Executive Documents

CHANGE OF NAME

Ex. Ord. No. 13428, Apr. 2, 2007, 72 F.R. 16693, provided that the Caribbean National Forest in the Commonwealth of Puerto Rico, referred to in subsecs. (a) and (b)(2), is renamed the “El Yunque National Forest”.

§ 4503a. Institute of Pacific Islands Forestry

(a) Expansion

The Secretary shall expand the capabilities of and construct additional facilities, as funds are appropriated for the expansion and construction, at—

- (1) the Institute of Pacific Islands Forestry; and
- (2) tropical forests in the State of Hawaii.

(b) Tropical forestry plan

(1) In general

Not later than 1 year after the date of receipt by the Secretary of the action plan required by section 5(b)¹ of the Hawaii Tropical Forest Recovery Act, the Secretary shall prepare and submit to the Committee on Agriculture and the Committee on Natural Resources of the House of Representatives, the Committee on Agriculture, Nutrition, and Forestry of the Senate, and to the Committees on Appropriations of the House of Representatives and Senate, a tropical forestry plan to expand the capabilities of and construct additional facilities under subsection (a).

(2) Elements

The plan shall provide for—

(A) the establishment of a model center for research, demonstration, education, training, and outreach activities suitable for transferring scientific, technical, managerial, and administrative assistance to governmental and non-governmental organizations seeking to address problems associated with tropical forests within and outside the United States;

(B) the acquisition or construction of facilities for research, classroom instruction, and housing near an experimental tropical forest in the State of Hawaii;

(C) the acquisition or construction of facilities for the study and recovery of endangered tropical wildlife, fish, and plant species and the restoration of their habitats;

(D) the study of biological control of non-native species that degrade or destroy native forest ecosystems;

(E) achieving a better understanding of global climate change and the significance of achieving a reduction of greenhouse gases through research associated with the unique atmospheric conditions found in Hawaii and the Pacific Ocean;

(F) a review of the extent to which existing Federal forestry programs can be utilized to achieve the purposes of the plan; and

(G) the establishment of experimental tropical forests in the State of Hawaii as authorized by section 4503b of this title.

(3) Capability

In preparing elements of the plan that address paragraph (2)(F), the Secretary shall identify the capability of the plan—

(A) to promote a greater understanding of tropical forest ecosystem processes, conservation biology, and biodiversity management;

(B) to demonstrate the various benefits of maintaining a tropical forest reserve system;

(C) to promote sound watershed and forest management;

(D) to develop compatible land uses adjacent to protected natural areas; and

(E) to develop new methods of reclaiming and restoring degraded lands.

HAWAII TROPICAL FOREST RECOVERY TASK FORCE

Pub. L. 102-574, § 4, Oct. 29, 1992, 106 Stat. 4597, established the Hawaii Tropical Forest Recovery Task Force to study Hawaii's tropical forests, required the Task Force to submit an action plan for rejuvenating the forests one year after its first meeting, and terminated the Task Force 180 days after submission of the action plan.

§ 4503b. Hawaii Experimental Tropical Forest

(a) Definitions

As used in this section:

(1) Forest

The term “Forest” means the Hawaii Experimental Tropical Forest.

¹ See References in Text note below.

(2) Governor

The term “Governor” means the Governor of Hawaii.

(3) Lands

The term “lands” means lands, waters, and interests in lands and waters.

(4) State

The term “State” means the State of Hawaii.

(b) Establishment and management

At the request of the Governor, the Secretary shall establish and administer within the State a Hawaii Experimental Tropical Forest. The Forest shall be managed as—

(1) a model of quality tropical forest management where harvesting on a sustainable yield basis can be demonstrated in balance with natural resource conservation;

(2) a site for research on tropical forestry, conservation biology, and natural resource management; and

(3) a center for demonstration, education, training, and outreach on tropical forestry, conservation biology, and natural resources research and management.

(c) Delineation of location of Forest**(1) Identification of lands**

The Governor and the Secretary shall identify one or more suitable sites for the Forest in lands within the State. The identification of each site shall be based on scientific, ecological, administrative, and such other factors as the Governor and Secretary consider to be necessary or desirable to achieve the purposes of this section. Each site identified pursuant to the preceding sentence shall be of sufficient size and located so that the site can be effectively managed for Forest purposes.

(2) Exterior boundaries

The exterior boundaries of the Forest, including the boundaries of all sites identified for Forest purposes, shall be delineated on an official map. The map shall be available for public inspection in the office of the Administrator of the Division of Forestry and Wildlife of the Department of Land and Natural Resources of the State. The Governor and the Secretary may from time to time, by mutual agreement, amend the official map to modify the boundaries of the Forest.

(d) Authorities of Secretary**(1) In general**

To carry out the purposes of this section, the Secretary is authorized—

(A) to administer the Forest in cooperation with the Governor and affected State agencies;

(B) to make grants and enter into contracts and cooperative agreements with the Federal Government, the government of the State, local governments, corporations, non-profit organizations and individuals;

(C) to exercise existing authority with respect to cooperative forestry and research for Forest purposes; and

(D) to issue necessary rules and regulations or apply existing rules and regulations

applicable to areas administered by the Forest Service that are necessary or desirable to administer the Forest—

(i) for the purposes described in subsection (b);

(ii) to protect persons within the Forest; and

(iii) to preserve and protect the resources in the Forest.

(2) Land acquisition

The authority in section 1643 of this title shall be available to the Secretary to carry out this section.

(3) Statutory construction

Nothing in this section is intended to affect the jurisdiction of the State, both civil and criminal, over any person within the Forest by reason of the establishment of the Forest under this section, except in the case of a penalty for an offense against the United States.
