SEC. 2. FINDINGS AND PURPOSE.

(a) **FINDINGS.**—The Congress finds the following:

(1) Certain events that led to the establishment of the Yuma Crossing as a natural crossing place on the Colorado River and to its development as an important landmark in America’s westward expansion during the mid-19th century are of national historic and cultural significance in terms of their contribution to the development of the new United States of America.

(2) It is in the national interest to promote, preserve, and protect physical remnants of a community with almost 500 years of recorded history which has outstanding cultural, historic, and architectural value for the education and benefit of present and future generations.

(3) The designation of the Yuma Crossing as a national heritage area would preserve Yuma’s history and provide related educational opportunities, provide recreational opportunities, preserve natural resources, and improve the city and county of Yuma’s ability to serve visitors and enhance the local economy through the completion of the major projects identified within the Yuma Crossing National Heritage Area.

(4) The Department of the Interior is responsible for protecting the Nation’s cultural and historic resources. There are significant examples of these resources within the Yuma region

to merit the involvement of the Federal Government in developing programs and projects, in cooperation with the Yuma Crossing National Heritage Area and other local and governmental bodies, to adequately conserve, protect, and interpret this heritage for future generations while providing opportunities for education, revitalization, and economic development.

(5) The city of Yuma, the Arizona State Parks Board, agencies of the Federal Government, corporate entities, and citizens have completed a study and master plan for the Yuma Crossing to determine the extent of its historic resources, preserve and interpret these historic resources, and assess the opportunities available to enhance the cultural experience for region's visitors and residents.

(6) The Yuma Crossing National Heritage Area Board of Directors would be an appropriate management entity for a heritage area established in the region.

(b) PURPOSE.—The objectives of the Yuma Crossing National Heritage Area are as follows:

(1) To recognize the role of the Yuma Crossing in the development of the United States, with particular emphasis on the roll of the crossing as an important landmark in the westward expansion during the mid-19th century.

(2) To promote, interpret, and develop the physical and recreational resources of the communities surrounding the Yuma Crossing, which has almost 500 years of recorded history and outstanding cultural, historic, and architectural assets, for the education and benefit of present and future generations.

(3) To foster a close working relationship with all levels of government, the private sector, and the local communities in the Yuma community and empower the community to conserve its heritage while continuing to pursue economic opportunities.

(4) To provide recreational opportunities for visitors to the Yuma Crossing and preserve natural resources within the Heritage Area.

(5) To improve the Yuma region's ability to serve visitors and enhance the local economy through the completion of the major projects identified within the Heritage Area.
