

annual report to Congress, see section 1061 of Pub. L. 114-328, set out as a note under section 111 of this title.

TIMING FOR APPOINTMENT OF ADDITIONAL WORKING GROUP MEMBERS

Pub. L. 118-31, div. A, title III, §343(1)(B), Dec. 22, 2023, 137 Stat. 224, provided that: “Not later than 60 days after the date of the enactment of this Act [Dec. 22, 2023], the Secretary of Defense shall appoint the additional members of the working group required under subparagraphs (D) through (G) of paragraph (3) of such section [10 U.S.C. 2926(d)], as added by subparagraph (A).”

§ 2927. Global bulk fuel management and delivery

(a) RESPONSIBLE ELEMENT.—(1) Beginning during the period described in paragraph (2) and permanently thereafter, the United States Transportation Command shall be the element responsible for bulk fuel management and delivery of the Department of Defense on a global basis.

(2) The period described in this paragraph is the period beginning on January 1, 2023, and ending on February 1, 2023.

(b) COORDINATION WITH DEFENSE LOGISTICS AGENCY.—In carrying out the responsibilities specified in subsection (a), the Commander of the United States Transportation Command shall coordinate with the Director of the Defense Logistics Agency.

(c) RULE OF CONSTRUCTION.—Except to the extent that, prior to January 1, 2023, a responsibility specified in subsection (a) was a specific function of the Defense Logistics Agency Energy, nothing under this section shall be construed as—

- (1) limiting any other function of the Defense Logistics Agency Energy; or
(2) requiring the transfer of any function, personnel, or asset from the Defense Logistics Agency Energy to the United States Transportation Command.

(Added Pub. L. 117-81, div. A, title III, §352(a)(1), Dec. 27, 2021, 135 Stat. 1654.)

§ 2928. Programs on reduction of fuel reliance and promotion of energy-aware behaviors

(a) ESTABLISHMENT.—Each Secretary of a military department shall establish a program for the promotion of energy-aware behaviors and the reduction of unnecessary fuel consumption within that military department.

(b) GOALS.—The goals of the programs established under subsection (a) shall be as follows:

- (1) To increase operational energy resiliency.
(2) To decrease energy-related strategic vulnerabilities and enhance military readiness.
(3) To integrate sustainability features for new and existing military installations and other facilities of the Department.

(c) MINIMUM REQUIRED ELEMENTS.—Under the program of a military department under subsection (a), the Secretary of the military department shall carry out, with respect to the military department, and at a minimum, the following:

- (1) The development and implementation of a strategy for the collection and analysis of

data on fuel consumption, to identify operational inefficiencies and enable data-driven decision making with respect to fuel logistics and the reduction of fuel consumption.

(2) The fostering of an energy-aware culture across the military department to reduce fuel consumption, including through—

(A) the incorporation of energy conservation and resiliency principles into training curricula and other training materials of the military department, including by updating such materials to include information on the effect of energy-aware behaviors on improving readiness and combat capability; and

(B) the review of standard operating procedures, and other operational manuals and procedures, of the military department, to identify procedures that increase fuel consumption with no operational benefit.

(3) The integration of operational energy factors into the wargaming of the military department and related training activities that involve the modeling of scenarios, in accordance with subsection (d), to provide to participants in such activities realistic data on the risks and challenges relating to operational energy and fuel logistics.

(4) The implementation of data-driven procedures, operations planning, and logistics, to optimize cargo transport and refueling operations within the military department.

(d) WARGAMING ELEMENTS.—In integrating operational energy factors into the wargaming and related training activities of a military department under subsection (c)(3), the Secretary of the military department shall seek to ensure that the planning, design, and execution of such activities include—

- (1) coordination with the elements of the military department responsible for fuel and logistics matters, to ensure the modeling of energy demand and network risk during such activities are accurate, taking into account potential shortfalls and the direct and indirect effects of the efforts of foreign adversaries to target fuel supply chains; and
(2) a focus on improving integrated life-cycle management processes and fuel supply logistics.

(Added Pub. L. 117-263, div. A, title III, §319(a), Dec. 23, 2022, 136 Stat. 2507.)

Statutory Notes and Related Subsidiaries

DEADLINE FOR ESTABLISHMENT

Pub. L. 117-263, div. A, title III, §319(b), Dec. 23, 2022, 136 Stat. 2508, provided that: “The programs required under section 2928 of title 10, United States Code, as added by subsection (a), shall be established by not later than 180 days after the date of the enactment of this Act [Dec. 23, 2022].”
