

being used by them in the performance of such duties, shall have the use of such bridge free of toll: *Provided further*, That subject to the provisions of section 2, military, Coast Guard, and naval personnel, civilian employees of the Army and Navy and Coast Guard and personnel and employees of the Coast and Geodetic Survey, and their dependents, when such personnel, employees, or dependents are resident or employed on Yerba Buena Island or Treasure Island, or on any vessel berthed at any point on said islands, together with the conveyances being used by them, when proceeding to or from said islands, shall have the use of such bridge free of toll.

Authorization for
use of bridge free of
toll.

SEC. 2. (a) The use of the San Francisco-Oakland Bay Bridge free of toll, provided for in section 1, shall be granted upon the presentation and surrender at the toll lanes of an authorization certifying that the traffic or person in question is entitled to such right. Such authorization shall be issued and signed by any officer or official designated for such purpose in accordance with regulations which shall be prescribed by the Secretary of the Department having control of the personnel exempted by section 1 hereof. The names and signatures of officers so designated shall be furnished to the California Toll Bridge Authority and thereafter authorizations signed by them shall be accepted by such authority as prima facie evidence of the facts stated therein.

(b) Notwithstanding the provisions of subsection (a), such right to use the San Francisco-Oakland Bay Bridge free of toll may be established by any other device or means which may be acceptable to the California Toll Bridge Authority; and the Secretary of the appropriate Department and the California Toll Bridge Authority may enter into any appropriate agreements to secure the effective, convenient, and just exercise of such right.

Unlawful authoriza-
tion.

SEC. 3. Whoever secures or attempts to secure the exemption from toll provided for in this Act or an authorization referred to in section 2, knowing that he is not entitled thereto, and whoever signs or issues any such authorization certifying to such right of exemption, knowing that such right does not exist, shall be guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine of not more than \$100 or by imprisonment for not more than ten days, or by both such fine and imprisonment.

Penalty.

Effective date.

SEC. 4. The provisions of this Act shall take effect thirty days after the date of its enactment.

Alaska.
Transfer of Sitka
naval base, etc.

The Secretary of the Navy and the Secretary of War are hereby authorized to transfer to the Secretary of the Interior for the use of the Bureau of Indian Affairs, without compensation therefor, the entire Sitka naval base on Japonski Island and the entire Army installations on the adjacent Charcoal and Alice Islands, located in Alaska, including the land, buildings, and utilities, with the drawings, pertaining thereto, and all materials and equipment on both installations, and in addition, the said Secretaries and the War Assets Administrator are authorized to transfer to the Department of the Interior for the use of the Bureau of Indian Affairs, without compensation therefor, any other surplus materials, supplies, and equipment needed to equip and operate these facilities for school and hospital purposes.

Vehicles, Indian Service: Not to exceed \$450,000 of applicable appropriations made herein for the Bureau of Indian Affairs shall be available for the maintenance, repair, and operation of motor-propelled and horse-drawn passenger-carrying vehicles for the use of employees in the Indian field service, and the transportation of Indian school

pupils, and applicable appropriations may be used for the purchase of not to exceed two hundred motor-propelled passenger-carrying vehicles, and such vehicles may be used for the transportation of Indian school pupils.

Replacement of property destroyed by fire, flood, or storm: To meet possible emergencies not exceeding \$35,000 of the appropriations made by this Act for education of Indians, maintenance of buildings, reservation administration, the Alaska native service, and conservation of health among Indians shall be available, upon approval of the Secretary, for replacing any buildings, equipment, supplies, livestock, or other property of those activities of the Indian Service above referred to which may be destroyed or rendered unserviceable by fire, flood, or storm: *Provided*, That any diversions of appropriations made hereunder shall be reported to Congress in the annual Budget.

Appropriations herein made for reservation administration, education of Indians, and conservation of health among Indians shall be available for the purchase of supplies, materials, and repair parts, for storage in and distribution from central warehouses, garages, and shops, and for the maintenance and operation of such warehouses, garages, and shops, and said appropriations shall be reimbursed for services rendered or supplies furnished by such warehouses, garages, or shops to any activity of the Indian Service.

The Bureau of Indian Affairs is hereby authorized to acquire by transfer without exchange of funds (for three years beginning July 1, 1946), from the War Department, the Navy Department, the Department of Agriculture, or the War Assets Administration, equipment, materials, and supplies of all kinds, with an appraised value of not to exceed \$6,300,000 from the surplus stores of these agencies, for use in the schools, hospitals, and agencies, or by any operating division of the Bureau of Indian Affairs in the United States and Alaska: *Provided*, That the authorization in this paragraph for transfer of surplus property to the Bureau of Indian Affairs shall not be construed to deny to veterans the priority accorded to them in obtaining surplus property under Public Law 375, approved May 3, 1946.

Appropriations herein made for the Indian Service shall be available for travel expenses; the purchase of ice, and the purchase of rubber boots for official use of employees.

The following appropriations herein made for the Indian Service shall be available for hire, maintenance, and operation of aircraft: "Management, Indian forests and range resources"; "Suppressing forest and range fires on Indian reservations"; "Alaska native service"; and "Salaries and expenses, reservation administration".

North Platte project, Nebraska-Wyoming: Not to exceed \$105,700 from the power revenues shall be available for the operation and maintenance of the commercial system; and not to exceed \$6,000 from

43 Stat. 703.

power revenues allocated to the Northport irrigation district under subsection I, section 4, of the Act of December 5, 1924 (43 U. S. C. 501), shall be available for payment on behalf of the Northport irrigation district, to the Farmers' irrigation district for carriage of water;

Rio Grande project, New Mexico-Texas: Not to exceed \$200,000 from power revenues shall be available for the operation and maintenance of the power system;

Owyhee project, Oregon: For operation and maintenance, \$225,000;

Klamath project, Oregon-California: For operation and maintenance, \$160,000: *Provided*, That revenues received from the lease of marginal lands, Tule Lake division, shall be available for refunds to the lessees in such cases where it becomes necessary to make refunds because of flooding or other reasons within the terms of such leases;

Columbia Basin project, Washington: Not to exceed \$1,090,000 from power revenues shall be available for operation, maintenance, and replacements, including operation and maintenance of camp and other facilities turned over by construction contractors, and similar facilities and the furnishing of services related thereto, and the payment to the school district or school districts serving Mason City and Coulee Dam, Washington, as reimbursement for instruction during the 1946-1947 school year in the schools operated by said district or districts of each pupil who is a dependent of any employee of the United States living in or in the vicinity of Coulee Dam, in the sum of \$25 per semester per pupil in average daily attendance at said schools, payable after the term of instruction in any semester has been completed, under regulations prescribed by the Secretary;

Yakima project, Washington: For operation and maintenance, \$275,000: *Provided*, That not to exceed \$25,000 from power revenues shall be available for operation and maintenance of the power system;

Kendrick project, Wyoming: Not to exceed \$175,000 from the power revenues shall be available for the operation and maintenance of the power system;

Riverton project, Wyoming: For operation and maintenance, \$80,000: *Provided*, That not to exceed \$49,000 from the power revenues shall be available for the operation and maintenance of the commercial system;

Shoshone project, Wyoming: For operation and maintenance, Willwood division, \$27,255: *Provided*, That not to exceed \$65,345 from the power revenues shall be available for the operation and maintenance of the commercial system;

GENERAL PROVISIONS

Limitation of expenditures: Under the provisions of this Act no greater sum shall be expended, nor shall the United States be obligated to expend during the fiscal year 1947, on any reclamation project appropriated for herein under the reclamation fund, an amount in excess of the sum herein appropriated therefor, nor shall the whole expenditures or obligations incurred for all of such projects for the fiscal year 1947 exceed the whole amount in the reclamation fund for the fiscal year;

Utilization of power revenues: No power revenues on any project shall be distributed as profits, before or after retirement of the project debt, and nothing contained in any previous appropriation Act shall be deemed to have authorized such distribution: *Provided*, That the application of such revenues to the cost of operation, maintenance, and debt service of the irrigation system of the project, or to other

purposes in aid of such irrigation system, shall not be construed to be such a distribution;

Interchange of appropriations: Ten per centum of the foregoing amounts for operation and maintenance projects shall be available interchangeably for expenditures on the reclamation projects named; but not more than 10 per centum shall be added to the amount appropriated for any one of said projects, except that should existing works or the water supply for lands under cultivation be endangered by floods or other unusual conditions, an amount sufficient to make necessary emergency repairs shall become available for expenditure by further transfer of appropriation from any of said projects upon approval of the Secretary;

Total, from reclamation fund, \$35,827,468.

GENERAL FUND, CONSTRUCTION

For continuation of construction of the following projects in not to exceed the following amounts to be immediately available, to remain available until expended for carrying out projects (including the construction of transmission lines) previously or herein authorized by Congress, and to be reimbursable under the reclamation law:

Gila project, Arizona, \$2,000,000, from which expenditures may be made for land leveling, construction of farm ditches on units of public lands, production of soil-building crops, and the preparation of raw public lands for irrigation farming, any such expenditures to be charged into the construction costs to be repayable by the lands benefited, and any sums received from the sale of crops or otherwise as a result of these operations to be credited to such construction costs;

Davis Dam project, Arizona-Nevada, \$7,500,000;

Central Valley project, California: Joint facilities, including storage system, Shasta Dam and Reservoir, \$1,385,365; irrigation facilities, \$6,284,020; power facilities, Shasta power plant, \$1,435,097, Keswick Dam, \$510,570, Keswick power plant, \$510,570, switchyards at Shasta and Keswick Dams, \$1,500,000, transmission lines, Shasta to Oroville, two hundred and thirty kilovolt, \$10,000, Oroville to Sacramento, two hundred and thirty kilovolt, \$1,000,000, Contra Costa Canal extension, sixty-nine kilovolt, \$50,000; in all, \$12,685,622;

Kings River project, California, \$100,000;

Colorado-Big Thompson project, Colorado, \$7,504,075;

Hungry Horse project, Montana, \$867,210;

Colorado River project, Texas, \$68,400;

Columbia Basin project, Washington: For continuation of construction and for other purposes authorized by the Columbia Basin Project Act of March 10, 1943 (57 Stat. 14), \$18,000,000;

Total, general fund, construction, \$48,725,307.

16 U. S. C., Supp.
V, §§ 835-835i.

WATER CONSERVATION AND UTILIZATION PROJECTS

For the construction of water conservation and utilization projects and small reservoirs, as authorized by the Act of August 11, 1939, as amended (16 U. S. C., 590y, 590z-1, 590z-2), \$3,340,000, to be immediately available and to remain available until expended.

53 Stat. 1418.
16 U. S. C., Supp.
V, § 590y et seq.

FORT PECK PROJECT

Fort Peck project, Montana: For construction of transmission lines, substations, and other facilities as may be required by the Bureau of Reclamation, as authorized by the Act of May 18, 1938 (16 U. S. C. 833), \$932,893, to be immediately available and to remain available until expended.

52 Stat. 403.

MISSOURI RIVER BASIN

58 Stat. 891.

Missouri River Basin (reimbursable): For the partial accomplishment of the works to be undertaken by the Secretary of the Interior, pursuant to section 9 of the Act of December 22, 1944 (Public Law 534), \$17,500,000, to remain available until expended for carrying out the initial stages (including the construction of transmission lines) and for continuing investigations on the general plan of development: *Provided*, That this appropriation shall be expended, either independently or through or in cooperation with existing Federal and State agencies.

COLORADO RIVER DAM FUND

Boulder Canyon project: For operation, maintenance, and replacements of the dam, power plant, and other facilities, of the Boulder Canyon project, and payment to the Boulder City School District as reimbursement for instruction during the 1946-1947 school year in the schools operated by said district of each pupil who is a dependent of any employee of the United States, living in or in the immediate vicinity of Boulder City, in the sum of \$45 per semester per pupil in average daily attendance at said schools, payable after the term of instruction in any semester has been completed, under regulations to be prescribed by the Secretary, \$1,251,530, payable from the Colorado River dam fund.

ADVANCES TO COLORADO RIVER DAM FUND

45 Stat. 1057.
43 U. S. C. §§ 617-
617t.
Ante, p. 36.

Boulder Canyon project: For the continuation of construction of the Boulder Dam and incidental works in the main stream of the Colorado River at Black Canyon, to create a storage reservoir, and of a complete plant and incidental structures suitable for the fullest economic development of electrical energy from the water discharged from such reservoir; to acquire by proceedings in eminent domain, or otherwise, all lands, rights-of-way, and other property necessary for such purposes; and for incidental operations, as authorized by the Boulder Canyon Project Act, approved December 21, 1928 (43 U. S. C., ch. 12A), \$433,605, to be immediately available and to remain available until advanced to the Colorado River dam fund.

Supra.

Boulder Canyon project (All-American Canal): For continuation of construction of a diversion dam, and main canal (and appurtenant structures including distribution and drainage systems) located entirely within the United States connecting the diversion dam with the Imperial and Coachella Valleys in California; to acquire by proceedings in eminent domain, or otherwise, all lands, rights-of-way, and other property necessary for such purposes; and for incidental operations as authorized by the Boulder Canyon Project Act, approved December 21, 1928 (43 U. S. C., ch. 12A); for land leveling, construction of farm ditches on units of public lands, production of soil-building crops, and other necessary expenses in the preparation of raw public lands for irrigation farming, any such expenditures to be charged into the construction costs to be repayable by the lands benefited, and any sums received from the sale of crops or otherwise as a result of these operations to be credited to such construction costs, to be immediately available, and to remain available until advanced to the Colorado River dam fund, \$5,000,000.

COLORADO RIVER DEVELOPMENT FUND

Colorado River development fund (expenditure account): For investigations of projects for the utilization of waters of the Colorado

River system in the four States of the upper division, as authorized by section 2 of the Boulder Canyon Project Adjustment Act, approved July 19, 1940 (54 Stat. 774), \$500,000 from the Colorado River development fund (holding account), to remain available until expended: *Provided*, That no part of this appropriation shall be available for the preparation of any comprehensive plan or project report the estimates for which are not based upon current prices and costs.

43 U. S. C. § 618a.

COLORADO RIVER FRONT WORK AND LEVEE SYSTEM

To defray the cost of operating and maintaining the Colorado River front work and levee system adjacent to the Yuma Federal irrigation project in Arizona and California, and to defray the cost of other necessary protection works along the Colorado River between said Yuma project and Boulder Dam, as authorized by the Act of July 1, 1940 (54 Stat. 708), to be immediately available, \$100,000.

Ante, p. 338; *post*, p. 619.

For purposes of effecting settlement of war veterans on public land reclamation projects and to provide facilities for veteran employment in construction and operation of reclamation projects, the Bureau of Reclamation is hereby authorized to acquire by transfer without exchange of funds from the War Assets Administration or other Federal agency in responsible charge and such agencies are directed to transfer the lands, improvements, buildings, furnishings, and equipment acquired by the War Relocation Authority and declared surplus on the War Relocation Centers on the Heart Mountain Division of the Shoshone project, Wyoming, the Minidoka (Hunt) project, Idaho, and the Tulelake Division of the Klamath project, California; and on the former prisoner of war camp at Indianola, Nebraska: *Provided*, That said lands, improvements, buildings, furnishings, and equipment shall be made available under regulations of the Secretary of the Interior to veteran settlers and nonprofit organizations and otherwise in accordance with the provisions of Senate Report Numbered 1412, Seventy-ninth Congress, second session: *Provided further*, That the War Assets Administration is authorized and directed to transfer to the Bureau of Reclamation funds required for maintenance and protection of the transferred property pending its final disposition.

Acquisition of certain War Relocation Centers, etc.

GEOLOGICAL SURVEY

For all salaries and expenses necessary for the work of the Geological Survey, including personal services in the District of Columbia; purchase (not to exceed one hundred and sixteen), hire, maintenance, repair, and operation of motor-propelled and horse-drawn passenger vehicles and the hire, maintenance, and operation of aircraft and exchange of unserviceable passenger and freight vehicles as part payment for new freight vehicles; purchase of special wearing apparel or equipment for the protection of employees while engaged in their work; and purchase (not to exceed \$20,000) of office furniture and equipment for use in the District of Columbia in addition to that which may be purchased from the appropriation for contingent expenses of the Department; as follows:

General expenses.

Salaries and expenses: For personal services in the District of Columbia, and other expenses, \$268,070;

Topographic surveys: For topographic surveys in the United States, Alaska, the Virgin Islands, and Puerto Rico, \$3,000,000, of which not to exceed \$475,000 may be expended for personal services in the District of Columbia: *Provided*, That no part of this appropriation shall be expended in cooperation with States or municipalities except upon the basis of the State or municipality bearing all of the expense incident

Cooperation with States, etc.

Amount available.

thereto in excess of such an amount as is necessary for the Geological Survey to perform its share of standard topographic surveys, such share of the Geological Survey in no case exceeding 50 per centum of the cost of the survey: *Provided further*, That \$400,000 of this amount shall be available only for such cooperation with States or municipalities;

Geologic surveys: For geologic surveys in the United States and chemical and physical researches relative thereto, \$2,000,000, of which not to exceed \$500,000 may be expended for personal services in the District of Columbia;

Mineral resources of Alaska: For investigation of the mineral resources of Alaska, \$200,000, to be available immediately, of which not to exceed \$65,000 may be expended for personal services in the District of Columbia;

Cooperation with States.

Gaging streams: For gaging streams and determining the water supply of the United States, its Territories and possessions, investigating underground currents and artesian wells and methods of utilizing the water resources, \$2,498,672, of which not to exceed \$10,000 may be expended for acquiring lands at gaging stations, and not to exceed \$235,000 may be expended for personal services in the District of Columbia: *Provided*, That no part of this appropriation shall be expended in cooperation with States or municipalities except upon the basis of the State or municipality bearing all of the expense incident thereto in excess of such an amount as is necessary for the Geological Survey to perform its share of general water resource investigations, such share of the Geological Survey in no case exceeding 50 per centum of the cost of the investigation: *Provided further*, That \$1,620,000 of this amount shall be available only for such cooperation with States or municipalities: *Provided further*, That no part of the funds appropriated in this paragraph shall be used for the drilling of water wells for the purpose of supplying water for domestic use;

Limitation.

Classification of lands: For the examination and classification of lands with respect to mineral character and water resources as required by the public land laws and for related administrative operations; for the preparation and publication of mineral-land classification and water-resources maps and reports; for engineering supervision of power permits and grants under the jurisdiction of the Secretary; and for performance of work for the Federal Power Commission, \$275,000, of which not to exceed \$69,000 may be expended for personal services in the District of Columbia;

Printing and binding, and so forth: For printing and binding, including the purchase of reprints of scientific and technical articles published in periodicals and journals, \$110,000; for preparation of illustrations, \$32,030; and for engraving and printing geologic and topographic maps, \$300,000; in all, \$442,030;

38 Stat. 742; 40 Stat. 297; 41 Stat. 437, 1363. Post, p. 950.

Mineral leasing: For the enforcement of the provisions of the Acts of October 20, 1914 (48 U. S. C. 435), October 2, 1917 (30 U. S. C. 141), February 25, 1920 (30 U. S. C. 181), as amended, and March 4, 1921 (48 U. S. C. 444), and other Acts relating to the mining and recovery of minerals on Indian and public lands and naval petroleum reserves, and for necessary related operations; and for every expense incident thereto, including supplies, equipment, travel, the construction, maintenance, and repair of necessary camp buildings and appurtenances thereto, \$625,000, of which not to exceed \$75,000 may be expended for personal services in the District of Columbia;

Cooperative advance: To enable the Geological Survey to meet obligations incurred by it arising from cooperative work pending reimbursement from cooperating agencies; \$400,000, which amount shall

be returned to the Treasury not later than six months after the close of the fiscal year 1947 out of reimbursements received from cooperating agencies;

During the fiscal year 1947 the head of any department or independent establishment of the Government having funds available for scientific and technical investigations within the scope of the functions of the Geological Survey may, with the approval of the Secretary, transfer to the Geological Survey such sums as may be necessary therefor, which sums so transferred may be expended for the same objects and in the same manner as sums appropriated herein may be expended: *Provided*, That not to exceed 5 per centum of any of the appropriations for the Geological Survey may be transferred to any other of such appropriations, but no appropriation shall be increased more than 5 per centum thereby. Any such transfer shall be reported to Congress in the annual Budget;

In all, salaries and expenses, Geological Survey, \$9,708,772.

BUREAU OF MINES

Salaries and expenses: For salaries and expenses necessary for the general administration of the Bureau of Mines, including \$90,000 for personal services in the District of Columbia, and \$85,000 for printing and binding, including the purchase of reprints of scientific and technical articles published in periodicals and journals, \$184,800.

Operating mine-rescue cars and stations and investigation of mine accidents: For salaries and expenses necessary for the investigation and improvement of mine-rescue and first-aid methods and appliances and the teaching of mine safety, rescue, and first-aid methods; investigations as to the causes of mine explosions, causes of falls of roof and coal, methods of mining, especially in relation to the safety of miners, the possible improvement of conditions under which mining operations are carried on, the use of explosives and electricity, the prevention of accidents, statistical studies and reports relating to mine accidents, and other investigations pertinent to the mining industry; including the construction of temporary buildings; equipment and supplies; travel expenses of employees in attendance at meetings and conferences held for the purpose of promoting safety and health in the mining and allied industries; purchase not exceeding four, operation, maintenance and repair of motor-propelled passenger-carrying vehicles; purchase of special wearing apparel and equipment for the protection of employees while engaged in their work; and not to exceed \$80,000 for personal services in the District of Columbia, \$1,019,000, of which not to exceed \$500 may be expended for the purchase and bestowal of trophies in connection with mine-rescue and first-aid contests: *Provided*, That the transfer without compensation of four passenger automobiles to this activity from "Enforcement of Federal Explosives Act" is hereby authorized.

Coal-mine inspections and investigations: For all salaries and expenses necessary to enable the Bureau of Mines to perform the duties imposed upon it by the Act of May 7, 1941 (55 Stat. 177); including travel expenses; not to exceed \$100,000 for personal services in the District of Columbia; purchase in the District of Columbia and elsewhere of furniture and equipment, stationery and supplies; purchase (not to exceed five), operation, maintenance, and repair of motor-propelled trucks and passenger-carrying vehicles for official use and in transporting employees between their homes and temporary locations where they may be employed and purchase of special wearing apparel or equipment for the protection of employees while

engaged in their work; travel, and other incidental expenses of employees in attendance at meetings and conferences held for promoting safety and health in the coal-mining industry; \$1,483,000: *Provided*, That the transfer without compensation of fifty passenger automobiles to this activity from "Enforcement of Federal Explosives Act" is hereby authorized.

Testing fuel: To conduct inquiries and scientific and technologic investigations concerning the mining, preparation, treatment, and use of mineral fuels, and for investigation of mineral fuels belonging to or for the use of the United States, with a view to their most efficient utilization; to recommend to various departments such changes in selection and use of fuel as may result in greater economy, and, upon request of the Director of the Bureau of the Budget, to investigate the fuel-burning equipment in use by or proposed for any of the departments, establishments, or institutions of the United States in the District of Columbia; and special wearing apparel and equipment for protection of employees while employed; and purchase (not exceeding four), maintenance and operation of passenger automobiles; \$500,000, of which not to exceed \$112,000 may be expended for personal services in the District of Columbia.

Anthracite investigations: For all expenses necessary to conduct inquiries and scientific and technologic investigations concerning the mining, preparation, treatment, and use of anthracite coals; including purchase of special wearing apparel and equipment for the protection of employees while engaged in their work; and other items otherwise properly chargeable to the appropriation "Contingent expenses, Department of the Interior"; operation, maintenance, and repair of passenger automobiles; and not to exceed \$7,000 for personal services in the District of Columbia, \$99,000.

Anthracite Research Laboratory: For the construction and equipment, in accordance with the Act of December 18, 1942 (56 Stat. 1056), of an anthracite research laboratory, including not to exceed \$25,000 for employment by contract, or otherwise at such rates of compensation as the Secretary may determine of engineers, architects, or firms or corporations thereof necessary to design and construct said laboratory; and the purchase, maintenance and operation of one passenger automobile; \$450,000.

Synthetic liquid fuels: For all expenses, without regard to section 3709, Revised Statutes, necessary to carry into effect the Act authorizing the construction and operation of demonstration plants to produce synthetic liquid fuels from coal, oil shales, agricultural and forestry products, and so forth, approved April 5, 1944 (30 U. S. C. 321-325), including construction and acquirement of camp and laboratory buildings and equipment, personal services in the District of Columbia (not exceeding \$115,000); not to exceed \$50,000 for temporary employment of engineers, architects, or firms or corporations thereof, by contract or otherwise, without regard to civil-service and classification laws; purchase of special wearing apparel or equipment for the protection of employees while engaged in their work; purchase (not exceeding three), maintenance, and operation of passenger automobiles; printing and binding; and purchase in the District of Columbia and elsewhere of items otherwise properly chargeable to the appropriation "Contingent expenses, Department of the Interior", \$5,250,000, to remain available until expended: *Provided*, That these funds may be utilized to provide transportation between the proposed plants and related facilities and communities that provide adequate living accommodations of persons engaged in the operation and maintenance of these plants; and for transportation to and from

schools of pupils who are dependents of such persons: *Provided further*, That pursuant to agreements approved by the Secretary, the transportation equipment available to the Bureau of Mines may be pooled with that of school districts and other local or Federal agencies for use in transporting persons engaged in operation and maintenance of these plants, pupils who are dependents of such persons, and other pupils, and in the interest of economy the expenses of operating such equipment may be shared.

Pooling of equipment.

Mineral mining investigations: For scientific and technologic investigations concerning the mining, preparation, treatment, and utilization of ores and mineral substances, other than fuels, with a view to improving health conditions and increasing safety, efficiency, and economy in the mining, quarrying, metallurgical, and other mineral industries; including all equipment, supplies, expenses of travel, purchase (not to exceed three), operation, maintenance, and repair of motor-propelled passenger-carrying vehicles, and not to exceed \$34,000 for personal services in the District of Columbia, \$559,350: *Provided*, That no part of this appropriation may be expended for an investigation in behalf of any private party.

Restriction.

Investigation and development of domestic mineral deposits, except fuels: For all expenses necessary to enable the Bureau of Mines to investigate, develop, and experimentally mine, on public lands and with the consent of the owner on private lands, deposits of minerals in the United States and its possessions, including surface and subsurface explorations, laboratory tests, the construction, maintenance, and repair of necessary camp buildings, mining structures and appurtenances, the lease of lands or buildings; purchase (not to exceed five), operation, maintenance, and repair of passenger automobiles; and not to exceed \$45,000 for personal services in the District of Columbia; \$1,700,000: *Provided*, That said Director, for the purposes of this appropriation, is authorized to accept lands, buildings, equipment, and other contributions from public or private sources and to prosecute projects in cooperation with other agencies, Federal, State, or private.

Acceptance of lands, etc.

Coal investigations: For all expenses necessary to enable the Bureau of Mines to investigate known coal deposits in the United States and its possessions; purchase (not to exceed two), operation, maintenance, and repair of passenger automobiles; purchase of books of reference and periodicals; purchase of special wearing apparel and equipment for the protection of employees while engaged in their work, and other items otherwise properly chargeable to the appropriation, "Contingent expenses, Department of the Interior"; and not to exceed \$21,000 for personal services in the District of Columbia; \$350,000: *Provided*, That the Director of the Bureau of Mines is authorized to carry on such investigations in cooperation with other agencies, Federal, State, or private: *Provided further*, That the said Director is hereby authorized and directed to make suitable arrangements with owners of private property upon which exploration or development work is performed for payment by such owners of a reasonable percentage, as determined by the Secretary of the Interior, of the total value of the minerals thereafter produced from such property.

Investigations.

Payment by owner of private property.

Oil and gas investigations: For inquiries and investigations and dissemination of information concerning the mining, preparation, treatment, and utilization of petroleum and natural gas, and for every other expense incident thereto, including purchase, not to exceed three, maintenance, operation, and repair of motor-propelled passenger-carrying vehicles; purchase, in the District of Columbia and elsewhere of other items otherwise properly chargeable to the appropriation

"Contingent expenses, Department of the Interior"; books of reference, periodicals and newspapers; and special wearing apparel and equipment for protection of employees while employed; \$826,750, of which not to exceed \$52,500 may be expended for personal services in the District of Columbia.

Mining experiment stations: For personal services, purchase of laboratory gloves, goggles, rubber boots, and aprons, maintenance, operation, and repair of motor-propelled passenger-carrying vehicles, and all other expenses in connection with the establishment, maintenance, and operation of mining experiment stations, as provided in the Act of March 3, 1915 (30 U. S. C. 8), \$1,430,615, of which not to exceed \$47,500 may be expended for personal services in the District of Columbia.

38 Stat. 959.

Metallurgical research and pilot plants: For all expenses necessary to enable the Bureau of Mines to conduct laboratory, pilot plant, and demonstration plant tests to establish methods for more effectively utilizing the mineral resources in the United States and its possessions, including the lease of lands or buildings; research on and development of processes for production and utilization of metals and nonmetallic minerals; construction of buildings to house laboratories, pilot plants, and demonstration plants; operation, maintenance and repair of passenger automobiles; purchase of books, periodicals, and newspapers; and other items otherwise properly chargeable to the appropriation "Contingent expenses, Department of the Interior"; and not to exceed \$30,000 for personal services in the District of Columbia; \$1,000,000: *Provided*, That the Director of the Bureau of Mines, for the purposes of this appropriation, is authorized to accept lands, buildings, equipment, and other contributions from public or private sources and to prosecute projects in cooperation with other agencies, Federal, State, or private.

Buildings and grounds, Pittsburgh, Pennsylvania: For care and maintenance of buildings and grounds at Pittsburgh and Bruceton, Pennsylvania, including personal services, operation, maintenance, and repair of passenger automobiles, and all other expenses requisite for and incident thereto, including not to exceed \$36,270 for additions and improvements, \$198,000.

Economics of mineral industries: For investigations, and the dissemination of information concerning the economic problems of the mining, quarrying, metallurgical, and other mineral industries, with a view to assuring ample supplies and efficient distribution of the mineral products of the mines and quarries, including studies and reports relating to uses, reserves, production, distribution, stocks, consumption, prices, and marketing of mineral commodities and primary products thereof; preparation of the reports of the mineral resources of the United States, including special statistical inquiries; purchase of furniture and equipment; stationery and supplies; newspapers; travel expenses; operation, maintenance, and repair of motor-propelled passenger-carrying vehicles; and for all other necessary expenses not included in the foregoing, \$850,000, of which not to exceed \$727,500 may be expended for personal services in the District of Columbia.

Construction and equipment of helium plants: The unobligated balance of the funds appropriated under this head in the Interior Department Appropriation Act, 1943, as supplemented in the Second Supplemental National Defense Appropriation Act, 1943, is hereby continued available until June 30, 1947.

56 Stat. 544, 1002.

Helium utilization and research: For all expenses necessary to conduct inquiries and scientific and technologic investigations concerning resources, production, repurification, storage, and utilization of helium, independently or in cooperation with other agencies, public

or private; including purchase of one and operation, maintenance, and repair of passenger automobiles; purchase of special wearing apparel or equipment for the protection of employees while engaged in their work; and other items otherwise properly chargeable to the appropriation "Contingent expenses, Department of the Interior"; \$100,000, including not to exceed \$8,500 for personal services in the District of Columbia.

Helium production and investigations: The sums made available for the fiscal year 1947 in the Acts making appropriations for the War and Navy Departments for the acquisition of helium from the Bureau of Mines shall be transferred to the Bureau of Mines on July 1, 1946, for operation and maintenance of the plants for the production of helium for military and naval purposes, including laboratory gloves, goggles, rubber boots, and aprons; maintenance, operation, and repair of motor-propelled passenger-carrying vehicles, books of reference and periodicals; the purchase in the District of Columbia and elsewhere of items otherwise properly chargeable to the appropriation "Contingent expenses, Department of the Interior" (not exceeding \$5,000); and all other necessary expenses, and including \$40,000 for personal services in the District of Columbia in addition to which sums the Bureau of Mines may use for helium-plant operations in the fiscal year 1947 the unobligated balance of funds transferred to it for such operations, in prior years: *Provided*, That section 3709, Revised Statutes, shall not be construed to apply to this appropriation, or to the appropriation for development and operation of helium properties (special fund) in section 3 (c) of the Act of September 1, 1937 (50 U. S. C. 164): *Provided further*, That funds available for the production of helium and the development of helium properties may be utilized to provide transportation between helium plants and related facilities and communities that provide adequate living accommodations of persons engaged in the operation and maintenance of helium plants; and for transportation to and from schools of pupils who are dependents of such persons: *Provided further*, That pursuant to agreements approved by the Secretary, the transportation equipment available to the Bureau of Mines may be pooled with that of school districts and other local or Federal agencies for use in transporting persons engaged in operation and maintenance of helium plants, pupils who are dependents of such persons, and other pupils, and in the interest of economy the expenses of operating such equipment may be shared.

During the fiscal year 1947 the head of any department or independent establishment of the Government having funds available for scientific investigations within the scope of the functions of the Bureau of Mines may, with the approval of the Secretary, transfer to the Bureau such sums as may be necessary therefor, which sums so transferred may be expended for the same objects and in the same manner as sums appropriated herein may be expended.

The Federal Security Administrator may detail medical officers of the Public Health Service for cooperative health, safety, or sanitation work with the Bureau of Mines, and the compensation and expenses of the officers so detailed may be paid from the applicable appropriations made herein for the Bureau of Mines.

The Bureau of Mines is hereby authorized, during the fiscal year 1947, to sell directly or through any Government agency, including corporations, any metal or mineral product that may be manufactured in pilot plants operated from funds appropriated to the Bureau of Mines, and the proceeds of such sales shall be covered into the Treasury as miscellaneous receipts.
