The expenditures and outlays resulting from the provisions of title XI (relating to the export sales of dairy products) and title XIII (relating to emergency disaster loans and loan authorizations under the Agricultural Credit Insurance Fund) of the Food Security Act of 1985 (H.R. 2100, 99th Congress) shall be counted for purposes of determining savings under the Consolidated Omnibus Budget Reconciliation Act of 1985 as having been enacted under this Act.

Subtitle B—Tobacco Program Improvements

SEC. 1101. FINDINGS AND PURPOSES.

7 USC 1445 note.

(a) FINDINGS.—Congress finds that—

(1) the maintenance of a viable tobacco price support and production adjustment program is in the interests of tobacco producers, purchasers of tobacco, persons employed directly or indirectly by the tobacco industry, and the localities and States whose economies and tax bases are dependent on the tobacco industry;

State and local governments.

(2) the present tobacco price support program is in jeopardy and in need of reform;

(3) under present law, the levels of price support for tobacco have resulted in market prices for tobacco that are not competitive on the world market;

(4) as a consequence, extremely large quantities of domestic tobacco have been put under loan and placed in the inventories of the producer-owned cooperative marketing associations that administer the tobacco price support program;

(5) the increased inventories have led to a significant increase in the assessments producers are required to pay to maintain the tobacco price support program on a "no net cost" basis;

(6) such increasingly large assessments are creating a severe hardship on producers;

(7) the existence of such large inventories poses a threat to the orderly marketing of future crops of tobacco;

(8) inventories of producer associations must be significantly reduced or the tobacco price support program will collapse;

(9) the Commodity Credit Corporation is threatened with substantial losses on disposition of these inventories should the tobacco price support program collapse;

(10) it is imperative that such excess inventories of tobacco be disposed of, under the supervision of the Secretary of Agriculture, in a manner that—

(A) will not disrupt the orderly marketing of new tobacco crops;

(B) will minimize any losses to the Federal Government; and

(C) will be fair and equitable to all tobacco producers and purchasers;

(11) the mutual cooperation of tobacco producers, tobacco purchasers, producer associations, and the Secretary of Agriculture is necessary—

(A) to restore the tobacco price support program to a stable condition; and

(B) to prevent substantial losses to taxpayers that would result from the collapse of the program;

(12) restoration of stability to the tobacco price support program through a sharing of the cost of that program by purchasers of tobacco along with producers of tobacco is necessary to prevent undue burdens on, or obstruction of, interstate and foreign commerce in tobacco; and

Commerce and trade.

(13) the system of grading tobacco should be thoroughly reviewed to ensure that grades are assigned to tobacco that properly state the quality of such tobacco.

(b) PURPOSES.—The purposes of this subtitle are—

(1) to encourage cooperation among tobacco producers, tobacco purchasers, and the Secretary of Agriculture in reducing tobacco price support levels, assessment costs, the size of inventories of producer associations, and the exposure of taxpayers to large budget outlays;

(2) to adjust the method by which price support levels and production quotas are calculated to reflect actual market conditions;

(3) to facilitate the purchase and sale of Flue-cured and Burley tobacco presently in the inventories of producer associations through which producers of Flue-cured and Burley tobacco are provided price support;

(4) to provide that purchasers and producers of domestic tobacco share equally in the cost of maintaining the tobacco price support program at no net cost to the taxpayers; and

(5) to expedite reform of the system of grading tobacco so that grades assigned to tobacco more accurately reflect the quality of such tobacco.

SEC. 1102. PRICE SUPPORT ADJUSTMENTS.

(a) IN GENERAL.—Effective for the 1985 and subsequent crops of tobacco, section 106(f) of the Agricultural Act of 1949 (7 U.S.C. 1445(f)) is amended by striking out paragraphs (4) and (5) and inserting in lieu thereof the following new paragraphs:

“(5) For the 1986 crop of Flue-cured tobacco, the support level shall be \$1.438 per pound.

“(6)(A) Except as provided in subparagraph (B), for the 1986 and each subsequent crop of any kind of tobacco (other than Flue-cured and Burley tobacco) for which marketing quotas are in effect or are not disapproved by producers, the support level shall be the level in cents per pound at which the immediately preceding crop was supported, plus or minus, respectively, the amount by which—

“(i) the support level for the crop for which the determination is being made, as determined under subsection (b); is greater or less than

“(ii) the support level for the immediately preceding crop, as determined under subsection (b), as that difference may be adjusted by the Secretary under subsection (d) if the support level under clause (i) is greater than the support level under clause (ii).

“(B) Notwithstanding subparagraph (A) and subsection (d), if requested by the board of directors of an association through which price support for the respective kind of tobacco specified in subparagraph (A) is made available to producers, the Secretary may reduce the support level for such kind of tobacco to the extent requested by the association to more accurately reflect the market value and improve the marketability of such tobacco.

“(7)(A) For the 1987 and each subsequent crop of Flue-cured and Burley tobacco for which marketing quotas are in effect or are not disapproved by producers, the support level shall be the level in cents per pound at which the immediately preceding crop was supported, plus or minus, respectively, an adjustment of not less than 65 percent nor more than 100 percent of the

total, as determined by the Secretary after taking into consideration the supply of the kind of tobacco involved in relation to demand, of—

“(i) 66.7 percent of the amount by which—

“(I) the average price received by producers for Flue-cured and Burley tobacco, respectively, on the United States auction markets, as determined by the Secretary, during the 5 marketing years immediately preceding the marketing year for which the determination is being made, excluding the year in which the average price was the highest and the year in which the average price was the lowest in such period, is greater or less than

“(II) the average price received by producers for Flue-cured and Burley tobacco, respectively, on the United States auction markets, as determined by the Secretary, during the 5 marketing years immediately preceding the marketing year prior to the marketing year for which the determination is being made, excluding the year in which the average price was the highest and the year in which the average price was the lowest in such period; and

“(ii) 33.3 percent of the change, expressed as a cost per pound of tobacco, in the index of prices paid by tobacco producers from January 1 to December 31 of the calendar year immediately preceding the year in which the determination is made.

“(B) For purposes of subparagraph (A)—

“(i) the average market price for Burley tobacco for the 1985 marketing year shall be reduced by \$0.039 per pound;

“(ii) the average market price for Burley tobacco for the 1984 and each prior applicable marketing year shall be reduced by \$0.30 per pound;

“(iii) the average market price for Flue-cured tobacco for the 1985 marketing year shall be reduced by \$0.25 per pound;

“(iv) the average market price for Flue-cured tobacco for the 1984 and each prior applicable marketing year shall be reduced by \$0.30 per pound; and

“(v) the index of prices paid by tobacco producers shall include items representing general, variable costs of producing tobacco, as determined by the Secretary, but shall not include the cost of land, risk, overhead, management, purchase or leasing of quotas, marketing contributions or assessments, and other costs not directly related to the production of tobacco.”

Section 13106(a) of title 46, United States Code, shall be applied with respect to fiscal year 1985 by substituting "one-third" for "two-thirds" in the first sentence.

Subtitle B—NOAA Nautical and Aeronautical Products

SEC. 6011. SALE AND DISTRIBUTION OF NOAA NAUTICAL AND AERONAUTICAL PRODUCTS.

(a) Section 1307 of title 44, United States Code, is amended to read as follows:

"§ 1307. National Oceanic and Atmospheric Administration: nautical and aeronautical products, sale and distribution

"(a)(1) All nautical and aeronautical products created or published by the National Oceanic and Atmospheric Administration shall be sold at such prices as the Secretary of Commerce shall establish annually, in accordance with the provisions of this subsection. The Secretary shall publish annually the prices at which nautical and aeronautical products are sold to the public.

"(2)(A) Subject to subparagraph (B) of this paragraph, the prices of nautical and aeronautical products may be increased over a period of not less than three years after the date of enactment of this section so as to recover all costs attributable to data base management, compilation, printing, and distribution of such products. The prices of such products may be maintained to recover all such costs thereafter. At the end of such period and every three years there-

after, the Secretary, after consultation with the Secretary of Transportation, shall report to the Congress on the effect of imposing or maintaining such increased prices, including any impact on aviation and marine safety.

"(B) The Secretary, after consultation with the Secretary of Transportation, shall adjust the prices of nautical or aeronautical products in such manner as is necessary to avoid any adverse impact on aviation and marine safety attributable to the prices specified in subparagraph (A) of this paragraph.

"(3) This section shall not be construed to require the establishment of any price for a nautical or aeronautical product where, in the judgment of the Secretary, furnishing of that product to a recipient is a reasonable exchange for voluntary contribution of information by the recipient to a program of the National Oceanic and Atmospheric Administration.

"(4) Prices established under this section may not include costs attributable to the acquisition or processing of nautical or aeronautical data.

"(b) Fees collected from the sale of nautical or aeronautical products under this section and from any licensing of such products which is permitted under any other provision of law shall be deposited in the miscellaneous receipts fund of the United States Treasury.

"(c) The Secretary may distribute nautical and aeronautical products—

"(1) without charge to each foreign government or international organization with which the Secretary or a Federal department or agency has an agreement for exchange of these products without cost; and

"(2) at prices which the Secretary establishes, to the departments and officers of the United States requiring them for official use.

"(d) The fees provided for in this section are for the purpose of reimbursing the United States Government for the costs of creating, publishing or distributing aeronautical and nautical products of the National Oceanic and Atmospheric Administration. The collection of fees authorized by this section shall not alter or expand any duty or liability of the United States under existing law for the performance of functions for which fees are collected, nor shall the collection of fees constitute an express or implied undertaking by the United States to perform any activity in a certain manner.

"(e) For purposes of this section, the term 'nautical and aeronautical products' includes all nautical and aeronautical charts, tide and tidal current tables, tidal current charts, coast pilots, water level products, and associated data bases which are created or published by the National Oceanic and Atmospheric Administration."

"(D) at the request of the Governor of such State, an identification of any field, geological structure, or trap located wholly or partially within three nautical miles of the seaward boundary of such coastal State, including all information relating to the entire field, geological structure, or trap.

The remaining balance of such revenues shall be transmitted simultaneously to the miscellaneous receipts account of the Treasury of the United States.

If the Secretary has leased or intends to lease such tract or tracts, the Secretary and the Governor of the coastal State may enter into an agreement to divide the revenues from production of any common potentially hydrocarbon-bearing area, by unitization or other royalty sharing agreement, pursuant to existing law. If the Secretary and the Governor do not enter into an agreement, the Secretary may nevertheless proceed with the leasing of the tract or tracts. Any revenues received by the United States under such an agreement shall be subject to the requirements of paragraph (2).

"(4) The deposits in the Treasury account described in this section shall be invested by the Secretary of the Treasury in securities backed by the full faith and credit of the United States having maturities suitable to the needs of the account and yielding the highest reasonably available interest rates as determined by the Secretary of the Treasury.

"(5)(A) When there is a boundary dispute between the United States and a State which is subject to an agreement under section 7 of this Act, the Secretary shall credit to the account established pursuant to such agreement all bonuses, rents, and royalties, and other revenues (derived from any bidding system authorized under subsection (a)(1)), excluding Federal income and windfall profits taxes, and derived from any lease issued after September 18, 1978 of any Federal tract which lies wholly or partially within three nautical miles of the seaward boundary asserted by the State, if that money has not otherwise been deposited in such account. SEC. 9217. LIVER TRANSPLANTS.

(a) The Senate finds that:

(1) There have been more than 600 liver transplants since 1963 and the one year survival rate at qualified institutions is now greater than 70 percent.

(2) There are 4,000 to 4,700 potential candidates in the United States each year who require a liver transplant, but only a small percentage would be eligible for Medicare coverage.

(3) There are currently individuals on waiting lists for liver transplants who will die without Medicare coverage.

(4) After extensive review and consideration of all the available data, an National Institutes of Health expert panel concluded liver transplantation is "a therapeutic modality for end-stage liver disease that deserves broader application" in a limited number of centers where they can be carried out under optimal conditions.

(5) National Institutes of Health further recommended that liver transplants be done in individuals under 18 years of age.

(6) The CHAMPUS program, after considering all relevant data, determined that there was no scientific basis for limiting liver transplants to children under 18 years of age.

(7) The Department of Health and Human Services has determined that liver transplantation is no longer an experimental procedure only for children under 18.

(b) Based upon the above findings, it is the sense of the Senate that:

(1) For the purposes of title XVIII of the Social Security Act, the Secretary immediately reconsider the Medicare liver transplant coverage decision and implement a policy under which a liver transplant shall not be considered to be an experimental procedure for Medicare beneficiaries solely because an individual is over 18 years of age.

(2) A liver transplant shall be covered under such title when reasonable and medically necessary.

(3) The Secretary shall place appropriate limiting criteria on coverage, including those relating to the patient's condition, the disease state, and the institution providing the care, so as to ensure the highest quality of medical care demonstrated to be consistent with successful outcomes.

“SEC. 1164. (a) 100 PERCENT REVIEW FUNCTION.—

“(1) **IN GENERAL.**—Each utilization and quality control peer review organization shall perform the review described in section 1154(a)(1) for 100 percent of the surgical procedures specified pursuant to subsection (b).

“(2) **TIMING OF REVIEW.**—

“(A) **IN GENERAL.**—Except as provided in subparagraph (B), the review required under paragraph (1) shall be performed—

“(i) before the performance of the procedure, in the case of an outpatient procedure, or

“(ii) before admission to the hospital for the provision of services in connection with the procedure, in the case of a procedure performed on an inpatient basis.

“(B) **EXCEPTION.**—The review with respect to a procedure need not be performed by the time specified in subparagraph (A) in cases of a medical emergency and under such other circumstances as the Secretary may specify.

“(b) **SPECIFICATION OF SURGICAL PROCEDURES AND QUALIFIED REVIEWERS.**—

“(1) **IN CONTRACT.**—The contract with each organization under this part shall specify at least 10 surgical procedures to be covered under this section.

“(2) SELECTION GUIDELINES.—

“(A) IN GENERAL.—The specification of procedures shall be consistent with selection guidelines established by the Secretary under paragraph (3). The procedures specified shall be included among the surgical procedures which the Secretary has identified as reasonably being able to meet such guidelines.

“(B) EXCEPTION.—The Secretary may permit an organization to include among the procedures specified under paragraph (1) procedures not identified by the Secretary under paragraph (2)(A) if to do so would be cost effective and consistent with the criteria described in paragraph (3).

“(3) CRITERIA.—The Secretary shall establish such guidelines and identify such surgical procedures consistent with the following criteria:

“(A) The procedure is one which generally can be postponed without undue risk to the patient.

“(B) The procedure is a high volume procedure among patients who are covered under the programs established under title XVIII or is a high cost procedure.

42 USC 1395.

“(C) The procedure has a comparatively high rate of nonconfirmation upon examination by another qualified physician, there is substantial geographic variation in the rates of performance of the procedure, or there are other reasons why pre-procedure review for 100 percent of the procedures would be cost effective.

“(4) QUALIFICATIONS FOR PHYSICIANS PROVIDING SECOND OPINIONS.—

“(A) IN GENERAL.—The Secretary shall specify, for each procedure identified under paragraphs (2) and (3), the type or types of board certified or board eligible specialists who may conduct a second opinion, required under subsection (c), based upon the nature of the procedure.

“(B) FREEDOM OF CHOICE OF PATIENT TO CHOOSE PHYSICIAN.—Subject to paragraphs (C) and (D), the patient may choose any physician of the proper specialty under subparagraph (A) to provide the second opinion.

“(C) PHYSICIANS PROHIBITED FROM PROVIDING SECOND OPINIONS.—For purposes of this section, a second opinion may not be provided by a physician who is affiliated with, or has a common financial interest with, the physician who rendered the first opinion that the procedure was necessary.

“(D) RESTRICTED LIST.—In accordance with guidelines of the Secretary, an organization may disqualify a physician from providing a second opinion under this section because of the gross unreliability of the second opinions provided.

“(c) REQUIRING A SECOND OPINION IN CERTAIN CASES.—

“(1) DETERMINATIONS BY ORGANIZATION.—In the case of a review performed pursuant to subsection (a), the organization shall determine, based on such review, that the surgical procedure—

“(A) is reasonable and medically necessary,

“(B) is not reasonable and medically necessary, or

“(C) may be considered reasonable and necessary, but, because of questions as to the medical appropriateness of performing the procedure, it is appropriate to require the patient to seek a second opinion as to the necessity and

appropriateness of performing the procedure before the performance of the procedure.

The Secretary shall develop appropriate measures to ensure that second opinions are only required in situations where a second opinion is needed to resolve outstanding uncertainties as to the medical necessity of the procedure. The organization shall notify, in accordance with section 1154(a)(3), the physician, patient, and hospital or other entity furnishing the service, in the event of a determination under subparagraph (B) or (C) of this paragraph.

42 USC 1320c-3.

"(2) PROHIBITION OF PAYMENT IF REQUIRED SECOND OPINION NOT PROVIDED.—No payment may be made under part A or part B of title XVIII with respect to items or services furnished in connection with a surgical procedure for which there is a determination described in paragraph (1)(C), unless the individual undergoing the procedure obtains the second opinion required under that paragraph. The second opinion need not necessarily agree with the first opinion in order for payment to be made.

42 USC 1395c,
1395j.

"(3) EXCEPTIONS FOR ELECTIVE SECOND OPINIONS.—Paragraphs (1)(C) and (2) shall not apply to a surgical procedure if—

"(A) a delay in providing the procedure would result in a risk to the patient;

"(B) no physician is available (within such reasonable limits as the Secretary shall specify) who is (i) qualified to provide the second opinion, and (ii) a participating physician or a physician who has agreed to accept assignment for the second opinion; or

"(C) the procedure is to be performed on a patient who is a member of a health maintenance organization or competitive medical plan having a risk-sharing contract with the Secretary under section 1876.

42 USC 1395mm.

"(d) REFERRAL MECHANISM FOR SECOND OPINIONS.—

"(1) ACTING AS REFERRAL CENTER.—Each organization shall serve as a referral center for second opinions required under this section.

"(2) REFERRAL OF PATIENT.—The organization shall maintain a list of physicians qualified to provide a second opinion and shall advise the patient as to which physicians are participating physicians (within the meaning of section 1842(h)) and which physicians have agreed to accept assignment to perform second opinions. The organization shall assist patients in referral to a qualified physician of the appropriate specialty for purposes of providing the opinion.

42 USC 1395u.

"(3) FORWARDING OF RELEVANT MEDICAL RECORDS.—Each peer review organization shall, if the patient seeking the second opinion so requests, obtain the relevant medical records from the physician who rendered the first opinion that the procedure was necessary, and provide the relevant information to the physician selected by the patient to render the second opinion.

"(e) NOTICE TO PHYSICIANS, HOSPITALS, AND BENEFICIARIES.—The Secretary shall assure that notice is provided to physicians, hospitals, ambulatory surgical centers, and beneficiaries respecting the activities under this section, including the applicable list of surgical procedures specified under this section."

SEC. 11002. FINDINGS AND DECLARATION OF POLICY.

29 USC 1001b.

(a) FINDINGS.—The Congress finds that—

(1) single-employer defined benefit pension plans have a substantial impact on interstate commerce and are affected with a national interest;

(2) the continued well-being and retirement income security of millions of workers, retirees, and their dependents are directly affected by such plans;

(3) the existence of a sound termination insurance system is fundamental to the retirement income security of participants and beneficiaries of such plans; and

(4) the current termination insurance system in some instances encourages employers to terminate pension plans, evade their obligations to pay benefits, and shift unfunded pension liabilities onto the termination insurance system and the other premium-payers.

(b) ADDITIONAL FINDINGS.—The Congress further finds that modification of the current termination insurance system and an increase in the insurance premium for single-employer defined benefit pension plans—

(1) is desirable to increase the likelihood that full benefits will be paid to participants and beneficiaries of such plans;

(2) is desirable to provide for the transfer of liabilities to the termination insurance system only in cases of severe hardship;

(3) is necessary to maintain the premium costs of such system at a reasonable level; and

(4) is necessary to finance properly current funding deficiencies and future obligations of the single-employer pension plan termination insurance system.

Commerce and
trade.

(c) **DECLARATION OF POLICY.**—It is hereby declared to be the policy of this title—

(1) to foster and facilitate interstate commerce;

(2) to encourage the maintenance and growth of single-employer defined benefit pension plans;

(3) to increase the likelihood that participants and beneficiaries under single-employer defined benefit pension plans will receive their full benefits;

(4) to provide for the transfer of unfunded pension liabilities onto the single-employer pension plan termination insurance system only in cases of severe hardship;

(5) to maintain the premium costs of such system at a reasonable level; and

(6) to assure the prudent financing of current funding deficiencies and future obligations of the single-employer pension plan termination insurance system by increasing termination insurance premiums.

the Secretary may impose a civil penalty upon such lender or agency of not to exceed \$15,000 for each violation, failure, or misrepresentation.

“(2) No civil penalty may be imposed under paragraph (1) of this subsection unless it is determined that—

“(A) the violation, failure or substantial misrepresentation referred to in that paragraph resulted from—

“(ii) gross negligence; or

“(iii) willful actions on the part of the lender or guaranty agency; and

"(B) the violation, failure, or substantial misrepresentation is material.

"(5) If a loan affected by a violation, failure, or substantial misrepresentation is assigned to another holder, the lender or guaranty agency responsible for the violation, failure, or substantial misrepresentation shall remain liable for any civil money penalty provided for under paragraph (1) of this subsection, but the assignee shall not be liable for any such civil money penalty.

"(6) Until a matter is referred to the Attorney General, any civil penalty under paragraph (1) of this subsection may be compromised by the Secretary. In determining the amount of such penalty, or the amount agreed upon in compromise, the Secretary shall consider the appropriateness of the penalty to the resources of the lender or guaranty agency subject to the determination; the gravity of the violation, failure, or substantial misrepresentation; the frequency and persistence of the violation, failure, or substantial misrepresentation; and the amount of any losses resulting from the violation, failure, or substantial misrepresentation. The amount of such penalty, when finally determined, or the amount agreed upon in compromise, may be deducted from any sums owing by the United States to the lender or agency charged (unless the lender or agency has in the case of a final agency determination commenced proceedings for judicial review within 90 days of the determination, in which case the deduction may not be made during the pendency of the proceeding)."

SEC. 20001. MISCELLANEOUS PROVISIONS.

2 USC 641.

(a) When the Senate is considering a reconciliation bill or a reconciliation resolution pursuant to section 310 of the Congressional Budget Act of 1974, upon a point of order being made by any Senator against material extraneous to the instructions to a committee which is contained in any title or provision of the bill or resolution or offered as an amendment to the bill or resolution, and the point of order is sustained by the Chair, any part of said title or provision that contains material extraneous to the instructions to said Committee as defined in subsection (d) shall be deemed stricken from the bill and may not be offered as an amendment from the floor. An affirmative vote of three-fifths of the Members, duly chosen and sworn, shall be required to sustain an appeal of the ruling of the Chair on a point of order raised under this section, as well as to waive or suspend the provisions of this subsection.

2 USC 636.

(b) No motion to waive or suspend the requirement of section 305(b)(2) of the Congressional Budget Act of 1974, as it relates to germaneness with respect to a reconciliation bill or resolution, shall be agreed to unless supported by an affirmative vote of three-fifths of the Members, duly chosen and sworn, which super-majority shall be required to successfully appeal the ruling of the Chair on a point of order raised under that section, as well as to waive or suspend the provisions of this subsection.

Effective date.

(c) This section shall become effective on the date of enactment of this title and shall remain in effect until January 2, 1987.

(d)(1)(A) Except as provided in paragraph (2), a provision of a reconciliation bill or reconciliation resolution considered pursuant to section 310 of the Congressional Budget Act of 1974 shall be considered extraneous if such provision does not produce a change in outlays or revenues, including changes in outlays and revenues brought about by changes in the terms and conditions under which outlays are made or revenues are required to be collected; (B) any provision producing an increase in outlays or decrease in revenues shall be considered extraneous if the net effect of provisions reported by the Committee reporting the title containing the provision is that the Committee fails to achieve its reconciliation instructions; (C) a provision that is not in the jurisdiction of the Committee with jurisdiction over said title or provision shall be considered extraneous; (D) a provision shall be considered extraneous if it produces changes in outlays or revenues which are merely incidental to the non-budgetary components of the provision.

(2) A provision shall not be considered extraneous under (1)(A) above if: (A) it is designed to mitigate the direct effects clearly attributable to a provision changing outlays or revenues and both provisions together produce a net reduction in the deficit; (B) it will result in a substantial reduction in outlays or a substantial increase in revenues during fiscal years after the fiscal years covered by the reconciliation bill or reconciliation resolution; (C) a reduction of outlays or an increase in revenues is likely to occur as a result of the provision, in the event of new regulations authorized by the provision or likely to be proposed, court rulings on pending litigation, or relationships between economic indices and stipulated statutory triggers pertaining to the provision, other than the regulations, court rulings or relationships currently projected by the Congress-

sional Budget Office for scorekeeping purposes; (D) such provision will be likely to produce a significant reduction in outlays or increase in revenues but, due to insufficient data, such reduction or increase cannot be reliably estimated.
