§ 338a. Investments to promote public welfare and community development; limitation on investments

A State member bank may make investments directly or indirectly, each of which is designed primarily to promote the public welfare, including the welfare of low- and moderate-income communities or families (such as by providing housing, services, or jobs), to the extent permissible under State law. A State member bank shall not make any such investment if the investment would expose the State member bank to unlimited liability. The Board shall limit a
