(iii) by personnel at private facilities in accordance with section 1074(c) of this title;

(B) include a person-to-person dialogue between members described in subsection (a) and the professionals or personnel described by subparagraph (A), as applicable, on such matters as the Secretary shall specify in order that the assessments achieve the purpose specified in subsection (b) for such assessments;

(D) be provided in a consistent manner across the military departments; and

(E) include a review of the health records of the member that are related to each previous
