§ 5325. Enhanced supervision and prudential standards for nonbank financial companies supervised by the Board of Governors and certain bank holding companies

(a) In general

(1) Purpose

In order to prevent or mitigate risks to the financial stability of the United States that could arise from the material financial distress, failure, or ongoing activities of large, interconnected financial institutions, the Council may make recommendations to the Board of Governors concerning the establishment and refinement of prudential standards and reporting and disclosure requirements applicable to nonbank financial companies supervised by the Board of Governors and large, interconnected bank holding companies, that—

(A) are more stringent than those applicable to other nonbank financial companies and bank holding companies that do not present similar risks to the financial stability of the United States; and

(B) increase in stringency, based on the considerations identified in subsection (b)(3).

(2) Recommended application of required standards

In making recommendations under this section, the Council may—

(A) differentiate among companies that are subject to heightened standards on an in-

dividual basis or by category, taking into consideration their capital structure, riskiness, complexity, financial activities (including the financial activities of their subsidiaries), size, and any other risk-related factors that the Council deems appropriate; or

(B) recommend an asset threshold that is higher than the applicable threshold for the application of any standard described in subsections (c) through (g).

(b) Development of prudential standards

(1) In general

The recommendations of the Council under subsection (a) may include—

(A) risk-based capital requirements;

(B) leverage limits;

(C) liquidity requirements;

(D) resolution plan and credit exposure report requirements;

(E) concentration limits;

(F) a contingent capital requirement;

(G) enhanced public disclosures;

(H) short-term debt limits; and

(I) overall risk management requirements.

(2) Prudential standards for foreign financial companies

In making recommendations concerning the standards set forth in paragraph (1) that would apply to foreign nonbank financial companies supervised by the Board of Governors or foreign-based bank holding companies, the Council shall—

(A) give due regard to the principle of national treatment and equality of competitive opportunity; and

(B) take into account the extent to which the foreign nonbank financial company or foreign-based bank holding company is subject on a consolidated basis to home country standards that are comparable to those applied to financial companies in the United States.

(3) Considerations

In making recommendations concerning prudential standards under paragraph (1), the Council shall—

(A) take into account differences among nonbank financial companies supervised by the Board of Governors and bank holding companies described in subsection (a), based on—

(i) the factors described in subsections (a) and (b) of section 5323 of this title;

(ii) whether the company owns an insured depository institution;

(iii) nonfinancial activities and affiliations of the company; and

(iv) any other factors that the Council determines appropriate;

(B) to the extent possible, ensure that small changes in the factors listed in subsections (a) and (b) of section 5323 of this title would not result in sharp, discontinuous changes in the prudential standards established under section 5365 of this title; and

(C) adapt its recommendations as appropriate in light of any predominant line of
