(a) RESOURCE MANAGEMENT CONTRACT AUTHORIZED.—The Secretary of Agriculture may enter into a contract with a single private contractor to perform multiple resource management activities on Federal lands within the Stanislaus National Forest in the State of California for the purpose of demonstrating enhanced ecosystem health and water quality, and significantly reducing the risk of catastrophic wildfire, in the Granite watershed at a reduced cost to the Government. The contract shall be for a term of 5 years.

(b) AUTHORIZED MANAGEMENT ACTIVITIES.—The types of resource management activities performed under the contract shall include the following:

(1) Reduction of forest fuel loads through the use of precommercial and commercial thinning and prescribed burns in the Granite watershed.

(2) Monitoring of ecosystem health and water quality in the Granite watershed.

(3) Monitoring of the presence of wildlife in the area in which management activities are performed and the effect of the activities on wildlife presence.

(4) Such other resource management activities as the Secretary considers appropriate to demonstrate enhanced ecosystem health and water quality in the Granite watershed.

(c) COMPLIANCE WITH FEDERAL LAW AND SPOTTED OWL GUIDELINES.—All resource management activities performed under the contract shall be performed in a manner consistent with applicable Federal law and the standards and guidelines for the conservation of the California spotted owl (as set forth in the California Spotted Owl Sierran Province Interim Guidelines or the subsequently issued final guidelines, whichever is in effect).

(C) excess funds that are allocated for the administration and management of the Stanislaus National Forest, California;

(D) hazardous fuels reduction funds allocated for Region 5 of the Forest Service; and

(E) a contract provision allowing the cost of performing authorized management activities described in subsection (b) to be offset by the values owed to the United States for any forest products removed by the contractor.

(2) PROHIBITION ON USE OF CERTAIN FUNDS.—Except as provided in paragraph (1), the Secretary may not carry out the contract using funds appropriated for any other unit of the National Forest System.

(3) CONDITIONS ON FUNDS TRANSFERS.—Any transfer of funds under paragraph (1) may be made only in accordance with the procedures concerning notice to, and review by, the Committee on Appropriations of the House of Representatives and the Committee on Appropriations of the Senate that are applied by the Secretary in the case of a transfer of funds between appropriations.

(e) ACCEPTANCE AND USE OF STATE FUNDS.—The Secretary may accept and use funds provided by the State of California to assist in the implementation of the contract under this section.

(1) the resource management activities performed under the contract during the period covered by the report;

(2) the source and amount of funds used under subsection (d) to carry out the contract; and

(3) the resource management activities to be performed under the contract during the calendar year in which the report is submitted.
