

Public Law 88-452

August 20, 1964
[S. 2642]

AN ACT

To mobilize the human and financial resources of the Nation to combat poverty in the United States.

Economic Opportunity Act of 1964.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Economic Opportunity Act of 1964".

FINDINGS AND DECLARATION OF PURPOSE

SEC. 2. Although the economic well-being and prosperity of the United States have progressed to a level surpassing any achieved in world history, and although these benefits are widely shared throughout the Nation, poverty continues to be the lot of a substantial number of our people. The United States can achieve its full economic and social potential as a nation only if every individual has the opportunity to contribute to the full extent of his capabilities and to participate in the workings of our society. It is, therefore, the policy of the United States to eliminate the paradox of poverty in the midst of plenty in this Nation by opening to everyone the opportunity for education and training, the opportunity to work, and the opportunity to live in decency and dignity. It is the purpose of this Act to strengthen, supplement, and coordinate efforts in furtherance of that policy.

PART B—ADULT BASIC EDUCATION PROGRAMS

DECLARATION OF PURPOSE

SEC. 212. It is the purpose of this part to initiate programs of instruction for individuals who have attained age eighteen and whose inability to read and write the English language constitutes a substantial impairment of their ability to get or retain employment commensurate with their real ability, so as to help eliminate such inability and raise the level of education of such individuals with a view to making them less likely to become dependent on others, improving their ability to benefit from occupational training and otherwise increasing their opportunities for more productive and profitable employment, and making them better able to meet their adult responsibilities.

GRANTS TO STATES

SEC. 213. (a) From the sums appropriated to carry out this title, the Director shall make grants to States which have State plans approved by him under this section.

Use of funds.

(b) Grants under subsection (a) may be used, in accordance with regulations of the Director, to—

(1) assist in establishment of pilot projects by local educational agencies, relating to instruction in public schools, or other facilities used for the purpose by such agencies, of individuals described in section 212, to (A) demonstrate, test, or develop modifications, or adaptations in the light of local needs, of special materials or methods for instruction of such individuals, (B) stimulate the development of local educational agency programs for instruction of such individuals in such schools or other facilities, and (C) acquire additional information concerning the materials or methods needed for an effective program for raising adult basic educational skills;

reasonably be necessary to enable the Director to perform his duties under this part and will keep such records and afford such access thereto as the Director finds necessary to assure the correctness and verification of such reports;

(3) provides such fiscal control and fund accounting procedures as may be necessary to assure proper disbursement of and accounting for Federal funds paid to the State under this part (including such funds paid by the State to local educational agencies);

Accounting procedures.

(4) provides for cooperative arrangements between the State educational agency and the State health authority looking toward provision of such health information and services for individuals described in section 212 as may be available from such agencies and as may reasonably be necessary to enable them to benefit from the instruction provided under programs conducted pursuant to grants under this part; and

Health services.

(5) sets forth a program for use, in accordance with section 213(b), of grants under this part which affords assurance of substantial progress, within a reasonable period and with respect to all segments of the population and all areas of the State, toward elimination of the inability of adults to read and write English and toward substantially raising the level of education of individuals described in section 212.

ALLOTMENTS

SEC. 215. (a) From the sums allocated for grants to States under section 213 for any fiscal year, the Director shall reserve such amount, but not in excess of 2 per centum thereof, as he may determine, and shall allot such amount among Puerto Rico, Guam, American Samoa, and the Virgin Islands according to their respective needs for assistance under this part. The remainder of the sums so allocated for a fiscal year shall be allotted by the Director on the basis of the relative number of individuals in each State who have attained age eighteen and who have completed not more than five grades of school or have not achieved an equivalent level of education, as determined by the Director on the basis of the best and most recent information available to him, including any relevant data furnished to him by the Department of Commerce. The amount allotted to any State under the preceding sentence for any fiscal year which is less than \$50,000 shall be increased to that amount, the total thereby required being derived by proportionately reducing the amount allotted to each of the remaining States under the preceding sentence, but with such adjustments as may be necessary to prevent the allotment of any of such remaining States from being thereby reduced to less than \$50,000. For the purposes of this subsection, the term "State" shall not include Puerto Rico, Guam, American Samoa, and the Virgin Islands.

"State."

(b) The portion of any State's allotment under subsection (a) for a fiscal year which the Director determines will not be required, for the period such allotment is available, for carrying out the State plan (if any) approved under this part shall be available for reallocation from time to time, on such dates during such period as the Director may fix, to other States in proportion to the original allotments to such States under subsection (a) for such year, but with such proportionate amount for any of such other States being reduced to the extent it exceeds the sum which the Director estimates such State needs

Reallotment.

and will be able to use for such period for carrying out its State plan approved under this part; and the total of such reductions shall be similarly reallocated among the States whose proportionate amounts are not so reduced. Any amount reallocated to a State under this subsection during a year shall be deemed part of its allotment under subsection (a) for such year.

(c) The allotment of any State under subsection (a) for the fiscal year ending June 30, 1965, shall, except to the extent reallocated under subsection (b), remain available until June 30, 1966, for obligation by such State for carrying out its State plan approved under this part.

PAYMENTS

Federal share.

SEC. 216. (a) From a State's allotment available for the purpose, the Federal share of expenditures, under its State plan, for the purposes set forth in section 213(b) shall be paid to such State. Such payments shall be made in advance on the basis of estimates by the Director; and may be made in such installments as the Director may determine, after making appropriate adjustments to take account of previously made overpayments or underpayments; except that no such payments shall be made for any fiscal year unless the Director finds that the amount available for expenditures for adult basic educational programs and services from State sources for such year will be not less than the amount expended for such purposes from such sources during the preceding fiscal year.

(b) For the fiscal year ending June 30, 1965, and the fiscal year ending June 30, 1966, the Federal share for each State shall be 90 per centum. For the succeeding fiscal year the Federal share for any State shall be 50 per centum.

OPERATION OF STATE PLANS; HEARINGS AND JUDICIAL REVIEW

Noncompliance,
termination of
payments.

SEC. 217. (a) Whenever the Director, after reasonable notice and opportunity for hearing to the State educational agency administering a State plan approved under this part, finds that—

(1) the State plan has been so changed that it no longer complies with the provisions of section 214, or

(2) in the administration of the plan there is a failure to comply substantially with any such provision, the Director shall notify such State agency that no further payments will be made to the State under this part (or in his discretion, that further payments to the State will be limited to programs under or portions of the State plan not affected by such failure), until he is satisfied that there will no longer be any failure to comply. Until he is so satisfied, no further payments may be made to such State under this part (or payments shall be limited to programs under or portions of the State plan not affected by such failure).

Appeal procedure.

(b) A State educational agency dissatisfied with a final action of the Director under section 214 or subsection (a) of this section may appeal to the United States court of appeals for the circuit in which the State is located, by filing a petition with such court within sixty days after such final action. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Director, or any officer designated by him for that purpose. The Director thereupon shall file in the court the record of the proceedings on which he based his action, as provided in section 2112 of title 28, United States Code. Upon the filing of such petition, the court shall have jurisdiction to affirm the action of the Director or to set it aside, in whole or in part, temporarily or permanently, but until the filing of the record, the

Director may modify or set aside his order. The findings of the Director as to the facts, if supported by substantial evidence, shall be conclusive, but the court, for good cause shown, may remand the case to the Director to take further evidence, and the Director may thereupon make new or modified findings of fact and may modify his previous action, and shall file in the court the record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence. The judgment of the court affirming or setting aside, in whole or in part, any action of the Director shall be final, subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28, United States Code. The commencement of proceedings under this subsection shall not, unless so specifically ordered by the court, operate as a stay of the Director's action.
