DECREASING RATES OF DUTY ON SPERM OIL, CRUDE, AND SPERMACETI WAX

March 2, 1933.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

Tariff on sperm oil, crude and spermaceti wax.
Preamble.
Vol. 46, p. 701.

WHEREAS under and by virtue of section 336 of Title III, Part II, of the act of Congress approved June 17, 1930 (46 Stat. 590, 701), entitled "AN ACT To provide revenue, to regulate commerce with foreign countries, to encourage the industries of the United States, to protect American labor, and for other purposes," the United States Tariff Commission has investigated the differences in costs of production of, and all other facts and conditions enumerated in said section with respect to, sperm oil, crude, sperm oil, refined or otherwise processed, and spermaceti wax, being wholly or in part the growth or product of the United States and of and with respect to like or similar articles wholly or in part the growth or product of the principal competing countries;

WHEREAS in the course of said investigation a hearing was held, of which reasonable public notice was given and at which parties interested were given reasonable opportunity to be present, to produce evidence, and to be heard;

WHEREAS the commission has reported to the President the results of said investigation and its findings with respect to such differences in costs of production;

WHEREAS the commission has found it shown by said investigation that the principal competing country for sperm oil, crude, is Canada, and that the principal competing country for spermaceti wax is the United Kingdom, and that the duties expressly fixed by statute do not equalize the differences in the costs of production of the domestic articles and the like or similar foreign articles when produced in said principal competing countries, and has specified in its report the decreases in the rates of duty expressly fixed by statute found by the commission to be shown by said investigation to be necessary to equalize such differences; and

WHEREAS in the judgment of the President such rates of duty are shown by such investigation of the Tariff Commission to be necessary to equalize such differences in costs of production;

Changes in rates to equalize differences in costs of production.

NOW, THEREFORE, I, HERBERT HOOVER, President of the United States of America, do hereby approve and proclaim the following rates of duty found to be shown by said investigation to be necessary to equalize such differences in costs of production:

Vol. 46, p. 597.

A decrease (within the limit of total decrease provided for in said act) in the rate of duty expressly fixed in paragraph 52 of Title I of said act on sperm oil, crude, from 10 cents per gallon to 5 cents per gallon; and
