authorized by law and not carried on prior to July first, nineteen hundred and eighteen: *Provided*, That expenditures for the District of Columbia shall be paid one-half from the revenues of the District of Columbia and one-half from the Treasury of the United States: *Provided further*, That no greater amount shall be expended during either the month of July or August, nineteen hundred and eighteen, than an amount equal to one-twelfth of the amount of any appropriations available for the fiscal year nineteen hundred and eighteen, excepting that the rate of expenditure for the month of July, nineteen hundred and seventeen, or for the month of June, nineteen hundred and eighteen, if either be greater than such one-twelfth, may be continued during the months of July or August, nineteen hundred and eighteen, and where necessary operations have been or may be authorized by law without having been carried on prior to the first day of July, nineteen hundred and eighteen, there may be expended during the months of July and August, nineteen hundred and eighteen, only so much as may be necessary adequately to carry on the operations so authorized: *And provided also*, That the appropriation made by this resolution for any necessary operation shall not be available beyond the date when other appropriations hereafter are made therefor and the amount which may be expended hereunder shall be in lieu of an equal amount of an appropriation for the same purposes, if there be one hereafter made, it being the purpose of this resolution that an appropriation hereafter made, for any operation for the current fiscal year, shall not be in addition to the appropriation herein made but shall be considered as the sole appropriation so that any amount expended hereunder shall be treated as an expenditure under such appropriation for the current fiscal year.

Appropriations for the service of the fiscal year nineteen hundred and nineteen made in Acts approved since June thirtieth, nineteen hundred and eighteen, shall be available for all purposes therein provided for from and including the first day of July, nineteen hundred and eighteen, and all obligations incurred pursuant to the terms of said Acts as approved are ratified and confirmed from and including the said first day of July.
