TITLE X—CONTINUED DUMPING AND SUBSIDY OFFSET

SEC. 1001. SHORT TITLE.

This title may be cited as the “Continued Dumping and Subsidy Offset Act of 2000”.

SEC. 1002. FINDINGS OF CONGRESS.

Congress makes the following findings:

(1) Consistent with the rights of the United States under the World Trade Organization, injurious dumping is to be condemned and actionable subsidies which cause injury to domestic industries must be effectively neutralized.

(2) United States unfair trade laws have as their purpose the restoration of conditions of fair trade so that jobs and investment that should be in the United States are not lost through the false market signals.

(3) The continued dumping or subsidization of imported products after the issuance of antidumping orders or findings or countervailing duty orders can frustrate the remedial purpose of the laws by preventing market prices from returning to fair levels.

(4) Where dumping or subsidization continues, domestic producers will be reluctant to reinvest or rehire and may be unable to maintain pension and health care benefits that conditions of fair trade would permit. Similarly, small businesses and American farmers and ranchers may be unable to pay

down accumulated debt, to obtain working capital, or to otherwise remain viable.

(5) United States trade laws should be strengthened to see that the remedial purpose of those laws is achieved.

For purposes of this paragraph, a party shall be considered to directly or indirectly control another party if the party is legally or operationally in a position to exercise restraint or direction over the other party.

“(c) DISTRIBUTION PROCEDURES.—The Commissioner shall prescribe procedures for distribution of the continued dumping or subsidies offset required by this section.
