

cling and resource recovery in order to reduce energy demand, including the economic costs and fuel consumption tradeoff which may be associated with such recycling and resource recovery in lieu of transportation and use of virgin materials; and

(3) means for incentives or disincentives to increase efficiency of industrial use of energy.

(b) Emergency mass transportation assistance plan

Within ninety days of June 22, 1974, the Secretary of Transportation, after consultation with the Federal Energy Administrator, shall submit to the Congress for appropriate action an "Emergency Mass Transportation Assistance Plan" for the purpose of conserving energy by expanding and improving public mass transportation systems and encouraging increased ridership as alternatives to automobile travel.

(c) Recommendations in plan

Such plan shall include, but shall not be limited to—

(1) recommendations for emergency temporary grants to assist States and local public bodies and agencies thereof in the payment of operating expenses incurred in connection with the provision of expanded mass transportation service in urban areas;

(2) recommendations for additional emergency assistance for the purchase of buses and rolling stock for fixed rail, including the feasibility of accelerating the timetable for such assistance under section 142(a)(2) of title 23 for the purpose of providing additional capacity for and encouraging increased use of public mass transportation systems;

(3) recommendations for a program of demonstration projects to determine the feasibility of fare-free and low-fare urban mass transportation systems, including reduced rates for elderly and handicapped persons during nonpeak hours of transportation;

(4) recommendations for additional emergency assistance for the construction of fringe and transportation corridor parking facilities to serve bus and other mass transportation passengers;

(5) recommendations on the feasibility of providing tax incentives for persons who use public mass transportation systems.

Editorial Notes

REFERENCES IN TEXT

Sections 3 through 7 of the Energy Supply and Environmental Coordination Act of 1974, referred to in text, are sections 3 through 7 of Pub. L. 93-319, June 22, 1974, 88 Stat. 248-260, which sections enacted section 793 of this title and section 1857c-10 of Title 42, The Public Health and Welfare, and amended sections 1857c-5, 1857c-8, 1857c-9, 1857d-1, 1857f-1, and 1857h-5 of Title 42. Section 1857c-10 of Title 42 was repealed by Pub. L. 95-95, § 112(b)(1). On enactment of Pub. L. 95-95, sections 1857c-5, 1857c-8, 1857c-9, 1857d-1, 1857f-1, and 1857h-5 were reclassified to sections 7410, 7413, 7414, 7416, 7521, and 7607, respectively, of Title 42.

§ 796. Reporting of energy information

(a) Authority of Federal Energy Administrator to request, acquire, and collect energy information; rules and regulations

For the purpose of assuring that the Federal Energy Administrator, the Congress, the States, and the public have access to and are able to obtain reliable energy information, the Federal Energy Administrator shall request, acquire, and collect such energy information as he determines to be necessary to assist in the formulation of energy policy or to carry out the purposes of this chapter or the Emergency Petroleum Allocation Act of 1973 [15 U.S.C. 751 et seq.].¹ The Federal Energy Administrator shall promptly promulgate rules pursuant to subsection (b)(1)(A) of this section requiring reports of such information to be submitted to the Federal Energy Administrator at least every ninety calendar days.

(b) Powers of Federal Energy Administrator in obtaining energy information; verification of accuracy; compliance orders

(1) In order to obtain energy information for the purpose of carrying out the provisions of subsection (a), the Federal Energy Administrator is authorized—

(A) to require, by rule, any person who is engaged in the production, processing, refining, transportation by pipeline, or distribution (at other than the retail level) of energy resources to submit reports;

(B) to sign and issue subpoenas for the attendance and testimony of witnesses and the production of books, records, papers, and other documents;

(C) to require any person, by general or special order, to submit answers in writing to interrogatories, requests for reports or for other information; and such answers or other submissions shall be made within such reasonable period, and under oath or otherwise, as the Federal Energy Administrator may determine; and

(D) to administer oaths.

(2) For the purpose of verifying the accuracy of any energy information requested, acquired, or collected by the Federal Energy Administrator, the Federal Energy Administrator, or any officer or employer² duly designated by him, upon presenting appropriate credentials and a written notice from the Federal Energy

¹ See References in Text note below.

² So in original. Probably should be "employee".

Administrator to the owner, operator, or agent in charge, may—

(A) enter, at reasonable times, any business premise or facility; and

(B) inspect, at reasonable times and in a reasonable manner, any such premise or facility, inventory and sample any stock of energy resources therein, and examine and copy books, records, papers, or other documents, relating to any such energy information.

(3) Any United States district court within the jurisdiction of which any inquiry is carried on may, upon petition by the Attorney General at the request of the Federal Energy Administrator, in the case of refusal to obey a subpoena or order of the Federal Energy Administrator issued under this section, issue an order requiring compliance therewith; and any failure to obey the order of the court may be punished by the court as a contempt thereof.

(c) Development of initial report; quarterly reports; accounting practices

(1) The Federal Energy Administrator shall exercise the authorities granted to him under subsection (b)(1)(A) to develop, within thirty days after June 22, 1974, as full and accurate a measure as is reasonably practicable of—

(A) domestic reserves and production;

(B) imports; and

(C) inventories;

of crude oil, residual fuel oil, refined petroleum products, natural gas, and coal.

(2) For each calendar quarter beginning with the first complete calendar quarter following June 22, 1974, the Federal Energy Administrator shall develop and publish a report containing the following energy information:

(A) Imports of crude oil, residual fuel oil, refined petroleum products (by product), natural gas, and coal, identifying (with respect to each such oil, product, gas, or coal) country of origin, arrival point, quantity received, and the geographic distribution within the United States.

(B) Domestic reserves and production of crude oil, natural gas, and coal.

(C) Refinery activities, showing for each refinery within the United States (i) the amounts of crude oil run by such refinery, (ii) amounts of crude oil allocated to such refinery pursuant to regulations and orders of the Federal Energy Administrator, his delegate pursuant to the Emergency Petroleum Allocation Act of 1973 [15 U.S.C. 751 et seq.],¹ or any other person authorized by law to issue regulations and orders with respect to the allocation of crude oil, (iii) percentage of refinery capacity utilized, and (iv) amounts of products refined from such crude oil.

(D) Report of inventories, on a national, regional, and State-by-State basis—

(i) of various refined petroleum products, related refiners, refineries, suppliers to refiners, share of market, and allocation fractions;

(ii) of various refined petroleum products, previous quarter deliveries and anticipated three-month available supplies;

(iii) of anticipated monthly supply of refined petroleum products, amount of set-

aside for assignment by the State, anticipated State requirements, excess or shortfall of supply, and allocation fraction of base year; and

(iv) of LPG by State and owner: quantities stored, and existing capacities, and previous priorities on types, inventories of suppliers, and changes in supplier inventories.

(3) In order to carry out his responsibilities under subsection (a) of this section, the Federal Energy Administrator shall require, pursuant to subsection (b)(1)(A) of this section, that persons engaged, in whole or in part, in the production of crude oil or natural gas—

(A) keep energy information in accordance with the accounting practices developed pursuant to section 503 of the Energy Policy and Conservation Act [42 U.S.C. 6383], and

(B) submit reports with respect to energy information kept in accordance with such practices.

The Administrator shall file quarterly reports with the President and the Congress compiled from accounts kept in accordance with such section 503 and submitted to the Administrator in accordance with this paragraph. Such reports shall present energy information in the categories specified in subsection (c) of such section 503 to the extent that such information may be compiled from such accounts. Such energy information shall be collected and such quarterly reports made for each calendar quarter which begins 6 months after the date on which the accounting practices developed pursuant to such section 503 are made effective.

(d) Confidential information

Upon a showing satisfactory to the Federal Energy Administrator by any person that any energy information obtained under this section from such person would, if made public, divulge methods or processes entitled to protection as trade secrets or other proprietary information of such person, such information, or portion thereof, shall be confidential in accordance with the provisions of section 1905 of title 18; except that such information, or part thereof, shall not be deemed confidential for purposes of disclosure, upon request, to (1) any delegate of the Federal Energy Administrator for the purpose of carrying out this chapter and the Emergency Petroleum Allocation Act of 1973 [15 U.S.C. 751 et seq.],¹ (2) the Attorney General, the Secretary of the Interior, the Federal Trade Commission, the Federal Power Commission, or the Government Accountability Office, when necessary to carry out those agencies' duties and responsibilities under this and other statutes, and (3) the Congress, or any committee of Congress upon request of the Chairman.

(e) Definitions

As used in this section:

(1) The term "energy information" includes (A) all information in whatever form on (i) fuel reserves, exploration, extraction, and energy resources (including petrochemical feedstocks) wherever located; (ii) production, distribution, and consumption of energy and fuels wherever carried on; and (B) matters relating to energy and fuels, such as corporate

structure and proprietary relationships, costs, prices, capital investment, and assets, and other matters directly related thereto, wherever they exist.

(2) The term “person” means any natural person, corporation, partnership, association, consortium, or any entity organized for a common business purpose, wherever situated, domiciled, or doing business, who directly or through other persons subject to their control does business in any part of the United States.

(3) The term “United States” when used in the geographical sense means the States, the District of Columbia, Puerto Rico, and the territories and possessions of the United States.

(f) Availability of energy information

Information obtained by the Administration under authority of this chapter shall be available to the public in accordance with the provisions of section 552 of title 5.

(g) Independent nature of authority to gather energy information

The authority contained in this section is in addition to, independent of, not limited by, and not in limitation of, any other authority of the Federal Energy Administrator.

EFFECTIVE DATE OF 1978 AMENDMENT

Amendment by Pub. L. 95-620 effective 180 days after Nov. 9, 1978, see section 901 of Pub. L. 95-620, set out as an Effective Date note under section 8301 of Title 42, The Public Health and Welfare.

EFFECTIVE DATE OF 1975 AMENDMENT

Pub. L. 94-163, title V, §505(b), Dec. 22, 1975, 89 Stat. 960, provided that: “The amendment made by sub-

section (a) to section 11(c) of the Energy Supply and Environmental Coordination Act of 1974 [subsec. (c) of this section] shall take effect on the first day of the first accounting quarter to which such practices apply.”

TRANSFER OF FUNCTIONS

Federal Energy Administration terminated and functions vested by law in Administrator thereof transferred to Secretary of Energy (unless otherwise specifically provided) by sections 7151(a) and 7293 of Title 42, The Public Health and Welfare.

The Federal Power Commission was terminated and its functions, personnel, property, funds, etc., were transferred to Secretary of Energy (except for certain functions transferred to the Federal Energy Regulatory Commission) by sections 7151(b), 7171(a), 7172(a)(1), 7291, and 7293 of Title 42.

§ 797. Enforcement

(a) Violations

It shall be unlawful for any person to violate any provision of section 792 of this title (relating to coal conversion and allocation) or section 796 of this title (relating to energy information) or to violate any rule, regulation, or order issued pursuant to any such provision.

(b) Penalties; injunctions; declaratory judgments

(1) Whoever violates any provision of subsection (a) shall be subject to a civil penalty of not more than \$2,500 for each violation.

(2) Whoever willfully violates any provision of subsection (a) shall be fined not more than \$5,000 for each violation.

(3) It shall be unlawful for any person to offer for sale or distribute in commerce any coal in violation of an order or regulation issued pursuant to section 792(d) of this title. Any person who knowingly and willfully violates this paragraph after having been subjected to a civil penalty for a prior violation of the same provision of any order or regulation issued pursuant to section 792(d) of this title shall be fined not more than \$50,000, or imprisoned not more than six months, or both.

(4) Whenever it appears to the Federal Energy Administrator or any person authorized by the Federal Energy Administrator to exercise authority under section 792 of this title or section 796 of this title that any individual or organization has engaged, is engaged, or is about to engage in acts or practices constituting a violation of subsection (a) the Federal Energy Administrator or such person may request the Attorney General to bring a civil action to enjoin such acts or practices, and upon a proper showing, a temporary restraining order or a preliminary or permanent injunction shall be granted without bond. In such action, the court may also issue mandatory injunctions commanding any person to comply with any provision, the violation of which is prohibited by subsection (a).

(5) Any person suffering legal wrong because of any act or practice arising out of any violation of subsection (a) may bring a civil action for appropriate relief, including an action for a declaratory judgment or writ of injunction. United States district courts shall have jurisdiction of actions under this paragraph without regard to the amount in controversy. Nothing in this paragraph shall authorize any person to recover damages.
