TERMINATION OF TRUST TERRITORY OF THE PACIFIC  
ISLANDS

For termination of Trust Territory of the Pacific Islands, see note set out preceding section 1681 of Title 48, Territories and Insular Possessions.

**§ 2279bb-1. Risk-based capital levels**

**(a) Risk-based capital test**

The Director of the Office of Secondary Market Oversight shall, by regulation, establish a risk-based capital test under this section for the Corporation. When applied to the Corporation, the risk-based capital test shall determine the amount of regulatory capital for the Corporation that is sufficient for the Corporation to maintain positive capital during a 10-year period in which both of the following circumstances occur:

**(1) Credit risk**

**(A) In general**

With respect to securities representing an interest in, or obligations backed by, a pool of qualified loans owned or guaranteed by the Corporation and other obligations of the Corporation, losses on the underlying qualified loans occur throughout the United States at a rate of default and severity (based on any measurements of default reasonably related to prevailing industry practice in determining capital adequacy) reasonably related to the rate and severity that occurred in contiguous areas of the United States containing an aggregate of not less than 5 percent of the total population of the United States that, for a period of not less than 2 years (as established by the Director), experienced the highest rates of default and severity of agricultural mortgage losses, in comparison with such rates of default and severity of agricultural mortgage losses in other such areas for any period of such duration, as determined by the Director.

**(B) Rural utility loans**

With respect to securities representing an interest in, or obligation backed by, a pool of qualified loans described in section 2279aa(7)(C) of this title owned or guaranteed by the Corporation, losses occur at a rate of default and severity reasonably related to risks in electric and telephone facility loans (as applicable), as determined by the Director.

**(2) Interest rate risk**

Interest rates on Treasury obligations of varying terms increase or decrease over the first 12 months of such 10-year period by not more than the lesser of (A) 50 percent (with respect to the average interest rates on such obligations during the 12-month period preceding the 10-year period), or (B) 600 basis points, and remain at such level for the remainder of the period. This paragraph may not be construed to require the Director to determine interest rate risk under this paragraph based on the interest rates for various long-term and short-term obligations all increasing or all decreasing concurrently.

**(b) Considerations**

**(1) Establishment of test**

In establishing the risk-based capital test under subsection (a)—

- (A) the Director shall take into account appropriate distinctions based on various
