JOINT RESOLUTION

September 13, 1960
[S. J. Res. 209]

Providing for the establishment of an annual National Forest Products Week.

Whereas our country and its people have always found constant strength, individual peace and personal pride in the bounty of our forest and timber lands; and

Whereas from the beginning of our Nation's founding, the forest and its products have provided a core of living and freedom touching and inspiring each citizen with majestic beauty and practical use; and

Whereas as our only renewable resource, wood offers the availability and abundance to satisfy the Nation's ever growing demands and through modern forestry we can be assured of a continuous supply of timber for the future; and

Whereas the first settlers gained foothold in the new world and carved for themselves and their descendants a free nation and built homes, schools, and churches using the forests as an ever plentiful source of material; and

Whereas this early building is now multiplied a thousandfold in these great United States and the importance of our forest lands has developed with equal vigor through wise management, constant replanting and growth of this vital resource, and today our forests provide thousands of products—lumber, paper, building materials, chemicals, furniture, and cloth—all dedicated to improving the lives of our people; and

Whereas in order to reemphasize to each citizen in the United States the importance and heritage of our vast forest resources which are inseparably tied to our present and our future: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the seven-day period beginning on the third Sunday of October in each year is hereby designated as National Forest Products Week, and the President is requested to issue annually a proclamation calling upon the people of the United States to observe such week with appropriate ceremonies and activities.
