SEC. 2. Section 7 (c) of the Reclamation Project Act of 1939 is hereby amended to read as follows:

"(c) The Secretary from time to time shall report to the Congress on any proposed contracts negotiated pursuant to the authority of subsection (a) or (b) (1) of this section, and he may execute any such contract on behalf of the United States only after approval thereof has been given by Act of Congress. Contracts, so approved, however, may be amended from time to time by mutual agreement and without further approval by Congress if such amendments are within the scope of authority heretofore or hereafter granted to the Secretary under any Act, except that amendments providing for repayment of construction charges in a period of years longer than authorized by this Act, as it may be amended, shall be effective only when approved by Congress."

SEC. 3. Section 17 of the Reclamation Project Act of 1939 is hereby amended to read as follows:

"(a) The authority granted in sections 3 and 4 of this Act for modification of existing repayment contracts or other forms of obligations to pay construction charges shall continue through December 31, 1950, or December 31 of the fifth full calendar year after the cessation of hostilities in the present war, as determined by proclamation of the President or concurrent resolution of the Congress, whichever period is the longer.

"(b) The Secretary is hereby authorized, subject to the provisions of this subsection, to defer the time for the payment of such part of any installments of construction charges under any repayment contract or other form of obligation (exclusive of contracts entered into under this Act) that are due and unpaid as of the date of this amendment or which will become due prior to the expiration of the authority under subsection (a) of this section as he deems necessary to adjust such installments to amounts within the probable ability of the water users to pay. Any such deferment shall be effected only after findings by the Secretary that the installments under consideration probably cannot be paid on their due dates without undue burden on the water users, considering the various factors which in the Secretary's judgment bear on the ability of the water users so to pay.

"The Secretary may effect the deferments hereunder subject to such conditions and provisions relating to the operation and maintenance of the project involved as he deems to be in the interest of the United States. If, however, any deferments would affect installments to accrue more than twelve months after the action of deferment, they shall be effected only by a formal supplemental contract. Such a contract shall provide by its terms that, it being only an interim solution of the repayment problems dealt with therein, its terms are not, in themselves, to be construed as a criterion of the terms of any amendatory contract that may be negotiated pursuant to sections 3, 4, or 7 of this Act."
