of interstate transport provisions of section 110(a)(2)(D)(i)(II) (prongs 1 and 2), PSD provisions related to major sources under section 110(a)(2)(C), 110(a)(2)(D)(i)(II) (prong 3) and 110(a)(2)(J), and air quality models of section 110(a)(2)(K), EPA is approving Kentucky's January 9, 2019, infrastructure SIP submission for the 2015 8-hour ozone NAAQS for the above described infrastructure SIP requirements. EPA is approving portions of Kentucky's infrastructure SIP submission for the 2015 8-hour ozone NAAQS because these aspects of the submission are consistent with section 110 of the CAA.

##### **III. Statutory and Executive Order Reviews**

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the

Act and applicable Federal regulations. *See* 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA's role is to approve state choices, provided that they meet the criteria of the CAA. This action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a significant regulatory action subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
- Is not an Executive Order 13771 (82 FR 9339, February 2, 2017) regulatory action because SIP approvals are exempted under Executive Order 12866;
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);
- Does not have federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the CAA; and
- Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

The SIP is not approved to apply on any Indian reservation land or in any other area where EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), nor will it impose substantial

<sup>1</sup> In these infrastructure SIP submissions States generally certify evidence of compliance with sections 110(a)(1) and (2) of the CAA through a combination of state regulations and statutes, some of which have been incorporated into the federally approved SIP. In addition, certain federally approved, non-SIP regulations may also be appropriate for demonstrating compliance with sections 110(a)(1) and (2).

direct costs on tribal governments or preempt tribal law.

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States

Court of Appeals for the appropriate circuit by July 31, 2020. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. *See* section 307(b)(2).

#### Air Plan Approval; Iowa; State Implementation Plan and Operating Permits Program

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule.

**SUMMARY:** The Environmental Protection Agency (EPA) is approving revisions to the Iowa State Implementation Plan (SIP) and the Operating Permits Program. The revisions include updating definitions, regulatory references, correcting the State’s mailing

address, requiring facilities to submit electronic emissions inventory information under the State’s title V permitting program, and updating references for the most recent federally approved minimum specifications and quality assurance procedures for performance evaluations of continuous monitoring systems. Approval of these revisions will not impact air quality and will ensure consistency between the State and Federally approved rules.

**DATES:** This final rule is effective July 1, 2020.

**ADDRESSES:** The EPA has established a docket for this action under Docket ID No. EPA–R07–OAR–2020–0059. All documents in the docket are listed on the <https://www.regulations.gov> website.
