

Public Law 98-360
98th Congress

An Act

Making appropriations for energy and water development for the fiscal year ending September 30, 1985, and for other purposes.

July 16, 1984

[H.R. 5653]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the following sums are appropriated, out of any money in the Treasury not otherwise appropriated, for the fiscal year ending September 30, 1985, for energy and water development, and for other purposes, namely:

TITLE I—DEPARTMENT OF DEFENSE—CIVIL

DEPARTMENT OF THE ARMY

CORPS OF ENGINEERS—CIVIL

Rivers and
harbors.
Flood control.
Conservation.

The following appropriations shall be expended under the direction of the Secretary of the Army and the supervision of the Chief of Engineers for authorized civil functions of the Department of the Army pertaining to rivers and harbors, flood control, beach erosion, and related purposes.

GENERAL INVESTIGATIONS

For expenses necessary for the collection and study of basic information pertaining to river and harbor, flood control, shore protection, and related projects, restudy of authorized projects, miscellaneous investigations, and when authorized by law, surveys and detailed studies and plans and specifications of projects prior to construction, \$138,000,000, to remain available until expended.

CONSTRUCTION, GENERAL

For the prosecution of river and harbor, flood control, shore protection, and related projects authorized by laws; and detailed studies, and plans and specifications, of projects (including those for development with participation or under consideration for participation by States, local governments, or private groups) authorized or made eligible for selection by law (but such studies shall not constitute a commitment of the Government to construction), \$864,500,000, to remain available until expended, of which, for that increment of the project for beach erosion control, Sandy Hook to Barnegat Inlet, New Jersey, \$1,300,000 shall be made available for the Ocean Township to Sandy Hook reach with the first Federal construction increment being a berm of approximately 50 feet at Sea Bright and Monmouth Beach extending to and including a feeder beach in the vicinity of Long Branch with the non-Federal share of construction and maintenance of the Ocean Township to Sandy Hook reach to consist of moneys expended by non-Federal interests for reconstruction of the seawall at Sea Bright and Monmouth

Beach, New Jersey; and of which \$3,000,000 shall be made available for the construction of the South Williamson, Kentucky, floodwall as authorized by Public Law 96-367, section 202 (94 Stat. 1339); and of which \$3,000,000 shall be made available for the construction of the West Turning Basin extension of the Canaveral Harbor, Florida project, as authorized in the Rivers and Harbors Act of 1962; and in addition, notwithstanding any other provision of law, \$15,000,000, to remain available until expended, for the construction of the Yatesville Lake construction project; and in addition, \$10,000,000, to remain available until expended, for construction of the Elk Creek Lake construction project as authorized in the River and Harbor and Flood Control Act of 1962, Public Law 87-874; and in addition, \$500,000, to remain available until expended, for construction of Lock and Dam 3, Red River Waterway project, as authorized by law.

FLOOD CONTROL AND COASTAL EMERGENCIES

33 USC 701n.

For expenses necessary for emergency flood control, hurricane, and shore protection activities, as authorized by section 5 of the Flood Control Act, approved August 18, 1941, as amended, \$25,000,000, to remain available until expended.

FLOOD CONTROL, MISSISSIPPI RIVER AND TRIBUTARIES, ARKANSAS, ILLINOIS, KENTUCKY, LOUISIANA, MISSISSIPPI, MISSOURI, AND TENNESSEE

Yazoo Basin.

For expenses necessary for prosecuting work of flood control, and rescue work, repair, restoration, or maintenance of flood control projects threatened or destroyed by flood, as authorized by law (33 U.S.C. 702a, 702g-1), \$321,000,000, to remain available until expended: *Provided*, That not less than \$250,000 shall be available for bank stabilization measures as determined by the Chief of Engineers to be advisable for the control of bank erosion of streams in the Yazoo Basin, including the foothill area, and where necessary such measures shall complement similar works planned and constructed by the Soil Conservation Service and be limited to the areas of responsibility mutually agreeable to the District Engineer and the State Conservationist.

OPERATION AND MAINTENANCE, GENERAL

16 USC 4601-4
note.

For expenses necessary for the preservation, operation, maintenance, and care of existing river and harbor, flood control, and related works, including such sums as may be necessary for the maintenance of harbor channels provided by a State, municipality or other public agency, outside of harbor lines, and serving essential needs of general commerce and navigation; administration of laws pertaining to preservation of navigable waters; surveys and charting of northern and northwestern lakes and connecting waters; clearing and straightening channels; and removal of obstructions to navigation, \$1,305,000,000, to remain available until expended, of which \$15,000,000, shall be for construction, operation, and maintenance of outdoor recreation facilities, to be derived from the special account established by the Land and Water Conservation Act of 1965, as amended (16 U.S.C. 4601).

GENERAL EXPENSES

For expenses necessary for general administration and related functions in the office of the Chief of Engineers and offices of the Division Engineers; activities of the Board of Engineers for Rivers and Harbors and the Coastal Engineering Research Board, \$112,000,000, to remain available until expended.

ADMINISTRATIVE PROVISIONS

Appropriations in this title shall be available for expenses of attendance by military personnel at meetings in the manner authorized by 5 U.S.C. 4110, uniforms, and allowances therefor, as authorized by law (5 U.S.C. 5901-5902), and for printing, either during a recess or session of Congress, of survey reports authorized by law, and such survey reports as may be printed during a recess of Congress shall be printed, with illustrations, as documents of the next succeeding session of Congress; not to exceed \$2,000 for official reception and representation expenses; and during the current fiscal year the revolving fund, Corps of Engineers, shall be available for purchase (not to exceed 144 for replacement only) and hire of passenger motor vehicles.

GENERAL PROVISIONS, CORPS OF ENGINEERS

SEC. 101. None of the funds appropriated in this title, except as specifically contained herein, shall be used to alter, modify, dismantle, or otherwise change any project which is partially constructed but not funded for construction in this title.

SEC. 103. The authorization for the Eufaula Lake Project, Oklahoma, contained in the Rivers and Harbors Act of 1946 is hereby amended to authorize and direct the Secretary of the Army, acting through the Chief of Engineers, to plan, design, and construct bridges on Piney and Muddy Creeks to replace existing unsafe structures, at an estimated total Federal cost of \$1,700,000 and the State or political subdivision agrees to operate and maintain said improvements at their own expense.

Real property.

SEC. 116. Subject to approval by the Committees on Appropriations, funds herein or hereafter provided may be used (1) to acquire improved real property or to acquire unimproved real property and construct or have constructed thereon an appropriate residence for the official use of Corps of Engineers Division Commanders in those areas where appropriate housing cannot otherwise be provided; and (2) to operate and maintain such property. Provisions of law and regulations applicable to the acquisition, operation, and maintenance of military housing shall not apply to housing acquired under this section.

York, Pa.

SEC. 117. The Corps of Engineers is authorized and directed to design and construct repairs to stabilize the existing levee at York, Pennsylvania, in the vicinity of the city's wastewater treatment plant, including, but not limited to placing drainage material and gabion protection along a 600-foot section of unstable levee, at a cost not to exceed \$200,000.

TITLE II—DEPARTMENT OF THE INTERIOR

Reclamation
projects.

BUREAU OF RECLAMATION

For carrying out the functions of the Bureau of Reclamation as provided in the Federal reclamation laws (Act of June 17, 1902, 32 Stat. 388, and Acts amendatory thereof or supplementary thereto) and other Acts applicable to that Bureau as follows:

43 USC 371 note.

GENERAL INVESTIGATIONS

For engineering and economic investigations of proposed Federal reclamation projects and studies of water conservation and development plans and activities preliminary to the reconstruction, rehabilitation and betterment, financial adjustment, or extension of existing projects, to remain available until expended: *Provided*, That of the total appropriated, the amount \$35,566,000, for program activities which can be financed by the reclamation fund shall be derived from that fund: *Provided further*, That all costs of an advance planning study of a proposed project shall be considered to be construction costs and to be reimbursable in accordance with the allocation of construction costs if the project is authorized for construction: *Provided further*, That \$100,000 shall be made available to study the feasibility of a hydroelectric powerplant at the existing Yellowtail Afterbay Dam (Montana).

appropriated, \$1,580,000 shall be available to enable the Secretary of the Interior to continue work on rehabilitating the Velarde Community Ditch Project, New Mexico, in accordance with the Federal Reclamation Laws (Act of June 17, 1902, 32 Stat. 788, and Acts amendatory thereof or supplementary thereto) for the purposes of diverting and conveying water to irrigated project lands. The principal features of the project shall consist of improvements such as the installation of more permanent diversion dams and headgates, wasteways, arroyo siphons, and concrete lining of ditches in order to improve irrigation efficiency, conserve water, and reduce operation and maintenance costs. The cost of the rehabilitation will be non-reimbursable and constructed features will be turned over to the appropriate entity for operation and maintenance: *Provided further*, That the design, construction and operation of the Garrison Diversion Unit are to be accomplished so as to meet the United States obligations under the Boundary Waters Treaty of 1909 and that no appropriation, fund, or authority under this heading shall be used for construction of features of the Garrison Diversion Unit in North Dakota affecting waters flowing into Canada: *Provided further*, That of the amount herein appropriated not to exceed \$20,000 shall be available to continue a rehabilitation and betterment program with the Twin Falls Canal Company, Twin Falls County, Idaho, to rehabilitate facilities under the Act of October 7, 1919 (63 Stat. 724), as amended, to be repaid in full by the lands served and under conditions satisfactory to the Secretary of the Interior.

OPERATION AND MAINTENANCE

Boulder Canyon
Project.

For operation and maintenance of reclamation projects or parts thereof and other facilities, as authorized by law; and for a soil and moisture conservation program on lands under the jurisdiction of the Bureau of Reclamation, pursuant to law, to remain available until expended, \$149,689,000: *Provided*, That of the total appropriated, the amount for program activities which can be financed by the reclamation fund shall be derived from that fund: *Provided further*, That of the total appropriated, such amounts as may be required for the Boulder Canyon Project shall be derived from the Colorado River Dam Fund and such amounts as may be required for replacement, which would require readvances to the Colorado River Dam Fund under section 5 of the Boulder Canyon Project Adjustment Act of July 19, 1940 (43 U.S.C. 618d), are to be considered as though readvanced under said section: *Provided further*, That funds advanced by water users for operation and maintenance of reclamation projects or parts thereof shall be deposited to the credit of this appropriation and may be expended for the same objects and in the same manner as sums appropriated herein may be expended, and such advances shall remain available until expended: *Provided further*, That nonreimbursable funds will be available from revenues for performing examination of existing structures on participating projects of the Colorado River Storage Project.

LOAN PROGRAM

For loans to irrigation districts and other public agencies for construction of distribution systems on authorized Federal reclamation projects, and for loans and grants to non-Federal agencies for construction of projects, as authorized by the Acts of July 4, 1955, as

amended (43 U.S.C. 421a-421d), and August 6, 1956, as amended (43 U.S.C. 422a-422k), including expenses necessary for carrying out the program, \$67,537,000, to be derived from the reclamation fund and to remain available until expended: *Provided*, That during fiscal year 1985 and within the resources and authority available, gross obligations for the principal amount of direct loans shall not exceed \$68,500,000: *Provided further*, That any contract under the Act of July 4, 1955 (69 Stat. 244), as amended, not yet executed by the Secretary, which calls for the making of loans beyond the fiscal year in which the contract is entered into shall be made only on the same conditions as those prescribed in section 12 of the Act of August 4, 1939 (53 Stat. 1187, 1197).

43 USC 421a.

43 USC 388.

GENERAL ADMINISTRATIVE EXPENSES

For necessary expenses of general administration and related functions in the offices of the Commissioner of the Bureau of Reclamation and in the regional offices of the Bureau of Reclamation, \$58,917,000, of which \$11,900,000, shall remain available until expended, the total amount to be derived from the reclamation fund and to be nonreimbursable pursuant to the Act of April 19, 1945 (43 U.S.C. 377): *Provided*, That no part of any other appropriation in this Act shall be available for activities or functions budgeted for the current fiscal year as general administrative expenses.

EMERGENCY FUND

For an additional amount for the "Emergency fund", as authorized by the Act of June 26, 1948 (43 U.S.C. 502), as amended, to remain available until expended for the purposes specified in said Act, \$1,000,000, to be derived from the reclamation fund.

SPECIAL FUNDS

Sums herein referred to as being derived from the reclamation fund, the Colorado River Dam fund, or the Colorado River development fund, are appropriated from the special funds in the Treasury created by the Act of June 17, 1902 (43 U.S.C. 391), and the Act of December 21, 1928 (43 U.S.C. 617a), and the Act of July 19, 1940 (43 U.S.C. 618a), respectively. Such sums shall be transferred, upon request of the Secretary, to be merged with and expended under the heads herein specified; and the unexpended balances of sums transferred for expenditure under the head "General Administrative Expenses" shall revert and be credited to the special fund from which derived.

ADMINISTRATIVE PROVISIONS

Appropriations for the Bureau of Reclamation shall be available for purchase of not to exceed 16 passenger motor vehicles of which 13 shall be for replacement only; purchase of one additional aircraft; payment of claims for damages to or loss of property, personal injury, or death arising out of activities of the Bureau of Reclamation; payment, except as otherwise provided for, of compensation and expenses of persons on the rolls of the Bureau of Reclamation appointed as authorized by law to represent the United States in the negotiations and administration of interstate compacts without reimbursement or return under the reclamation laws; for service as

58 Stat. 487.

authorized by section 3109 of title 5, United States Code, in total not to exceed \$500,000; rewards for information or evidence concerning violations of law involving property under the jurisdiction of the Bureau of Reclamation; performance of the functions specified under the head "Operation and Maintenance Administration", Bureau of Reclamation, in the Interior Department Appropriations Act, 1945; preparation and dissemination of useful information including recordings, photographs, and photographic prints; and studies of recreational uses of reservoir areas, and investigation and recovery of archeological and paleontological remains in such areas in the same manner as provided for in the Acts of August 21, 1935 (16 U.S.C. 461-467) and June 27, 1960 (16 U.S.C. 469): *Provided*, That no part of any appropriation made herein shall be available pursuant to the Act of April 19, 1945 (43 U.S.C. 377), for expenses other than those incurred on behalf of specific reclamation projects except "General Administrative Expenses" and amounts provided for plan formulation and advance planning investigations, and general engineering and research under the head "General Investigations".

Sums appropriated herein which are expended in the performance of reimbursable functions of the Bureau of Reclamation shall be returnable to the extent and in the manner provided by law.

No part of any appropriation for the Bureau of Reclamation, contained in this Act or in any prior Act, which represents amounts earned under the terms of a contract but remaining unpaid, shall be obligated for any other purpose, regardless of when such amounts are to be paid: *Provided*, That the incurring of any obligation prohibited by this paragraph shall be deemed a violation of section 3679 of the Revised Statutes, as amended (31 U.S.C. 1341).

43 USC 377a.

No funds appropriated to the Bureau of Reclamation for operation and maintenance, except those derived from advances by water users, shall be used for the particular benefits of lands (a) within the boundaries of an irrigation district, (b) of any member of a water users' organization, or (c) of any individual when such district, organization, or individual is in arrears for more than twelve months in the payment of charges due under a contract entered into with the United States pursuant to laws administered by the Bureau of Reclamation.

GENERAL PROVISIONS, DEPARTMENT OF THE INTERIOR

Emergency funds.

SEC. 201. Appropriations in this title shall be available for expenditure or transfer (within each bureau or office), with the approval of the Secretary, for the emergency reconstruction, replacement, or repair of aircraft, buildings, utilities, or other facilities or equipment damaged or destroyed by fire, flood, storm, or other unavoidable causes: *Provided*, That no funds shall be made available under this authority until funds specifically made available to the Department of the Interior for emergencies shall have been exhausted.

Fire control.

SEC. 202. The Secretary may authorize the expenditure or transfer (within each bureau or office) of any appropriation in this title, in addition to the amounts included in the budget programs of the several agencies, for the suppression or emergency prevention of forest or range fires on or threatening lands under jurisdiction of the Department of the Interior.

SEC. 203. Appropriations in this title shall be available for operation of warehouses, garages, shops, and similar facilities, wherever consolidation of activities will contribute to efficiency, or economy,

and said appropriations shall be reimbursed for services rendered to any other activity in the same manner as authorized by the Act of June 30, 1932 (31 U.S.C. 686): *Provided*, That reimbursements for costs of supplies, materials, equipment, and for services rendered may be credited to the appropriation current at the time such reimbursements are received.

31 USC 1535,
1536.

SEC. 204. Appropriations in this title shall be available for hire, maintenance, and operation of aircraft; hire of passenger motor vehicles; purchases of reprints; payment for telephone services in private residences in the field, when authorized under regulations approved by the Secretary; and the payment of dues, when authorized by the Secretary, for library membership in societies or associations which issue publications to members only or at a price to members lower than to subscribers who are not members.

SEC. 205. The cost of foundation treatment, drainage, and instrumentation work planned or under way at Twin Buttes Dam, Texas, shall be nonreimbursable under Federal reclamation laws.

Twin Buttes
Dam, Tex.

SEC. 206. The cost of foundation treatment, drainage, and instrumentation work planned or underway at Foss Dam, Oklahoma, shall be nonreimbursable and nonreturnable under the Federal reclamation law.

SEC. 207. (a) It is the sense of Congress that—

Garrison
Diversion Unit,
N. Dak.

(1) the Garrison Diversion Unit was authorized by Congress and reflects the entitlement of the State of North Dakota to a federally funded water development program as compensation for North Dakota's contributions to the Pick-Sloan Missouri Basin program;

(2) there is a need to put to beneficial use water from the Missouri River within the State of North Dakota;

(3) there are municipal and industrial water resource problems in North Dakota that are presently unmet;

(4) there are irrigation and agricultural water needs in areas which cannot be met by the Garrison Diversion Unit as presently authorized;

(5) the Garrison Diversion Unit, as presently authorized, raises significant issues of economic, environmental, and international concern;

(6) the water needs of the State of North Dakota should be resolved by contemporary water development alternatives; and

(7) a Secretarial commission should be established to examine the water needs of North Dakota and propose development alternatives which will lead to the early resolution of the problems identified.

(b) No funds appropriated under this title for the Garrison Diversion Unit, Pick-Sloan Missouri Basin program, shall be expended or committed for expenditure on construction contracts prior to December 31, 1984. Notwithstanding the preceding sentence, funds appropriated may be expended or committed for expenditure for the work associated with the commission established by this section. Funds may be expended or committed for expenditure after such date for construction of the Garrison Diversion Unit—

(1) in accordance with the recommendations of the Secretarial commission established under subsection (c); or

(2) if the commission fails to make such recommendations, as presently authorized.

(c)(1) The Secretary of the Interior shall, within thirty days after the date of enactment of this section, appoint a commission, com-

posed of 12 individuals, to review the contemporary water development needs of the State of North Dakota and propose modifications to the Garrison Diversion Unit consistent with the existing authorization. The Secretary shall designate one member who shall serve as chairman of the commission who shall set the dates of hearings, meetings, and other official commission functions in carrying out the purposes of this section. The commission, in developing its recommendations, shall hold no fewer than three public hearings, at least two of which shall be in the State of North Dakota. Any recommendations of the commission shall be agreed to by at least 8 members. The commission shall cease to exist on December 31, 1984.

(2) The commission is directed to examine, review, evaluate, and make recommendations with regard to the contemporary water development needs of the State of North Dakota, taking into consideration—

(A) the costs and benefits incurred and opportunities foregone by the State of North Dakota between 1944 and 1984 as a result of the establishment and implementation of the Pick-Sloan Missouri Basin program;

(B) the need and potential for North Dakota to put to beneficial use within the State water from the Missouri River;

(C) the need for construction of additional facilities to put to beneficial use water from the Missouri River;

(D) the municipal and industrial water needs and development potential within the State of North Dakota, including such matters as—

(i) quality of water supply,

(ii) the ability of existing systems to meet present and future demand,

(iii) related groundwater problems,

(iv) water treatment,

(v) water delivery by pipeline, and

(vi) instream flow needs;

(E) the possible use of groundwater recharge for municipal and industrial uses, as well as irrigation;

(F) the current North Dakota water plan, including proposed projects, to determine if elements of the plan (such as the southwest pipeline project) should be recommended for Federal funding;

(G) whether or not the Garrison Diversion Unit can be redesigned and reformulated;

(H) the institutional and tax equity issues in the State of North Dakota as they relate to the authorized project and alternative water development proposals;

(I) the fiscal and economic impacts of the Garrison Diversion Unit, as compared with alternative proposals for irrigation and municipal and industrial water supply;

(J) the environmental impacts of the water development alternatives mentioned in this section, compared with those of the Garrison Diversion Unit, including impacts on wildlife refuges, wetlands, wildlife habitat, waterfowl, and other environmental impacts as well as make recommendations to reduce and minimize those impacts; and

(K) the international impacts of the water development alternatives described in this section compared with those of the Garrison Diversion Unit and make recommendations to reduce and minimize those impacts.

All recommendations of the commission shall retain the originally authorized discount rate.

(3) The commission shall submit to the Secretary of the Interior, the chairmen of the Senate Committees on Energy and Natural Resources and Appropriations, and the House Committees on Interior and Insular Affairs and Appropriations, no later than December 31, 1984, a report which contains the conclusions and recommendations of the commission with regard to the items described in paragraph (2).

Report.

(d) The Secretary of the Interior is authorized and directed to implement the recommendations of the commission report consistent with existing authority.

(e) Nothing in this section shall affect any litigation initiated prior to June 1, 1984.

TITLE III—DEPARTMENT OF ENERGY

Energy.

ENERGY SUPPLY, RESEARCH AND DEVELOPMENT ACTIVITIES

(INCLUDING TRANSFER OF FUNDS)

For expenses of the Department of Energy activities including the purchase, construction and acquisition of plant and capital equipment and other expenses incidental thereto necessary for energy supply, research and development activities and other activities in carrying out the purposes of the Department of Energy Organization Act (Public Law 95-91), including the acquisition or condemnation of any real property or any facility or for plant or facility acquisition, construction, or expansion; purchase of passenger motor vehicles (not to exceed 19 for replacement only), \$2,018,165,000, to remain available until expended; of which \$60,000,000 shall be derived by transfer from Uranium Supply and Enrichment Activities provided in fiscal year 1984, and of which \$7,000,000 shall be available to establish a supercomputer center and computational institute as described in the report accompanying this Act; and acquisition of one aircraft for replacement only at no cost by transfer from the National Science Foundation.

42 USC 7101
note.

URANIUM SUPPLY AND ENRICHMENT ACTIVITIES

For expenses of the Department of Energy in connection with operating expenses; the purchase, construction, and acquisition of plant and capital equipment and other expenses incidental thereto necessary for uranium supply and enrichment activities in carrying out the purposes of the Department of Energy Organization Act (Public Law 95-91), including the acquisition or condemnation of any real property or any facility or for plant or facility acquisition, construction, or expansion; purchase of passenger motor vehicles (not to exceed 171 of which 154 are for replacement only); \$1,650,300,000, to remain available until expended: *Provided*, That revenues received by the Department for the enrichment of uranium and estimated to total \$1,650,300,000 in fiscal year 1985, shall be retained and used for the specific purpose of offsetting costs incurred by the Department in providing uranium enrichment service activities as authorized by section 201 of Public Law 95-238, notwithstanding the provisions of section 3617 of the Revised Statutes (31 U.S.C. 484): *Provided further*, That the sum herein appropri-
