§ 460mm—4. Administration of recreation area

(a) Recreation, conservation, and resource development

The White Mountains National Recreation area established by this Act shall be administered by the Secretary in order to provide for public outdoor recreation use and enjoyment and for the conservation of the scenic, scientific, historic, fish and wildlife, and other values contributing to public enjoyment of such area. Except as otherwise provided in this Act, the Secretary shall administer the recreation area in a manner which in his judgment will best provide for (1) public outdoor recreation benefits; (2) conservation of scenic, scientific, historic, fish and wildlife, and other values contributing to public enjoyment; and (3) such management, utilization, and disposal of natural resources and the continuation of such existing uses and developments as will promote, or are compatible with, or do not significantly impair public recreation and conservation of the scenic, scientific, historic, fish and wildlife, or other values contributing to public enjoyment. In administering the recreation area, the Secretary may utilize such statutory authorities available to him for the conservation and management of natural resources as he deems appropriate for recreation and preservation purposes and for resource development compatible therewith.

(b) Withdrawal of lands from selection and mining; exceptions

The lands within the recreation area, subject to valid existing rights, are hereby withdrawn from State selection under the Alaska Statehood Act or other law, and from location, entry, and patent under the United States mining laws. The Secretary under such reasonable regulations as he deems appropriate, may permit the removal of the nonleasable minerals from lands or interests in lands within the recreation area in the manner described by section 387 of title 43, and he may permit the removal of leasable minerals from lands or interests in lands within the recreation areas in accordance with the mineral leasing laws, if he finds that such disposition would not have significant adverse effects on the administration of the recreation areas.

(c) Disposal of receipts

All receipts derived from permits and leases issued on lands or interest in lands within the recreation area under the mineral leasing laws shall be disposed of as provided in such laws; and receipts from the disposition of nonleasable minerals within the recreation area shall be disposed of in the same manner as moneys received from the sale of public lands.

SUBCHAPTER XCIX—ROBERT T. STAFFORD WHITE ROCKS NATIONAL RECREATION AREA

§ 460nn. Findings and purpose

(a) Congress finds that—

(1) Vermont is a beautiful but small and rural State, situated near four large cities with combined metropolitan populations of over fifteen million;

(2) geographic and topographic characteristics of Vermont provide opportunities for large numbers of people to experience the beauty of primitive areas, but also place unusual pressure to provide options to maximize the availability of such lands for a variety of forms of recreation;

(3) certain lands designated as the Big Branch and Peru Peak Wilderness Areas by title I of this Act are suitable for inclusion as part of the national recreation area; and

(4) certain other lands in the Green Mountain National Forest not designated as wilderness by this Act are of a predominantly roadless nature and possess outstanding wild values that are important for primitive and semiprimitive recreation, watershed protection, wildlife habitat, ecological study, education, and historic and archeological resources, and are deemed suitable for preservation and protection as part of a national recreation area.

(b) The purpose of this subchapter is to designate certain National Forest System lands in the State of Vermont as the Robert T. Stafford White Rocks National Recreation Area in order to preserve and protect their existing wilderness and wild values and to promote wild forest and aquatic habitat for wildlife, watershed protection, opportunities for primitive and semiprimitive recreation, and scenic, ecological, and scientific values.

§ 460nn-3. Administration**(a) Objectives**

Subject to valid existing rights, the Robert T. Stafford White Rocks National Recreation Area designated by this subchapter shall be administered by the Secretary of Agriculture in accordance with the findings and purpose of this subchapter and the laws, rules, and regulations applicable to the national forests in a manner compatible with the following objectives:

(1) the continuation of existing primitive and semiprimitive recreational use in a natural environment;

(2) utilization of natural resources shall be permitted only if consistent with the findings and purposes in this subchapter;

(3) preservation and protection of forest and aquatic habitat for fish and wildlife; and

(4) protection and conservation of special areas having uncommon or outstanding wilderness, biological, geological, recreational, cultural, historical or archeological, and scientific, or other values contributing to the public benefit.

(b) Mineral leasing laws

Notwithstanding any other provision of law, federally-owned lands within the Robert T. Stafford White Rocks National Recreation Area as designated by this subchapter are hereby withdrawn from all forms of appropriation under the mineral leasing laws, including all laws pertaining to geothermal leasing, and all amendments thereto.

(c) Hunting, fishing, and trapping

The Secretary shall permit hunting, fishing, and trapping on lands and waters under the Secretary’s jurisdiction within the boundaries of the national recreation area designated by this subchapter in accordance with applicable laws of the United States and the State of Vermont.

(d) Comprehensive management plan

Within eighteen months after June 19, 1984, the Secretary shall develop and submit to the Committee on Interior and Insular Affairs and the Committee on Agriculture of the United States House of Representatives and to the Committee on Agriculture, Nutrition, and Forestry of the United States Senate a comprehensive management plan for the national recreation area designated by this subchapter.

(e) Public participation in development of management plan

In conducting the reviews and preparing the comprehensive management plan required by subsection (d), the Secretary shall provide for full public participation, shall consider the views of all interested agencies, organizations, and individuals, and shall particularly emphasize the values enumerated in section 460nn(a)(4) of this title.
