

ment of the United States or the District of Columbia; employees who serve voluntarily or receive only a nominal compensation, and employees who may be provided with special allowances because of their service in foreign countries. The provisions of this section shall not apply to employees of the railroads taken over by the United States, and nothing contained herein shall be deemed a recognition of the employees of such railroads as employees of the United States.

Section six of the legislative, executive, and judicial appropriation Act approved May tenth, nineteen hundred and sixteen, as amended by the naval appropriation Act approved August twenty-ninth, nineteen hundred and sixteen, shall not operate to prevent anyone from receiving the additional compensation provided in this section who otherwise is entitled to receive the same.

Such employees as are engaged on piecework, by the hour, or at per diem rates, if otherwise entitled to receive the additional compensation shall receive the same at the rate to which they are entitled in this section when their fixed rate of pay for the regular working hours and on the basis of three hundred and thirteen days in the said fiscal year would amount to \$2,500 or less: *Provided*, That this method of computation shall not apply to any per diem employees regularly paid a per diem for every day in the year.

So much as may be necessary to pay the additional compensation provided in this section to employees of the Government of the United States is appropriated out of any money in the Treasury not otherwise appropriated.

So much as may be necessary to pay the increased compensation provided in this section to employees of the government of the District of Columbia is appropriated, one-half out of any money in the Treasury not otherwise appropriated and one-half out of the revenues of the District of Columbia, except to employees of the Washington Aqueduct and the water department, which shall be paid entirely from the revenues of the water department.

So much as may be necessary to pay the increased compensation provided in this section to persons employed under trust funds who may be construed to be employees of the Government of the United States or the District of Columbia is authorized to be paid, respectively, from such trust funds.

Reports shall be submitted to Congress on the first day of the next regular session showing for the first four months of the fiscal year the average number of employees in each department, bureau, office, or establishment receiving the increased compensation at the rate of \$120 per annum and the average number by grades receiving the same at each other rate.

Approved, July 3, 1918.

The unexpended balances of appropriations heretofore made for "installation and replacement of electric-light and power plants at seacoast fortifications", for "purchase and installation of searchlights for seacoast defenses, including searchlights for antiaircraft defenses and accessories therefor," and for "purchase and installation of searchlights for seacoast defenses" in the United States are consolidated and made available for the following purposes: For the installation and replacement of electric-light and power plants at seacoast fortifications in the United States; the purchase and installation of searchlights for seacoast defenses in the United States, including searchlights for antiaircraft defenses and accessories therefor; and the procurement and installation of sound-ranging equipment for use in the United States, the insular possessions, and the Panama Canal, and for salaries of electrical experts, engineers, and other employees necessary to procure and install the same.

For protection, preservation, and repair of fortifications for which there may be no special appropriation available, and of structures for the torpedo defense of the United States and for maintaining channels for access to torpedo wharves, \$250,000.

For maintenance and repair of searchlights and electric light and power equipment for seacoast fortifications, and for tools, electrical and other supplies, and appliances to be used in their operation, including the purchase of reserve lights, \$40,000.

For construction of mining casemates, cable galleries, torpedo storehouses, cable tanks, and other structures necessary for the operation, preservation, and care of submarine mines and their accessories, and for providing channels for access to torpedo wharves, \$260,000.

The Secretary of War is authorized to transfer to the owners of the adjacent land, to complete consideration for the transfer to the United States of an easement in other land of said owners, the title of the United States to a right of way now owned by the United States and located between the tract of land known as the Laguna Merced Reservation and an abandoned public highway formerly known as Ocean House Road (also called Ocean Avenue) in the city and county of San Francisco, California.

For purchase, maintenance, repair, exchange, and operation of motor-propelled passenger-carrying vehicles, expenditures are authorized to an amount not exceeding \$3,250 during the fiscal year nineteen hundred and nineteen, from funds available from appropriations for fortifications in the continental United States.

UNDER THE CHIEF SIGNAL OFFICER.

For operation and maintenance of fire-control installations at seacoast defenses, \$180,000.

For the establishment of eight aviation stations for use in connection with the seacoast defenses of the United States, including the acquisition of land, buildings, heating, lighting, plumbing, water, sewers, roads, and walks, \$8,000,000: *Provided*, That land may be acquired for the said stations only after a determination by the Secretary of War that sites on existing governmental reservations can not be utilized.

ARMAMENT OF FORTIFICATIONS.

For purchase, manufacture, and test of mountain, field, and siege cannon, including their carriages, sights, implements, equipments,

and the machinery necessary for their manufacture, \$500,000,000: *Provided*, That the Chief of Ordnance, United States Army, is authorized to enter into contracts or otherwise to incur obligations for the purposes above mentioned not to exceed \$729,731,295 in addition to the appropriations herein and heretofore made.

Such naval ordnance and ordnance material as the Secretary of War and the Secretary of the Navy may determine necessary is authorized to be transferred from the Navy Department to the War Department: *Provided*, That if such ordnance and ordnance material is obsolete for naval purposes the transfer shall be made without reimbursement and payment to the Navy for other ordnance and ordnance material transferred hereunder shall be made only after estimates shall have been submitted to Congress and a specific appropriation for such payment shall have been made.

For purchase, manufacture, and test of ammunition for mountain, field, and siege cannon, including the necessary experiments in connection therewith, the machinery necessary for its manufacture, and necessary storage facilities, \$2,000,000,000: *Provided*, That the Chief of Ordnance, United States Army, is authorized to enter into contracts or otherwise to incur obligations for the purposes above mentioned not to exceed \$1,793,734,550 in addition to the appropriations herein and heretofore made.

For purchase, manufacture, and test of ammunition for seacoast cannon, and for modernizing projectiles on hand, including the necessary experiments in connection therewith, and the machinery necessary for its manufacture, \$3,885,000.

For purchase, manufacture, and test of ammunition, subcaliber guns, and other accessories for seacoast artillery practice, including the machinery necessary for their manufacture, \$1,700,000.

For alteration and maintenance of the mobile artillery, including the purchase and manufacture of machinery, tools, and materials necessary for the work and the expenses of the mechanics engaged thereon, \$200,000,000: *Provided*, That the Chief of Ordnance, United States Army, is authorized to enter into contracts or otherwise to incur obligations for the purposes above mentioned not to exceed \$100,000,000 in addition to the appropriations herein and heretofore made.

For purchase, manufacture, and test of ammunition, subcaliber guns, and other accessories for mountain, field, and siege artillery practice, including the machinery necessary for their manufacture, \$84,600,000.

The following portions of the unexpended balances of appropriations heretofore made for fortifications in the continental United States, respectively, shall be carried to the surplus fund and covered into the Treasury, namely, \$2,000,000 for construction of gun and mortar batteries; \$20,540.19 for procurement or reclamation of land, or rights pertaining thereto, and so forth; \$1,960,000 for the construction of land defenses in the United States, and so forth; \$200,000 for contingent expenses incident to the construction of seacoast fortifications and their accessories; \$3,744,000 for purchase, manufacture, and test of seacoast cannon for coast defense, and so forth; and \$2,000,000 for the alteration and maintenance of seacoast artillery, and so forth; in all, \$9,924,540.19.
